An impure state of the bloot, through debilitation of the lungs, fills the system with morbid humors, and pulsation becomes feeble or accelerated to a feverish intensity—the neart, liver, and kidneys, separately performing functions of vital necessity to our well-being, are impeded in their regular action—the digestive organs failer in their tank, and refuse to perform the process of separating the nutritions elements from food, and the whole mental being is well-nigh ready to sink under the burden of life. Messrs, S. W. FOWLE & CO., BOSTON. — Dear Sirs. Having realized in my family important benefits from the use of your valuable preparation, — Wistar's Balsam of Wild Cherry, — it affords me pleasure to recommend it to the public. Some eight years ago one of my daughters seemed to be in a decline, and little hopes of her recovery were entertained. I then procured a bottle of your excellent Balsam, and before she had taken the whole of the contents of the bottle there was a great improvement in her health. I have, in my individual case, made frequent use of your valuable medicine, and have always been benefited by it. I would, knowever, caution the public against imposition, because there is a good deal of spurious Wistor's Balsam of Wild Cherry shout throughout the centry.

STOMACH BITTERS.

The proprietors and manufacturers of HOS-TETTER'S CELEBRATED STOMACH BIT-TERS can appeal with perfect confidence to physicians and citizens generally of the United States, because the article has attained a reputation heretofore unknown. A few facts upon this point will speak more powerfully than volumes of bare assertion or blazoning puffery. The consumption of Hostetter's Stomach Bitters for the last year amounted to over a half-nillion bottles, and from its manifest stendy increase in times past, it is evident that during the coming year the consumption will reach near one million bottles. This immense amount near one million bottles. This immense amount could never have been sold but for the rare medicinal properties contained in the preparation, and the sanction of the most prominent physicians in those sections of the country where the article is best known, who not only recommend the Bitters to their patients, but are ready at all times to give testimonials to its afficacy in all cases of retempolic depreneurs. efficacy in all cases of stomachic derangements

and the diseases resulting therefrom.

This is not a temporary popularity, obtained by extraordinary efforts in the way of trumpeting the qualities of the Bitters, but a solid estimation of an invaluable medicine, which is destined to be as enduring as time itself.

Hostetter's Stomach Bitters have proved Hostetter's Stomach Bitters have proved a Godsend to regions where fever and ague and various other bilious complaints have counted their victims by hundreds. To be able to state confidently that the "Bitters" are a certain cure for the Dyspepsia and like diseases, is to the proprietors a source of unalloyed pleasure. It removes all morbid matter from the stomach, purifies the blood, and imparts renewed vitality to the nervous system, giving it that tone and energy indispensable giving it that tone and energy indispensable for the restoration of health. It operates upon the stomach, liver, and other digestive organs, mildly but powerfully, and soon restores them to a condition essential to the healthy discharge of the functions of nature.

of the functions of nature.

Elderly persons may use the Bitters daily as per directions on the bottle, and they will find in it a stimulant peculiarly adapted to comfort declining years, as it is pleasant to the palate, invigorating to the bowels, excellent as a tonic, and rejuvenating generally. We have the evidence of thousands of aged men and women who have experienced the benefit of using this preparation while suffering from stomach derangements and general debility; acting under the advice of physicians, they have abandoned all deleterious drugs and fairly tested the merits of this article. A few words to the gentler sex. There are certain periods when gentler sex. There are certain periods when their cares are so harassing that many of them sink under the trial. The relation of mother and child is so absorbingly tender, that the mother, especially if she be young, is apt to forget her own health in her extreme anxiety for her infant. Should the period of maternity arrive during the summer season, the wear of hody and mind is generally aggravated. Here, body and mind is generally aggravated. Here, then, is a necessity for a stimulant to recuperate the energies of the system, and enable the mother to bear up under her exhausting trials and responsibilities. Nursing mothers generally prefer the Bitters to all other invigorations that the section the adversariate of thesis tors that receive the endorsement of physicians, because it is agreeable to the taste as well as certain to give a permanent increase

VITRIFIED CHIMNEY TOPS. THIS is an article to which every Builder's attention should be particularly directed. At this moment, from any roof in our large cities you can count thousands of brick chimneys so completely EATEN BY THE COAL GAS AND WRATBER as to demand EATEN BY THE COALOAS AND WEATHER as to demand immediate removal—to do which seldom costs less than \$5, at once showing the necessity of some article that will not decay or be eaten by gas, &c This we now offer in our Ornamontal and Plain Chimney Tops. They are burnt harder than stone; in fact, perfectly vitrified, are impervious to the strong acid emitted by coal, (which eats up brick and mortar in less than three or four years.) We are now making, and have on haud, large quantities of several different styles, and from 2 feet to 8 ft. 9 in. high, and from \$1.75 to \$20 each, (Less in the first place that are the presented and orders promptly attended to by addressing the manufacturers at the Factory, LINK & BLACK,

CATHARTIC

PILLS.

dy. Take Ayer's Pills, and cleanse out the disordered humans—purify the blood, and let the fluids move on unobstructed in health again. They stimulate the functions of the body and obstructs its natural functions. These, if not releved, react upon themsoftes and the surrounding organs, producing general aggravation, suffering, and disease. While in this condition, oppressed by the derangements, take Ayer's Pills, and see how directly they restore the natural action of the system, and with it the buoyant feeling of health again. What is true and so apparent in this trivial and common complaint, is also true in many of the deep-seated and dangerous distempers. The same purgative effect exples them. Caused by similar obstructions and derangements of the natural functions of the body, they are rapidly, and many of them surely, cured by the same means. None who know the virtues of these Pills, will neglect to employ them when suffering from the disorders they cure.

Statements from leading physicians in some of the principal cities, and from other weil known public persons.

As a Family Physic. From Dr. E. W. (tertoright, New Orleans.

Your Pills are the prince of purges. Their excellent qualities surpass any cathartle we possess. They are mild, but very certain and effectual in their action on the bowels, which makes them invaluable to us in the dally treatment of disease.

From Dr. Edward Boyl, Ballimer.

Dan Bro. Aver: I cannot answer you what complaints
I have cured with your Pills better than to say all that we
ever treat with a purpative medicine. I place great dependence on an effectual cathartic in my daily contest with
disease, and believing as I do that your Pills afford us the
best we have, I of course value them highly.

DR. J. C. ATER. Sir: I have been repeatedly cured of the worst keudache any body can have by a dose or two of your Pills. It seems to arise from a foul stomach, which they cleanse at once.

Yours with great respect, ED. W. PREBLE, Clerk of Steamer Clarion.

Smr: I have used your Pills in my general and hospital practice ever since you made thom, and cannot hesitate to say they are the best exhautic we employ. Their regulating, action on the life? If quick and docked, consequently they are an admirable remedy for derangements of that organ. Indeed, I have seldent found a case of bitions disease so obstimate that it did not readily yield to them. Fraternally yours, ALONZO BALL, M. D.,

Physician of the Marine Hospital.

Dysentery, Diarrhoa, Relax, Worms. From Dr. J. G. Green, of Chicago.

Your Pills have had a long trial in my practice, and I hold them in esteem as one of the best aperients I have ever found. Their alterative effect upon the liver makes them an excellent remedy, when given in small doses for billions dysentery and disrribera. Their sugar-coating makes them very acceptable and convenient for the use of women and children.

Dyspepsia, Impurity of the Blood.

From Rev. J. V. Himet, Pastor of Advent Charch, Boston.

Dr. Aver: I have used your Pills with extraordinary success in my family and among those I am called to visit in distress. To regulate the organs of digestion and purify the blood, they are the very best remedy I have ever known, and I can confidently recommend them to my friends.

Yours, J. V. HIMES. my Irlends.

From Mrs. E. Swart, Physician and Midwife, Boston.

Hoxored Sur: I should be ungrateful for the relief your skill has brought mo if I did not report my case to you. A cold settled in my limbs and brought on excruciating neuraging pains, which ended in chronic rheunatism. Notwithstanding I had the best of physicians, the disease grow worse and worse, until by the advice of your excellent agent in Baltimore, Dr. Mackensie, I tried your Pills. Their effects were slow, but sure. By persovering in the use of them, I am now entirely well.

Billious Disorders - Liver Complaints. Firm Dr. Theodore Hell, of New York City.

Not only are your Pills admirably adapted to their purpose as an aperiont, but I find their beneficial effects upon the Liver very marked indeed. They have in my practice proved more effectual for the cure of bilious complaints than any one remedy I, can incunion. I sincerely replice that we have at length a purgative which is worthy the confidence of the profession and the people.

From Dr. J. P. Tangha, Montreal, Canada.

Too much cannot be said of your Pills for the cure of contrepeer.
