STOMACH BITTERS.

The proprietors and manufacturers of HOS-TETTER'S CELEBRATED STOMACH BIT-TERS can appeal. with perfect, confidence to physicians and oitizens generally of the United States, because the article has attained a repu-

States, because the article has attained a repre-intion heretofore, unknown, A few facts upon this point will speak, more nowerfully, than, volumes of bare associan or blazoning puffery. The consumption of Hostetter's Stomach Bit-ters for the last year anounted to over a half-inillion bottles, and from its innifest stoady increase in times past, it is evident that during the coming year, the consumption will reach near one million bottles. This immense amount could never have been sold but for the rare could never have been sold but for the rare medicinal properties contained in the preparaby sicians in the saction of the most prominent physicians in these sections of the country where the article is best known, who not only where the article is best known, who not only recommend the Bitters to their patients, but are ready at all times to give testimonials to its efficacy in all cases of stomachic derangements and the diseases resulting therefrom.

This is not a temporary popularity, obtained by extraordinary efforts in the way of truni-peting the qualities of the Bitters, but a solid estimation of an invaluable medicine, which is destined to be as enduring as time itself. Hostetter's. Stomach Bitters have proved

a Godsend to regions where fever and ague and various other bilious complaints have counted their victims by hundreds. 'To be able to state confidently that the "Bitters' are a certain cure for the Dyspepsia and like diseases, is to the proprietors a source of unalloved pleasure. It removes all morbid matter from the stomach, purifies the blood, and imparts renewed vitality to the nervous system. giving it that tone and energy indispensable for the restoration of health. It operates upon the stomach, liver, and other digestive organs, mildly but powerfally, and soon restores them to a condition essential to the healthy discharge

of the functions of nature, Elderly persons may use the Bitters daily as per directions on the bottle, and they will find in it a stimulant peculiarly adapted to comfort In it is stitution to be definite a control doolling years, as it is pleasant to the palate, invigorating to the bowels, excellent as a tonio, and rejuvenating generally. We have the evi-dence of thousands of aged men and women who have experienced the benefit of using this

who have experienced the benefit of using this preparation while suffering from stomach de-rangements and general debility; acting under the advice of physicians, they have abandoned all deleterious drugs and fairly tested the merits of this article. A few words to the gentler sex. There are certain periods when their cares are so harassing that many of them sink under the trial. The relation of mother

and child is so absorbingly tender, that the mother, especially if she be young, is apt to forget her own health in her extreme anxiety for her infant. Should the period of maternity arrive during the summer season, the wear of body and mind is generally aggravated. Here, then, is a necessity for a stimulant to recupe rate the energies of the system, and enable the mother to bear up under her exhausting trials and responsibilities. Nursing mothers gene-rally prefer the Bitters to all other invigora-tions the upside the contemporate of shore

tors that receive the endorsement of physicians, hecause it is agreeable to the taste as well as certain to give a permanent increase

well as certain to give a permanent increase of bodily strength. All those persons, to whom we have particu-larly referred above, to wit: sufferers from fever and ague, caused by malaria, diarrhea, dysentery, indigestion, loss of appetite, and all diseases or derangements of the stomach, superannuated invalids, persons of sedontary occupation, and nursing mothers, will consult their own physical wafers by giving to Hea-

their own physical welfare by giving to Hos-tetter's Celebrated Stomach Bitters a trial. CAUTION.-We caution the public against using any of the many imitations or counter-feits, but ask for MOSTETTER'S CELEBRATED

Read the Certificate of Dr. James B. Coleman, of Trenton, N. J. where the Crackers are manufactured. DR. JAMES B. COLEMAN'S CRATIFICATE. The Wine Crackers manufactured by A. Exton, of Trenton, N. J. are composed of wheat flour, sngar, butter, lard, lemon and common salt. The delicacy of task, lightness and crispness depend altogether upon the purity of material, mixing and baking.— They are anay of digestion, nutritive, and palatable, are excellent food for the sick as well as those in per-fect health. The Water Crackers are equally pure. Their superior quality is owing to the skill with which they are finandatured. JAMES B. COLEMAN. Allentown, March 14, 1860. — 6m **Dyspepsia Remedy** DR. I was induced, by the untretending rec commendation of Dr. Green, " to sty one bottle, and if no benefit was received to discontinue the use." The use of one bottle warranted a further trial, to the extent of some three or four, with a careful observance of the accompanying directions. The result was, an almost ontire relief from the usual dyspeptic sympto and their depressing, painful consequences. I believe these Bitters produced an entire change in the habits of my system, and your the active energies of the digestive organs. I now doen myself as exempt from Dyspepsia as most persons. These Bitters have also been of set vice to other members of my family.

Very respectfully yours, AUGUSTUS W. BMITH.

Meesrs, SETH W. FOWLE & Co., Gents : - I was, for many years, a great sufferer fro Dysponsia or Waterbrash, and tried almost overything within my reach, but to no benefit, until I was induced by the recommendation of my physician, Dr. Hazelton, to make use of the Oxygenated Bitters. The first buttle produced but a slight alteration in the disease, and had it not been for the urgent request of my physician, I inued their use, thir uld then have disc to be of no avail; but his confidence inspired me to persovero, and after using to the extent of half a dozen bottics, I had entirely regained my health. I hope all Dyspeptic persons will be induced to give them a fair trial, being confident that the remedy is the most potent, for the various forms of Dyspepsia, that has been pro-

duced. Yours, *STEARNS FOSTER.
