The Red Lion.

What's the matter? what's the fuse? what's loose what's up?
What's the cause of this mighty commotion!
Is the Jordan on fire? Is the Lehigh dried up?
Have the mountains been set all in motion?

What does Jack yell about? what is got into Brown? Why is all the world racing and running?—
It is the Red Lion, he lays himself down
With an air full of comfort and cunning;

He shakes his thick mane as if in great anger But not with intent to devour,
For he merely roars out: where is friend Gauga-

And asks him the very same hour : Who says that you had been chused out of the Who says that you be been kicking?
Cause fifty more rocks had been kicking?
It cannot be true, for it would not be fair,
Unless through some partisan tricking.

This pleases old Gangwere, and puts him in cheer, And he sings out: we'll make it all right, sir. Had I but continued to take some one's beer,

I could stay where I was, without doubt, sir. They think that the square is a magnet of might, Surpassing the North Pole's attraction, And draws to its focus, by day and by night The friends of a pure Malt-Decection.

My "Pretrels" have always been splendid, they say, And so was my "Swietzer"—by Jingo! And Segars that I've frequently given away, Are selling at 8 cents in Mingo.

And had I not served up so "bully," indeed, It would be "by golly" no wonder, That no one would follow me over the street, When others do serve over yonder.

Now, finally, friends and acquaintances, come And meet at the Red Lion nightly. Your old daddy Gangewor has plenty of room You'll find none so clever and sprightly.

And should his new cellar take fire, the finne Could be quenched with delicious lager And the fire in the stomach his lunches will tame, They mind and look out for

A. APPLE,

DRUCKERN BROWN'S

(CFOR THE PERMANENT CURE OF CONSUMPTION, BRONCHITIS, (ASTHMA, COUGHS, COLDS,) CENERAL DEBILITY, &C.)

This remedy is offered as affording a means of specuy cure for the large number, that die annually in our land of that fell scourge, Consumption, to which, uniorth-nately, so many predipposing causes exist. Youth and age are alike subject to its ravages.

CKEYERY PERSON

can name one or more of his acquaintances who is subject to some form of lung or throat complaint, which, if not attended to in scason, inevitably consigns the sufferer to a premature grave. To such, help is at hand if they will but avail themselves of it, and hope,—the har bluger of brighter days,—may be awakened without fear of chilling disappointment. Dr. O. Pintrie Bhown's Acacian Baisan does just what it claimed for it, and may be relied upon by the sick as being the most ancessful in curing lung and throat disorders, of any remody known at the present day. The many phaset assumed by Consumption justifies the apprehension of those who have readen to fear its approach, either from con-tituitional or hereditary tendency.

While the discoverer of this remedy does not believe that people should be constantly dosing themselves with medicines.

TO PREVENT SICKNESS, there are many cases where discase is too long allowed for remain unchecked in the system; and a slight coughing and a slight as simply an annoyance, ceases ruly with the life of the patient. An impure state of the blood, through debilitation of the lungs, illls the system with morbid humors, and pulsation becomes feetle or accolerated to a fewfuls intensity—the heart, liver, and kidneys, separately performing functions of vital necessity to our well-being, are impeded in their regular action—the digestive organs failer in their task, and refuse to perform the process of separating the nutritions elements from food, and the whole mental being is well-nigh ready to sink under the burden of life. The patient so afflicted, accounts his case a complication of disorders, and often refuses to resort to medication, from his thorough disbelled in any prospect of cure. To such

CY ASK THE TRIAL of the Acacian Baraas, as thoroughly worthy the confi-dence of all. Every symptom of Consumption is surely and permanently eradicated by its use. Its effects are none other but atrengthoning and renovating to the en-tire system. Broughtitis, Asthmas, Coughs, Colds, and General Ibeliuft, are effectually cured by its use. Night Sweats, Loas of Flesh, and Wasting away of the Muscles, Loas of Appetite, Soreness of the Throat, Chest, and Lungs, Liver Complaint, Palpitation of the Heart, Diffi-culty of Breathing—all these affections disappear in an incredibly short time after using Dr. O Phelps Brown's Acacian Balsam.

Acacian Balsam.

It nourishes and strongthens the patient who is too much reduced to partake of ordinary food. It heads all internal sores, tubercles, and inflammation. It strongthens, braces, and revitalizes the brain, and its without rival as a tonic, supplying electricity or magnetic force to every part of the enfeebled and prostrate body. It needs no longify trial to convince any that the ACACIAN BALBAM is truly the greatest remedy of the day, as its beneficial qualities are fully apparent in eight-and-lorry hours after trial.

nenciai qualities are funy apparent in eiger-additions after trial.

Let the invalid, then, no longer delay, but make the trial, and the result will surely be of the most gratifying olaractor.

The ACACIAN BAIRAN in prepared with the greatest care, and the best materials. No is pains or expouse are spared to make it what it is—the best known remedy of the age. It may be taken by either sax, of all ages, and at all seasons, with perfect safety; and it is none the less powerful in conquering those discesses which may the foundation and destroy thelives of so many in our midst. HOSTETTER'S STOMACH BITTERS.

The proprietors and manufacturers of HOSTETTER'S CELEBRATED STOMACH BITTERS can appeal with perfect confidence to physicians and citizens generally of the United States, because the article has attained a reputation heretofore unknown. A few facts upon this point will speak more powerfully than volumes of bare assertion or blazoning puffery. The consumption of Hostetter's Stomach Bitters for the last year amounted to over a halfters for the last year amounted to over a half-million bottles, and from its manifest steady increase in times past, it is evident that during the coming year the consumption will reach near one million bottles. This immense amount near one mittion potties. This immense amount could never have been sold but for the rare medicinal properties contained in the preparation, and the sanction of the most prominent physicians in those sections of the country where the article is best known, who not only where the article is nest known, who not only recommend the Bitters to their patients, but are ready at all times to give testimonials to its' efficacy in all cases of stomachic derangements and the diseases resulting therefrom. This is not a temporary popularity, obtained by extraordinary efforts in the way of trumpeting the qualities of the Bitters, but a solid estimation of an invaluable medicine, which is destined to be as enduring as time itself. Hostetter's Stomach Bitters have proved a Godsend to regions where fever and ague and various other bilions complaints have

counted their victims by handreds. To be able to state confidently that the "Bittern" are a certain cure for the Dyspepsing and like diseases, is to the proprietors a reaction in alloyed planeare. It removes all months matter from the stomach, parties the blood, and imparts renewed vitality to the nervous system. giving it that tone and energy indispensable for the restoration of health. It operates upon for the restoration of health. It operates upon the stomach, liver, and other digestive organs, mildly but powerfully, and soon restores them to a condition essential to the healthy discharge of the functions of nature.

Elderly persons may use the Bitters daily as per directions on the bottle, and they will find in it a stimulant peculiarly adapted to comfort declining years, as it is pleasant to the palute, invigorating to the bowels, excellent as a tonic, and rejuvenating generally. We have the wi-

and rejuvenating generally. We have the evidence of thousands of aged men and women who have experienced the benefit of using this preparation while suffering from stomach derangements and general debility; acting under the advice of physicians, they have abandoned all deleterious drugs and fairly tested the merits of this article. A few words to the gaulter see. There are cartain normals when gentler sex. There are certain periods when gentler sex. There are certain perious when their cares are so harassing that many of them sink under the trial. The relation of mother and child is so absorbingly tender, that the mother, especially if she her young, is apt to forget her own health in her extreme anxiety for her infant. Should the period of maternity arrive during the summer season, the wear of body and mind is generally aggravated. Here, body and mind is generally aggravated. Here, then, is a necessity for a stimulant to recuperate the energies of the system, and enable the mother to bear up under her exhausting trials and responsibilities. Nursing mothers generally prefer the Bitters to all other invigorators that receive the endorsement of physicians, because it is agreeable to the taste as vell as certain to give a permanent increase

well as certain to give a permanent increase of bodily strength.

All-those persons, to whom we have particularly referred above, to wit: sufferers, from fever and agic, caused by malaria, diarrhesa, dysentery, indigestion, loss of appetite, and all diseases or derangements of the stomach, superannuated invalids, persons of sedentary occupation, and nursing mothers, will consult their own physical welfare by giving to Hostetter's Celebrated Stomach Bitters a trial.

CAUTION.—We caution the public against using anylof the many imitations or counterusing any'of the many imitations or counterfeits, but ask for Hospetten's Celebrated Stomach Bittens, and see that each bottle has the words "Dr. J.
