OFFICE N. Y. & GALENA LEAD CO., } No-28 Nassau 26; Now York, June 1, 1865. ].

Dr- J- H- Schenck—Dear Sir: For over fiften years I have been troubled with a very severe cough, and usually two or three times a year with more or less hemorrhage, which together, for the last few years, has kept me thin in flesh and too weak to do business of any kind without suffering. In August last! I had a very severe hemorrhage, and, according to the judgment of a good New York physician, I was classed as beyond the reach of medicine, and was advised to be propared, so far as property matters were concerned, to leave this world property matters were concerned, to leave this world at short notice. The physician (and my good friends) said that the first cold I took must prove [ata]- Barly in January I took a severe cold, and fortunately was occupying rooms at No. 32 BUND TREET, directly over your office— I think about the 16th of January I procured a bottle of your Pulmonic Syrup and commenced taking it freely-My feet and limbs were very much swollen, and all the symytoms of a speedy death seemed to accomthe symptoms of a speedy death seemed to accompany my cold; I sent for my former physician, and stated to him that I was taking your medicines, and after showing them to him, and having tasted of them, &c;, he replied: "You can take them if you like, they will do you no harm." He said: You know what I told you last summer, and I say the same now, if you have any business to close up, do not put it off." He said to other friends that he "could see he hope for me," and my friends and relations concluded my time had come; At this time I was taking freely of your medicine, but had not seen you. The doctor called a few times, and found me fruith the his surprise, he said.) inpurve found me (much to his surprise, he said.) improv ing, and he could not understand why. My faith was increasing in your medicines, and I had a wish to have you examine my case, and see what you had to say. When you first came to my room and made to say. The second time that you called, finding me still gaining, you gave me encouragement, saying, "my symptom were improving; the Pulmonic Syrup, Sea-weed Tonic and Mandrako Pille had acted like a charm." My circulation, my cough, my appetite, all began to improve, and I could walk about m'room a little. You visited me nearly every Tuesday, and found me improving, and told me not to go out of my room until the first day of May. I took no cold while under your treatment, my appetite became first-rate, and you told ment, my appelice became first-rate, and you told me to out everything I wished of a nutritious nature, and to exercise about the room as much as possible. I followed your advice. possible. I followed your advice, and to the sur-prise of my eld physician and friends, I seem much better than I have been for several years, and breathe better than I ever expected a person could with one lung, the left being completely dried up.
I feel very grateful to you, and consider your advice and medicines invaluable.
Yours, truly,
T. S. SHELDON.

Yours, truly, DR. SCHENCK-Dear Sir :- About two years ago I was taken with a very troublesame cough and a pain in my breast; seven or eight months passed away without my doing anything for myself. Then I applied to a physician, who attended me for about three months without rendering me any service. I also obtained the advice and treatment on physician in one of our hospitals, and also had the advice and treatment of two other physicians but all to no purpose. During this long space of time I was nearly dead; several times my friend came to see me and witness my at into the spirit world. I was confined to my bed two months a world. I was confined to my but two months at one time. My bresthing was exceedingly short.— I gave up several time all hopes of getting better; and as regarding getting well, that was entirely out of the questions. And to think this day I am well and hearty! I was advised by some of my friends to try Dn. Echenck's Medicines. I accordingly bought bottle after buttle, until I reached the nint; then I found a decided change in my cough for the

better. I suffered severely from palpitation of the beart, and two weeks after I commenced taking your medicine this difficulty ceased. When liftest went to Dr. Schenck's office it was with difficulty that I could get up into his reception room, I was so weak and so swelled; my skin was as sallow as though I had the jaundice; I felt dull, discovered. The remedy is the well known Pile Root, and the undersigned can prove that he has cured hundreds of persons with his discovery—
