PHILADELPHIA. CYRUS CARMANY, Proprietor. TO STAIN THE LINES

The proprietors and manufacturers of HOS-TETTER'S CELEBRATED STOMACH BIT-TERS can appeal with perfect confidence to physicians and citizens generally of the United States, because the article has attained a reputation heretofore unknown. A few facts upon this point will speak more powerfully than volumes of bare assertion or blazoning puffery. The consumption of Hostetter's Stomach Bitters for the last year amounted to over a half-million bottles, and from its manifest steady increase in times past, it is evident that during the coming year the consumption will reach near one million bottles. This immense amount could never have been sold but for the rare medicinal properties contained in the prepara-tion, and the sauction of the most prominent physicians in those sections of the country where the article is best known, who not only recommend the Bitters to their patients, but are ready at all times to give testimonials to its efficacy in all cases of stomachic derangements and the diseases resulting therefrom.

This is not a temporary popularity, obtained by extraordinary efforts in the way of trumpeting the qualities of the Bitters, but a solid estimation of an invaluable medicine, which is destined to be as enduring as time itself. Hostetter's Stomach Bitters have proved a Godsend to regions where fever and ague and various other bilious complaints have counted their victims by hundreds. To be able to state confidently that the "Bitters" are a certain cure for the Dyspopsia and like diseases, is to the proprietors a convec of unalloyed pleasure. It removes all hard from the stomach, purifies the blood, and imparts renewed vitality to the nervous system, giving it that tone and energy indispensable for the restoration of health. It operates upon the stomach, liver, and other digestive organs, to a condition essential to the healthy discharge

of the functions of nature. Elderly persons may use the Bitters daily as per directions on the bottle, and they will find per directions on the bottle, and they win had in it a stimulant peculiarly adapted to comfort declining years, as it is pleasant to the palate, invigorating to the bowels, excellent as a tonic, and rejuvenating generally. We have the evidence of thousands of aged men and women who have experienced the benefit of using this proparation while suffering from stomach de-rangements and general debility; acting under the advice of physicians, they have abandoned all deleterious drugs and fairly tested the merits of this article. A few words to the gentler sex. There are certain periods when their cares are so harassing that many of them sink under the trial. The relation of mother and child is so absorbingly tender, that the mother, especially if she be young, is apt to forget her own health in her extreme anxiety for her infant. Should the period of maternity arrive during the summer season, the wear of body and mind is generally aggravated. Here, then, is a necessity for a stimulant to recuperate the energies of the system, and enable the mother to bear up under her exhausting trials and responsibilities. Nursing mothers generally prefer the Bitters to all other invigorators that receive the endorsement of physicians, because it is agreeable to the taste as well as certain to give a permanent increase

well as certain to give a permanent increase of bodily strength.

All those persons, to whom we have particularly referred above, to wit: sufferers from fever and ague, caused by malaria, diarrhom, dysentery, indigestion, loss of appetite, and all diseases or derangements of the stomach, superannuated invalids, persons of sedentary occupation, and nursing mothers, will consult their own physical welfare by giving to Hos-tetter's Celebrated Stomach Bitters a trial.

CAUTION .- We caution the public against using any of the many imitations or counterfeits, but ask for Hostetter's Celebrated Stomach Bitters, and see that each bottle has the words "Dr. J. Hostetter's Stomach Bitters' blown on the side of the bottle, and stamped on the metallic cap covering the cork, and observe that our autograph signature is on the label. **

We call the attention of the reader to the following letter from President Smith, of Wesleyan University MIDDLETOWN, Conn., Feb. 28, 1859.

SETH W. FOWLE & Co. - Gentlemen: - I first made use of the Oxygenated Bitters some seven or eight years since. Having suffered for twenty years from a form of dyspensia, which was attended with a nervous headache, on an average of not less than one day in a week, I was induced, by the unpretending recommendation of Dr. Green, "to try one bottle, and if no benefit was received to discontinue the use." The use of one bottle warranted a further trial, to the

extent of some three or four, with a careful observance of the accompanying directions. The result was, an almost entire relief from the usual dyspeptic symptoms and their depressing, painful consequences. I believe these Bitters produced an entire change in the habits of my system, and upon the active energies of the digestive organs. I now deem myself as exempt from Dy as most persons. These Bitters have also been of sea vice to other members of my family. Very respectfully yours,

AUGUSTUS W. SMITH. THE OXYGENATED BITTERS. THE OXYGENATED BITTERS.

STODDARD, N. H., Sept. 30, 1859. Messrs. SETH W. FOWLE & Co., Gents: — I was, for many years, a great sufferer from Dyspepsia or Waterbrash, and tried almost everything within my reach, but to no benefit, until I was induced by the recommendation of my physician, Dr. Hazelton, to make use of the Oxygenated Bitters. The first bottle produced but a slight alteration in the disease, and had t not been for the urgent request of my physician, should then have discontinued their use, thinking them to be of no avail; but his confidence inspired me to persevere, and after using to the extent of half a dozen bot tles, I had entirely regained my health. I hone all trial, being confident that the remedy is the most potent, for the various forms of Dyspepsia, that has been produced. Yours, - STEARNS FOSTER.

This remedy is offered as affording a means of specay cure for the large-number that die annually in our land of that fell scourse, Consumption, to which, unfortunately, so many prodisposing causes exist. Youth and age are alike subject to its ravages.

can name one or more of his acquaintances who is subject to some form of lung or throat complaint, which, if not attended to in season, inevitably consigns the sufferer to a premature grave. To such, help is at hand if they will but avail themselves of it, and hope,—the has binger of brighter days,—may be awakened without fear of childing disappointment. Dr. O. Punchs Buswa's ACACIAN BAIAAN does just what is claimed for it, and may be relied upon by the sic as being the most successful in curing lung and throat disorders, of any remedy known at the present day. The many phases assumed by Consumption justifies the apprehension of those who have reason to lear its appreach, either from constitutional or hereditary tendency.

While the discoverer of this remedy does not believe that people shoul? be constantly dosing themselves with medicines

(TO PREVENT SICKNESS,) there are many cases where disease is too long allowed to remain unchecked in the system; and a slight cough, regarded at first as simply an annoyance, ceases only with the life of the patient. An impure state of the blood, through debilitation of the lungs, fills the system with morbid humors, and pulsation becomes feeble or accelerated to a feverish intensity—the heart, liver, and kidneys, separately performing functions of vital necessity to our well-being, are impected in their regular action—the digestive organs failer in their task, and refuse to perform the process of separating the nutritions elements from food, and the whole mental being is well-nigh ready to sink under the burden of life. The patients os afflicted, accounts his case a complication of disorders, and often refuses to resort to medication, from his thorough disbellef in any prospect of cure. To such

cefuses to resort to medication, from his thorough disbelief in any prospect of cure. To such

of the Acacian Baisan, as thoroughly worthy the coafdence of all. Every symptom of Consumption is surely
and permanently eradicated by its use. Its effects are
none other-but strengthening and renovating to the entire system. Bronchitis, Asthma, Coughs, Colds, and
General Debility, are effectually cured by its use. NightSweats, Loss of Flesh, and Wasting away of the Muscles,
Loss of Appetite, Soreness of the Throat, Chest, and
Lungs, Liver Complaint, Palpitation of the Heart, Difficulty of Breathing—all these affections disappear in an
incredibly short time after using Dr. O. Phelps Brown's
Acacian Baisam.

It nourishes and strengthens the patient who is too
much reduced to partake of ordinary fond. It heals all
internal sores, tubercles, and inflammation. It strengthens, braces, and revitalizes the brain, and is without a
rival as a tonle, supplying electricity or magnetic force
to overy part of the enfeebled and prostrate body. It
needs no lengthy trial to convince any that the ACACIAN
BAISAM is truly the greatest remedy of the day, as its
benedical qualities are fully apparent in eight-and-forty
hours after trial.

Lat the lovalid, then, no longer delay, but
make the trial, and the result will surely be
of the most grafifying character.

The ACACIAN BAISAM is prepared with the
greatest care, and the best materials. No
pains or expense are spared to make it what
it is—the best known remedy of the age, it
may be taken by either sex, of all ages, and
at all seasons, with perfect eafoty; and it is
none the less powerful in conquering those discases which sap the foundation and destroy
the lives of so many in our midst. Every family
chould have it, and regard it as a household
treasure.

Crackers are manufactured.

DR. JAMES U. COLEMAN'S CERTIFICATE.

The Wine Crackers manufactured by A. Exton, of Trenton, N. J. are composed of wheat flour, sugar, butter, Inrd, lemon and common adt. The delicacy of taste, lightness and crispness depend altogether upon the purity of material, mixing and baking.—
They are easy of digestion, nutritive, and palatable, are excellent food for the sick as well as those in perfect health. The Water Crackers are equally pure. Their superior quality is owing to the skill with which they are manufactured.

The Red Lion. Vhat's the matter? what's the fuse? what's loose? what's up?
What's the cause of this mighty commotion!
Is the Jordan on fire? is the Lehigh dried up?
Have the mountains been set all in motion?

What does Jack yell about? what is got into Brown?
Why is all the world racing and running?—
It is the Red Lion, he lays himself down
With an air full of comfort and cunning; He shakes his thick mane as if in great anger

But not with intent to devour, For he merely roars out: where is friend Gange-And asks him the very same hour: Who says that you had been chased out of the

Square,
'Cause fifty more rocks had been kicking?'
t cannot be true, for it would not be fair, Unless through some partisan tricking. This pleases old Gangwere, and puts him in cheer-And he sings out: we'll make it all right, sir.
Had I but continued to take some one's beer,
I could stay where I was, without doubt, sir.

They think that the square is a magnet of might, Surpassing the North Pole's attraction, And draws to its focus, by day and by night The friends of a pure Malt-Decection.

My "Pretzels" have always been splendid, they say, And so was my "Swietzer"—by Jingo! And Segars that I've frequently given away, Are selling at 3 cents in Mingo. And had I not served up so "bully," indeed,

It would be "by golly" no wonder, That no one would follow me over the street, When others do serve over yonder.

You'll find none so clever and sprightly And should his new-cellar take fire, the flame Could be quenched with delicious lager And the fire in the stomach his lunches will tame, Then mind and look out for
