The Red Lion. What's the matter? what's the fuse? what's loose What's the cause of this mighty commotion.

Is the Jordan on fire? is the Lehigh dried up?

Have the mountains been set all in motion What does Jack yell about? what is got into Brown?
Why is all the world racing and running?—
It is the Red Lion, he lays himself down
With an air full of comfort and cunning;

He shakes his thick mane as if in great augor,
But not with intent to devour,
For he merely roars out: where is friend Gange And asks him the very same hour:

Who says that you had been chased out of th Square,
Cause fifty more rocks had been kicking? It cannot be true, for it would not be fair, Unless through some partisan tricking.

This pleases old Gangwere, and puts him in cloer.
And he sings out: we'll make it all right, sir.
Had I but continued to take some one's bee,
I could stay where I was, without doubt, sir.

They think that the square is a magne of might, Surpassing the North Pole's attraction, And draws to its focus, by day and by night The friends of a pure Malt-Decoction.

My "Pretzels" have always been splendid, they say,
And so was my "Swietzer"—by Jingo!
And Segars that I've frequently given away,
Are selling at 3 cents in Mingo. And had I not served up so "bully," indeed,

It would be "by golly" no wonder, That no one would follow me over the street, others do serve over yonder. Now, finally, friends and acquaintances, come And meet at the Red Lion nightly.

Your old daddy Gangewer has plenty of room
You'll find none so clever and sprightly.

And to the highest collar take fire, the flame
Could be realled with delictors lagor
And the fire in the samesh his lunches will tame,
Then mind and look out for
AB. GANGWERE.

MITTER'S

The propelators and manufacturers of HOS-TETTER'S CELEBRATED STOMACH BIT-TERS can exped with perfect confidence to physicians and citizens generally of the United States, because the article has attained a repu-States, because the article has attained a reputation heretofore unknown. A few facts upon this point will speak more powerfully than volumes of bare assertion or blazoning puffery. The consumption of 'Hostotter's Stomach Bitters for the last year amounted to over a half-million bottles, and from its manifest steady increase in times past, it is evident that during the coming year the consumption will reach near one million bottles. This immense amount could never have been sold but for the rare medicinal properties contained in the propara-tion, and the sanction of the most prominent tion, and the sanction of the most prominent physicians, in those sections of the country where the article is best known, who not only recommend the Bitters to their patients, but are ready at all times to give testimonials to its efficacy in all cases of stomachic derangements and the diseases resulting therefore. efficacy in all cases of stemants terranged and the diseases resulting therefrom.

This is not a temporary popularity, obtained by extraordinary efforts in the way of trumpeting the qualities of the Bitters, but a solid estimation of an invaluable medicine, which is

estimation of an invaluable medicine, which is destined to be as enduring as time itself.
Hostetter's Stomach Bitters' have proved a Godsend to regions where fever and ague and various other bilieus complaints have counted their victims by hundreds. To be able to state confidently that the "Bitters' and like are a certain cure for the Dyspepsia and like diseases, is to the proprietors a source of un-alloyed pleasure. It removes all morbid matter from the stomach, purifies the blood, and imparts renewed vitality to the nervous system. giving it that tone and energy indispensable for the restoration of health. It operates upon the stomach, liver, and other digestive organs, ildly but powerfully, and soon restores them to a condition essential to the healthy discharge of the functions of nature.

of the functions of nature.

Elderly persons may use the Bitters daily as per directions on the bottle, and they will find in it actimulant peculiarly adapted to comfort declining years, as it is pleasant to the palate, invigorating to the bowels, excellent as a tonic, invigorating acceptable. We have the eviinvigorating to the bowels, excellent as a tonic, and rejuvenating generally. We have the evidence of thousands of aged men and women who have experienced the benefit of using this preparation while suffering from stomach derangements and general debility; acting under the advice of physicians, they have abandoned all deleterious drugs and fairly tested the merits of this article. A few words to the gentler sex. There are certain periods when their cares are so harasing that many of them sink under the trial. The relation of mother and child is so absorbingly tender, that the and child is so absorbingly tender, that the mother, especially if she be young, is ant to forget her own health in her extreme anxiety for her infant. Should the period of maternity arrive during the summer season, the wear of body and mind is generally aggravated. Here, theu, is a necessity for a stimulant to recuporate the energies of the system, and enable the mother to bear up under her exhausting trials and responsibilities. Nursing mothers gene-rally prefer the Bitters to all other invigorators that receive the endorsement of physicians, because it is agreeable to the taste as well as certain to give a permanent increase

of bodily strength.

All those persons, to whom we have particularly referred above, to wit: sufferers from fever and ague, caused by malaria, diarrhea, dysentery, indigestion, loss of appetite, and all disenses or derangements of the stomach, superannuated invalids, persons of sedentary occupation, and nursing mothers, will consult their own physical welfare by giving to Hostetter's Celebrated Stomach Bitters a trial.

CAUTION.—We caution the public against using any of the many imitations or counterof bodily strength. using any of the many imitations or counterfeits, but ask for Hostetten's Celebrated Stomach Bitters, and see that each bottle has the words 'Dr. J. Hostetter's Stomach Bitters' blown on the side of the bottle, and stamped on the metallic cap covering the cork, and observe that our autograph signature is on the label.

Prepared and sold by HOSTETTER & SMITH, Pittsburgh, Pa., and sold by all druggists, grocers, and dealers, generally throughout the United States, South America, and Germany.

To such, help, is at hand if they will but avail themselves of it, and lope.—the har binger of brighter days.—may be awakened without fear of chilling disappointment. Dr. O. Pheirs Bhown's Acacian Baiaan does just what is claimed for it, and may be relied upon by the sick as being the most successful in curing lung and throat disorders, of any remedy known at the present day. The many phases assumed by Consumption justifies the apprehension of those who have reason to fear its approach, either from constitutional or hereditary tendency.

While the discoverer of this remedy does not believe that people should be constantly dosing themselves with medicines

TO PREVENT SICKNESS, there are many cases where disease is too long allowed to remain unchocked in the system; and a slight cough, regarded at first as simply an annoyance, ceases unity with the life of the patient. An impure state of the blood through debilitation of the lungs, fills the system with morbid humors, and pulsation becomes feeblo or accelerated to a feverish intensity—the heart; liver, and kidneys, separatoly performing functions of vital necessity to our well-being, are imposed in their regular action; the digestive organs failur in their task, and refuse to perform the process of separating the nutritions element from food; and the whole mental being is well-nigh rendy to sink under the burden of life. The patient so afflicted, accounts his case complication of disorders, and often refuses to resort to medication, from his thorough disbutief in any prospect of cure. To such
