pronective the twaddle of our Union saving politicians all "gammon." One gentleman politicians all "gammon." One gentleman from Virginia frankly admitted that he would nuch rather see Lincoln elected than Douglas because he regarded Lincoln as an honest man

question of political economy.

One of our most prominent Democrats asked Mr. Douglas at Easton whether he thought there was any possible chance or hope for his or Mr. Breckinridge's election either by the people or through the House of Representatives, and he answered frankly that there was no shance for either him or Mr. Breckinridge,

VIOT.—A prisoner, in the custody of the Sheriff of Bradford county, escaped from the down Passenger train on the Catawissa Railroad last Passenger train on the Catawissa Railroad last Friday morning about 4 o'clock, within half a mile of Port Clinton. The prisoner, whose name is Burton H. Barrett, had been arrested and convicted on the charge of horse-steeling and sentenced to ten years' imprisonment in the Eastern Penitentiary, to which place the last training and the control of the prison of the control of the control of the Republicans of Lehigh sleep, when their dearest interests are at state? Why will they when they have the prize and convicted on the charge of horse-stealing and sentenced to ten years' imprisonment in the Eastern Penitentiary, to which place the Sheriff was conveying him when he made his escape. He managed to break off the iron bars which were placed inside the window and then putting his shackled legs out of the car, jumped upon the ground, while the train was in motion. As soon as his absence was was in motion. As soon iscovered, search was made, but no clue to him could be ascertained. The Sheriff offered for his arrest, and different a reward of 50 for his arrest, and different parties went out to search for him. He was nally arrested yesterday afternoon, near the the place of his escape, by a person from Port Clinton, and is again safe in custody. The Sheriff had three other prisoners in charge, none of whom, however, attempted to escape. It is somewhat remarkable that a person. wh legs were shackled, should escape through the window of a car while in motion, and receive We are informed that this prison er eluded the vigilance of the police officers for two years before he was arrested on the chargo for which he has been at last convicted.

SEASON ABLE ADVICE .- With the change of seasons from Summer to Autum, comes lengthening of days and a change of weather. Now the nights are long and comfortable, and delicate persons close their windows, and there is much sound sleeping, and there are many remarks as to the change. But delightful as the season is upon which we have just entered, it is none the less an excellent time to be care-Fall colds are proverbial, and it is just at this changing season, when stepping from warm nights to cool ones, that persons should be most careful in matters of clothing, and observe with unusual attention the misterie of diet. Now it behooves all who can, to take exercise, and restore that strength which may have been drawn from the system by the enervating heats of summer. And now, be observed, is the time to keep out of the night air, when too near rivers, or marshy grounds,

CARBON COUNTY NOMINATIONS .- The facts upon which I base this estimate The Republicans of Carbon county met in convention on Monday last and nominated the following ticket:

| Application | Carbon county met in as follows: First, the Bell men, almost man, will vote for Curtin; second, Curtin get at least 2,000 Douglas votes. I convenient to the convenient of the county of the convenient mbly—James Lewis, of Lausanne.

Commissioner-Adam Cristman, of Penn Coroner—Frederick Geitz, of Mauch Chunk.

Auditor, (3 years)—Geo. Johnson, of Banks.
" (1 year)—Levi Wentz of L. Tawa-Director - Jonathan Simpson, of Sumunit

The ticket is said to be the strongest nominated for many years.

JUST THE TIME TO ADVERTISE .-All seasons are good for Advertising, but the Fall is usually the very best. Dull times are as good as any other for the advertisers, for what little is going on they get; and while others are grumbling, they pay their way, and with the newspaper for a life-preserver, swim on the top of the water while others around them are sinking. Advertising is the very sun-shine of business and those who neglect to profit by it, will, after a life of dullness nd adversity, discover the important secret that a man makes very little out of this world unless he lets people know that he is in it,

BE ASSESSED.—Republicans, if you have any neighbors who are not assessed, and who are right on the great questions of the day, constitute yourself "a committee of one," and attend to the matter immediately. If a voter is not assessed ton days preceding the election and wishes to vote, he must produce a receipt, that he has paid a state and county tax within two years, and swear to a residence in the district of ten days preceding the election, or produce other proof thereof, or swear to both, if he cannot show a receipt from the tax collector.

A FINE STORE.—We invite particular attention to the Card of Messrs. Thornley & Chism, dry goods dealers, 8th and Spring Garden Sts., Philadelphia which appears in another column. The firm have lately made considerable alterations and improvements in their 'establishment and their store is now one of the neatest and most admirably arranged in the city. The "One Price" Principle upon which the business of Messrs T. & C. is iducted is very satisfactory to patrons, affording as it does justice to buyer and seller

TOMATOES.—As the tomato season is here, the following mewood of preparing them for the table we are assured by one who has made the experiment, is superior to anything yet discovered for the preparation of that article. Take good ripe tomatoes, cut tom in slices, and sprinkle over them finely pulverned white sugar, then add claret wine sufficient a cover them. Tomatoes are prepared in this way with disaded vinegar, but the claret wine imparts to the tomato richer flavor, more nearly reto the tomato richer flavor, more nearly resembling the strawberry than anything else.

NORTH WHITEHALL, Sept. 12th, 1860. Why will they, when they have the prize which they have so long desired almost with in their grasp, still lie buried in profound leth-argy, and only wake up to find it once more plucked by the hand of another. Let us be up and doing. Let us not be idle, and yield su-pinely to the inglorious fate, that the Democracy is preparing for us. Now is the time to act. Let us act. Let the torch of liberty be

lit upon every hill and in every dale in Lehigh. Let every ward and township be thoroughi organized. Let every Republican go to wor organized. with might and main, to disperse the clouds of ignorance and superstition, that envelop the Democratic party. And let those Democrats, who believe their party to be immaculate and invincible, be thoroughly apprized, that their party is falling to pieces from sheer rottenness and corruption. Let Republican principles ne illustrated and Republicanism be preached from the very "house-tops." Let no man be allowed to go to the polls, and do both us and himself an injury, by voting the Democratic ticket, from the sheer want of being properly informed. The masses of the Democratic party are honest in their views, are in favor of the same measures that we are, and in fact. are as good Republicans in sentiment as we are. But they don't know it. They are kept

Let us emember, that we are dealing with a wily for who will take advantage of every circumstance to compass his ends. Let us remember, that the leaders of our opponents are men, to whom nothing is too degrading, no act too mean, to says:—For several days past a man who gives which they will not stoop, so they but gain his name as John Wilson has been visiting the their ends. PHILADELPHIA.-The Breckinridge-Buchan Foster would carry on a visit to that city, I made it my special bu-siness to inquire into the actual state of thinks there, in regard to the Gubernatorial contest, and I have come to the conclusion that Curtin's majority in Philadelphia will not be less than 4,000. It may reach 7,000 or 8,00. First, the Bell men, almost

get at least 2,000 Douglas votes. I converge with fourteen staunch bouglas Democrats, ix of whom informed me that their votes would cast for Col. Curtin, three said that they would not vote for either candidate, and the . thought they would vote for Foster. Taking this, therefore, as an index to the feeling amount the Douglas men, the reader will admit the estimate of 2,000 Douglas votes for Cut n Philadelphia is rather low. I have no man Douglas men extends throughout the star prebably it does. For I am confident that ever intelligent Douglas Democrat must be cog zant of the fact, that Henry D.
