The Red Lion. What's the matter? what's the fuss? what's loose

what's the cause of this mighty commotion!

Is the Jordan on fire? is the Lehigh dried up?

Have the mountains been set all in motion?

What does Jack yell about? what is got into Brown?

Why is all the world racing and running?—
It is the Red Lion, he lays himself down
With an air full of comfort and ounning;

He shakes his thick mane as if in great anger,

But not with intent to devour, For he merely roars out: where is friend Gange-And asks him the very same hour:

Who says that you had been chased out of the Square,

'Cause fifty more rocks had been kicking?

It cannot be true, for it would not be fair,

Unless through some partisan tricking.

This pleases old Gangwere, and puts him in cheer.
And he sings out: we'll make it all right, sir.
Had I but continued to take some one's beer,
I could stay where I was, without doubt, sir.

They think that the square is a magnet of might, Surpassing the North Pole's attraction, And draws to its focus, by day and by night The friends of a pure Malt-Decoction.

My "Pretzels" have always been splendid, they say,
And so was my "Swietzer"—by Jingo!
And Segars that I've frequently given away,
Are selling at 3 cents in Mingo. And had I not served up so "bully," indeed,

It would be "by golly" no wonder, That no one would follow me over the street. When others do serve over yonder Now, finally, friends and acquaintances, come And meet at the Red Lion nightly. Your old daddy Gangewer has plenty of room You'll find none so clever and sprightly.

And should his new cellar take fire, the flame Could be quenched with delicious lager And the fire in the stomach his lunches will tame,

Then mind and look out for AB. GANGWERE.

HOSTETTER'S STOMACH BITTERS.

The proprietors and manufacturers of HOS-TETTER'S CELEBRATED STOMACH BIT-TETTER'S CELEBRATED STOMACH BIT-TERS can appeal with perfect confidence to physicians and citizens generally of the United States, because the article has attained a repu-tation heretofore unknown. A few facts upon this point will speak more powerfully than volumes of bare assertion or blazoning puffery. The consumption of Hostetter's Sloinach Bit-ters for the last year amounted to over a half-million bottles, and from its manifest steady increase in times past, it is evident that during the coming year the consumption will reach the coming year the consumption will reach near one million bottles. This immense amount could never have been sold but for the rare medicinal properties contained in the preparation, and the sanction of the most prominent physicians in those sections of the country where the article is best known, who not only recommend the Bitters to their patients, but are ready at all times to give testimonials to its efficacy in all cases of stomachic derangements and the diseases resulting therefrom.

and the diseases resulting therefrom.

This is not temporary popularity, obtained by extraordinary efforts in the way of trumpeting the qualities of the Bitters, but a solid estimation of an invaluable medicine, which is destined to be as enduring as time itself.

Hostetter's Stomach Bitters have proved a Godsend to regions where fever and ague and regions after being a complaints have and various other bilious complaints have counted their victims by hundreds. To be able to state confidently that the "Bitters" are a certain cure for the Dyspepsia and like diseases, is to the proprietors a source of un-alloyed pleasure. It removes all morbid matter from the stomach, purifies the blood, and imparts renewed vitality to the nervous system, giving it that tone and energy indispensable for the restoration of health. It operates upon the stomach, liver, and other digestive organs, mildly but powerfully, and soon restores them

mildly but powerfully, and soon restores them to a condition essential to the healthy discharge of the functions of nature.

Ellierly persons may use the Bitters daily as per directions on the bottle, and they will find in it a stimulant peculiarly adapted to comfort declining years, as it is pleasant to the palate, invigorating to the bowels, excellent as a tonic, and rejuvenating generally. We have the evidence of thousands of aged men and women who have experienced the benefit of using this preparation while suffering from stomach depreparation while suffering from stomach de-rangements and general debility; acting under the advice of physicians, they have abandoned all deleterious drugs and fairly tested the merits of this article. A few words to the their cares are so harassing that many of them sink under the trial. The relation of mother and child is so absorbingly tender, that the mother, especially if she be young, is apt to forget her own health in her extreme anxiety for her infant. Should the period of maternity arrive during the summer season, the wear of body and mind is generally aggravated. Here, then, is a necessity for a stimulant to recuperate the energies of the system, and enable the mother to bear up under her exhausting trials and responsibilities. Nursing mothers generally prefer the Bitters to all other invigorators that receive the endorsement of physicians, because it is agreeable to the taste as well as certain to give a permanent increase

of hodily strength.

CAUTION.—We caution the public against using any of the many imitations or counterfeits, but ask for Hostetter's Celebrated Stomach Bitters, and see that each bottle has the words "Dr. J. We call the attention of the reader to the following letter from President Smith, of Wesleyan University: MIDDLETOWN, Conn., Feb. 28, 1859. SETH W. Having suffered for twenty years from a form of dyspepsia, which was attended with a nervous headache, on an average of not less than one day in a week, I was induced, by the unpretending recommendation of Dr. Green, "to try one bottle, and if no benefit was received to discontinue the use. The use of one bottle warranted a further trial, to the extent of some three or four, with a careful observance of the accompanying directions. The result was, an almost entire relief from the usual dyspeptic symptom and their depressing, painful consequences. I believe
