can name one or more of his acquaintances who is sub-ject to some form of lung or throat complaint, which, if not attended to in scaam, inevitably consigns the suf-ferer to a premature grave. To such, help is at hand if they will but avail themselves of it, and hope,—the har binger of brighter days,—may be awakened without fear of ohilling disappointment. Dr. O. Puezra Bkows's ACATAN BAISAN does just what is claimed for it, and may be rolied upon by the side as being the most auccess-ful in curing lung and throat disorders, of any remedy known at the present day. The many phases assumed by Consumption justifies the approach of these who have reason to fear its approach, either from constitu-tional or hereditary tendency. HOSTETTER'S STOMACH BITTERS.

The proprietors and manufacturers of HOS-TETTER'S CELEBRATED STOMACH BIT-TERS can appeal with perfect confidence to physicians and citizens generally of the United States, because the article has attained a repu-States, because the article has attained a repu-tation heretofore unknown. A few facts upon this point will speak more powerfully than volumes of bare assertion or bhazoning puffery. The consumption of Hostetter's Stomach Bit-ters for the last year amounted to over a half-million bottles, and from its manifest steady increase in times past, it is evident that during the coming year the consumption will reach near one million bottles. This immense amount could never been sold but for the rare medicinal proparties contained in the preparamedicinal properties contained in the prepara-tion, and the sanction of the most prominent physicians in those sections of the country where the article is best known, who not only recommend the Bitters to their patients, bu are ready at all times to give testimonials to its ency in all cases of stomachic derangements and the diseases resulting therefrom.

This is not a temporary popularity, obtained by extraordinary efforts in the way of trum-peting the qualities of the Bitters, but a solid estimation of an invaluable medicine, which i destined to be as enduring as time itself. Hostettor's Stomach Bitters have proved

a Godenit of regions where fover and ague and various other bilieus complaints have counted their victims by hundreds. To be able to state confidently that the "Bitters" are a certain cure for the Dyspepsia and like discases, is to the proprietors a source of un-alloyed pleasure. It removes all morbid matter from the stomach, purifies the blood, and imparts renewed vitality to the nervous system, for the restoration of health. It operates upon the stomach, liver, and other digestive organs, mildly but powerfully, and soon restores them to a condition essential to the healthy discharge

of the functions of nature. Elderly persons may use the Bitters daily as per directions on the bottle, and they will find in it a stimulant peculiarly adapted to comfort declining years, as it is pleasant to the palate, inviccenting to the bowels excellent on a topic defining years, as it is pleasant to the palate, invigorating to the bowels, excellent as a tonic, and rejuvenating generally. We have the evi-dence of thousands of aged men and women who have experienced the benefit of using this preparation, while suffering from stomach de-rangements and general debility; acting under the advice of physicians, they have abandoned all deleterious deuge and failet tested the the advice of physicians, they have abandoned all deleterious drugs and fairly tested the merits of this article. A few words to the gentler sex. There are certain periods when their enres are so harassing that many of them sink under the trial. The relation of mother and child is so absorbingly tender, that the mother, especially if she be young, is apt to forget her own health in her extreme anxiety for her infant. Should the period of maternity arrive during the summer season, the wear of body and mind is generally aggravated. Here, then, is a necessity for a stimulant to recuperate the energies of the system, and enable the nother the energies of the system, and enable the mother to bear up under her exhausting trials and responsibilities. Nursing mothers gene-rally prefer the Bitters to all other invigora-tors that receive the endorsement of physicians, because it is agreeable to the taste as well as certain to give a permanent increase of bodily strength.

All those persons, to whom we have particu-larly referred above, to wit: sufferers from forer and ague, caused by malaria, diarrhea, dysentery, indigestion, loss of appetite, and all diseases or derangements of the stomach,

all diseases or derangements of the stomach, superannuated invalids, persons of sedentary occupation, and nursing mothers, will consult their own physical welfare by giving to Hos-tetter's Celebrated Stomach Bitters a trial. CAUTION.—We caution the public against using any of the many imitations or counter-feits, but ask for HOSTETTER'S CELEBRATED STOMACH BUTTERS and see that see the trial but STOMACH BITTERS, and see that each bottle has the words "Dr. J. Hostetter's Stomach Bitters" blown on the side of the bottle, and stamped on the metallic cap covering the cork, and observe that our autograph signature is on the label.

remedy THE OXYGENATED BITTERS, THE OXYGENATED BITTERS, CONTAINING NO ALCOHOL.

Reliable Testimony. We call the attention of the reader to the following

letter from President Smith, of Wesleyan University : MIDDLETOWN, Conn., Feb. 28, 1859. SZTH W. FOWLE & Co. - Gentlemen : - I first

made use of the Oxygenated Bitters some seven or eight years since. Having suffered for twenty years from a form of dyspepsia, which was attended with a nervous headache, on an average of not less than one day in a week, I was induced, by the unpretending recommendation of Dr. Green, "to try one bottle, and if no benefit was received to discontinue the use." The use of one bottle warranted a further trial, to the

extent of some three or four, with a careful observance of the accompanying directions. The result was, an almost entire relief from the usual dyspeptic symptoms and their depressing, painful consequences. I believe these Bitters produced an entire change in the habits of my system, and upon the active energies of the digestive organs. I now deem myself as exempt from Dy as most persons. These Bitters have also been of service to other members of my family.

Very respectfully yours, AUGUSTUS W. BMITH.

STODDARD, N. H., Sept. 30, 1859. Mesare. SETH W. FOWLE & Co.,

Gents : - I was, for many years, a great sufferer from Dyspepsia or Waterbrash, and tried almost everything within my reach, but to no benefit, until I was induced by the recommendation of my physician, Dr. Hazelto to make use of the Oxygenated Bitters. The first bottle produced but a slight alteration in the disease, and had it not been for the urgent request of my physician, I should then have discontinued their use, thicking them to be of no avail ; but his confidence inspired me to perovere, and after using to the extent of half a dozen bottles, I had entirely regained my health. I hope all Dyspeptic persons will be induced to give them a fair trial, being confident that the remedy is the most potent, for the various forms of Dyspepsia, that has been proluced. Yours,

STEARNS FOSTER. OXYGENATED BITTERS. - To such of our readers as are troubled with the debility incident to the approach of warm weather, we cordially recommend the use of the Oxygenated Bitters as an invigorating tonic, -- containing no alcohol in its composition, and possessing more real merit than any preparation of the kind we

have over known. - Ogdensburg Republican. THE OXYGENATED BITTERS. THE OXYGENATED BITTERS, PREPARED BY S. W. POWLE & CO.,

Crackers are manufactured. DR. JANES B. COLEMAN'S CERTIFICATE. The Wine Cruckers manufactured by A. Exton, of Trenton, N. J. are composed of wheat flour, sugar, butter, lard, lemon and common sait. The delicacy of taste, lightness and crispness depend altogether upon the purity of material, mixing and baking.— They are easy of digestion, nutritive, and palatable, are excellent food for the sick ats well as those in per-fect health. The Water Crackers are equally pure. Their superior quality is owing to the skill with which they are manufactured. JAMES B. COLEMAN.
