OALLAND, Ind., 6th June, 1859.

J. C. ATER & Co. Gents: I feel it my duly to acknowledge what your isarsparills has dole for me. Having inherited a Scrothlous infection, I have suffered from it in various ways for years. Sometimes it burst out in Ulcers on my hands and arms; sometimes it turned inward and distressed me at the stomach. Two years ago it broke out on my head and covered my scalp and cars with one sore, which was painful and loathsome beyond description. I tried many medicines and several physicians, but without much relief from any thing. In lact, the disorder grew worse. At longth I was rejoiced to read in the Gospel Messenger that you had prepared an alignative (Sarsaparilla), for I knew from your reputation that any thing you made must be good. I sent to Cincinnal and got it, and used it still it cured me. I took it, as you advise, in small doses of a teaspoonful over, a month, and used almost three bottles. New and healthy skin soon began to form 'indoor the cab, which after a while fell off. My skin is now clear, and I know by my feelings that the disease has gone from my system. You can well believe that I feel what I am saying when I tell you, that I hold you to be one of the apostles of the age, and remain over gratefully. ALFRED B. TALLEY.

Dr. J. B. S. Channing, of Now York City, writes; "I

saying I have found your Sarsaparilisa most excellent
alterative in the humerous complaints for which we
employ such a remedy, but especially in Female Diseases
of the Scrofulous dathesis. I have cured many laveleration tases of Lencorrhoea by it, and some where the complaint was caused by ulceration of the ulcrus. The ulceration itself was soon cured. Nothing within my knowledge equals it for these female derangements."
Edward S. Mairrow, of Newbury, Ala, writes, "A dangroup sourian timor on one of the females in my family,
which had defied all the remedies we could employ, has
at length been completely cured by your Extract of Sarsaparilla. Our physician thought nothing but extipation could afford relief, but he advised the trial of your
Sarsaparilla as the last resort before cutting, and it
proved effectual. After taking your remedy eight weeks
no symptom of the disease remains."

Syphilis and Mercurial Disease.

New Oaleans, 25th August, 1859.

Dr. J. C. Atent Sir, I cheerfully comply with the request of your agent, and report to you some of the effects I have realized with your Sarssparilla.

I have cured with it, in my pratice, nost of the complaints for which it is recommended, and have found its effects truly wonderful in the cure of Veneral and Mercurial Disease. One of my patients had Syphilitic ulcers in his threat, which were consuming his palate and the top of his month. Your Sarssparilla, steadily taken, cured him, in five wooks. Another was attacked by secondary symptoms in his nose, and the ulceration had eaten away a considerable part of it, so that I believe the disorder would soon reach his brain and kill him. But it yielded to my administration of your Sarssparilla; the ulcers healed, and he is well again, not of course without some disfiguration to his face. A woman who had been treated for the same disorder by mercury was suffering from this poison in her bones. They had become so sensitive to the weather that on a damp day she suffered excurciating pain in her joints and home. She, too, was urred entirely by your, Sarssparilla in a few weeks. I know from its formula, which your agent gave me, that this Freparation from your laboratory must be a great remedy; consequently, these truly remarkable results with it have not surprised me.

Fraternally yours, G. V. LARIMER, M. D.

Dr. J. C. Ayen: Sir, I have been affilied with a painful chronic Rheumatism for a long time, which baffled the skill of physicians, and stuck to me in spite of all the remedies I could fluid, until I tried your Sarangarilla. One bottle cured me in two weeks, and restored my general health so much that I am far better than before I was attacked. I think it a wonderful medicine. J. FREAM. attacked. I think it a wonderful medicine. J. Fikkam.

Jules Y. Getchell, of St. Louis, writes: "I have been afflicted for years with an affection of the Liver, which destroyed my health. I tried every thing, and every thing falled to relieve me; and I have been a broken-down man for some years from no other cause than derangement of the Liver. My beloved pastor, the liev. Mr. Espy, advised me to try your Farsaparilla, because he said he knew you, and any thing you made was worth trying. By the blessing of God it has cured me, and haves purified my blood as to make a new man of me. I feel young again. The best that can be said of you W not half good enough." Schirrus, Cancer Tumors, Enlargement, Ulceration, Carles and Exfoliation of the Bones.

A great variety of cases have been reported to us where cures of these formidable complaints have resulted from the use of this remedy, but our agenc here will not admit them. Some of them may be found in our American Almance, which the agents below named are pleased to fornish gratis to all who call for them.

Dyspepsia, Heart Discase, Fits, Epllepsy, Melancholy, Neuralgia.

Many remarkable cures of these affections have been made by the alterative power of this medicine. It stimulates the vital function into givenous action, and thus rose comes disorders which would be supposed beyond its roach. Such a remedy has long been required by the necessities of the people, and we are confident that this will do for them all that medicine can do.

Ayer's Cherry Pectoral, FOR THE BAPID CURE OF Coughs, Colds, Influenza, Hoarseness, Croup, Bronchitts, Incipient Con-sumption, and for the Relief of Consumptive Patients in advanced Stages of the Disease.

This is a remedy so universally known to surpass any other for the cure of throat and lung complaints, that it is useless here to publish the evidence of its virtues. Its unrivalled excellence for coughs and colds, and its truly wonderful cures of pulmonary disease, have made it known throughout the civilized nations of the earth. Few are the communities, or even families, among them who have not some personal experience of its effects—some living trophy in their midst of its victory over the subtle and dangerous disorders of the shreat and lungs. As all know the dreadful fatality of these disorders, and as they know, too, the effects of this remedy, we need not do more than to assure them that it has now all the virtues that it did have when making the cures which have won so strongly upon the confidence of mankind.

The OHIO CATAWBA BRANDY not only equals, is but even excels the best imported Brandles in purity and flavor. It is in fact the best Brandy known.—This statement is fully corroborated by the certifisate of many of our most distinguished analytical Chemists, some of which accompany this circular.

The want of PURE BRANDY has long been felt in this country and the introduction of an article of such quality as to supercede the sale and use of those vie compounds hitherto sold under the name of Brandy, can only be regarded as a great public good. The CATAWBA BRANDY possesses all the good qualities claimed for the best imported Liquor, and is of perfect purity and superior flavor. It is therefore fully entitled to the patronage of the public as the above certificate has shown. We feel confident that its reception in this State will be as favorable as that which it has met with in the Great West, and that time is not far distant when the superiority of our own Liquors will put an end the superiority of our own Liquors will put an end to their importation from abroad. For Medical purposes this Brandy has no rival, and has long been needed.

HOSTETTERS.

The proprietors and passaffacturers of HOS-TETTER'S CRLEBHATED STOMACH BIT-TERS can appeal with perfect confidence to physicians and citizens generally of the United States, because the article has attained a repu-tation heretofora iniciown. A few facts upon this point will speak more powerfully than volumes of bare assertion or blasoning puffery. volumes of pare assertion or insoning punery. The consumption of Hestetter's Stomach Bitters for the last year amounted to over a half-million bottles, and from its manifest steady inarcase in times past, it is avident that during the coming year the consumption will reach near one million bottles. This immense amount could never have been sold but for the rare medicinal properties contained in the preparamedicinal properties contained in the prepara-tion, and the sanction of the most prominent physicians in those sections of the country where the article is best known, who not only recommend the Bitters to their patients, but are ready at all times to give testimonials to its efficacy in all cases of stomaclic derangements and the diseases resulting therefrom. This is not a temporary popularity, obtained by extraordinary efforts in the way of trumpeting the qualities of the Bitters, but a solid estimation of an invaluable medicine, which is

destined to be as enduring as time itself. Hostetter's Stomach Bitters have proved a Godsend to regions where fever and ague and various other bilious complaints have counted their victims by hundreds. To be able to state confidently that the "Bitters", are a certain cure for the Dyspepsia and like diseases, is to the proprietors a source of un-alloyed pleasure. It removes all morbid matter from the stomach, purifies the blood, and imparts renewed vitality to the nervous system, giving it that tone and energy indispensable for the restoration of health. It operates upon the stomach, liver, and other digestive organs, mildly but powerfully, and soon restores them to a condition essential to the healthy discharge of the functions of nature.

of the functions of nature.

Elderly persons may use the Bitters daily as par directions on the bottle, and they will find in it astimulant peculiarly adapted to comfort declining years, as it is pleasant to the palate, declining years, as it is pleasant to the palate, invigorating to the bowels, excellent as a tonic, and rejuvenating generally. We have the evidence of thousands of aged men and women who have experienced the benefit of using this preparation while suffering from stomach derangements and general debility; acting under the advice of physicians, they have abandoned all deleterious drugs and fairly tested the merits of this article. A few words to the gentler sex. There are certain periods when gentler sex. There are certain periods when their cares are so harassing that many of them sink under the trial. The relation of mother and child is so absorbingly tender, that the mother, especially if she be young, is apt to forget her own health in her extreme anxiety for her infant. Should the period of maternity arrive during the summer season, the wear of body and mind is generally aggravated. Here, then, is a necessity for a stimulant to recuperate the energies of the system, and enable the mother to bear up under her exhausting trials and responsibilities. Nursing mothers generally prefer the Bitters to all other invi tors that receive the engorsement of physicians, because it is agreeable to the taste as well as certain the give a permanent increase

of bodily strength:
All those persons, to whom we have particularly referred above, to wit: sufferers from larly referred above, to wit: sufferers from fever and ague, caused by malaria, diarrhea, dysentery, indigestion, loss of appetite, and all diseases or derangements of the stomach, superannuated invalids, persons of sedentary occupation, and nursing mothers, will consult their own physical welfare by giving to Hos-tetter's Celebrated Stomach Bitters a trial.

CAUTION.—We caution the public against using any of the many imitations or counterfeits, but ask for Hostetter's Celebrated STOMACH BITTERS, and see that each bottle has the words "Dr. J. Hostetter's Stomach Bitters" blown on the side of the bottle, and stamped on the metallic cap covering the cork, observe that our autograph signature is on the

In all soute diseases, such as Fevers, inflammations, Diarrheas, Dysentery, Croup, Rheumatism, and auch enruptive diseases as Scarlet Fever, Menales, and Erysipelas, the advantage of giving the proper remedies promptly is obvious, and in all such cases the specifics act like a charm. The entire disease is often arrested at once, and in all cases the violence of the attack is moderated; the disease shortened, and rendered less dangerous.

Coughs and Colds, which are of such frequent occurrence, and which so often lay the foundation of diseased lungs, bronchitis, and consumption, may all be at once cured by the Fever and Cough Pills.

In all chronic diseases, such as Dyspepsia, Weak Stomach, Constipation, Liver Complaints, Piles, Female Bebility, and Irregularities, old Headaches, Sore or Weak Eyes, Catarrh, Sait Rheum, and other old eruptions, the case has specifics whose proper application will afford a cure in almost every instance. Often the cure of a single chronic difficulty, such as Dyspepsia, Piles or Catarrh, Headache or Female Weakness, has more than paid for the case ten times over.

STODDARD, N. H., Sept. 30, 1859. Gents: - I was, for many years, a great sufferer from Dyspepsia or Waterbrash, and tried almost everything within my reach, but to no benefit, until I was induced by the recommendation of my physician, Dr. Hazelton to make use of the Oxygenated Bitters. The first bottle produced but a slight alteration in the disease, and had it not been for the urgent request of my physician, I should then have discontinued their use, thinking them to be of no avail; but his confidence inspired me to persevere, and after using to the extent of half a dozen botties, I had entirely regained my Irealth. I hope all Dyspeptic persons will be induced to give them a fair triel, being confident that the remedy is the most potent, for the various forms of Dyspepsia, that has been produced. Yours.

This remedy is offered as affording a means of speedy cure for the large number that die annually in our land of that fell accuracy, Consumption, to which, unforten-nately, so many prediaposing causes exist. Youth and age are alike subject to its rayages. EXERY PERSON

there are many cases where disease is too long allowed to remain unchecked in the system; and a slight cough, repirfied at first as simply an annoyance, nearestonly with the life of the patient. An impure state of the blood, through debilitation of the lungs, fills the system with morbid humors, and pulsation becomes feeble or accelerated to a fewarish intensity—the hapst, liver, and kidneys, asparately performing functions of vital necessity to our well-being, ser impeded in their regular action—the digestive organs failter in their task, and refuse to perform the process of separating the nutritions elements from food, and the whole mental being is well-nigh ready to sink under the burden of life. The patient so afflicted, accounts his case a complication of disorders, and often refuses to resort to medication, from his thorough disbellef in any prospect of cure. To such

of the Acadian Barran, as thereignly worthy the coal-dence of all. Every symptom of Consumption is surely and permanently exadicated by its use. Its effects are none other but strengthening sid renovating to the entire system. Bronchitis, Astama, Coughs, Colds, and General Debility, are effectually cured by its use. Night-Breats, Loss of Flesh, and Wassing away of the Muscles, Loss of Appetite, Soroness of the Throat, Chest, and Loss of Appetite, Soroness of the Throat, Chest, and Lougs, Liver Complaint, Palyitation of the Heart, Difficulty of Breathills—all these affections disappear in an incredibly short time after using Dr. O. Phelps Brown's Acaclan Balsam.

It nourishes and strengthens the patient who is too much reduced to partake of ordinary food. It heals all internal sores, tubercles and inflammation. It atrengthens, braces, and revitalzes the brain, and is without a rival as a tonic, supplying electricity or magnetic force to every part of the safeebled and prostrate body. It needs no lengthy trial to convince any that the Acacian Balsam is truly the greatest remody of the day, as its beneficial qualities rie fully apparent in eight-and-forty hours after trial.
