Take Notice

Miller, Schreiber & Co., DARMERS and DEALERS in PERTILIERS will please take notice that we have adopted the dilowing Trade Mark to protest/qurselves, and prevent those who use our RAW BONE SUPER PHOSPHATE from being deceived when purchas-No. 35 East Hamilton Street g manures. Wellhave been obliged to give this protection

"We'lhave been obliged to give this protection to our outcomers, in consequence of several parties having unlawfully used our distinctive name, vis: "Baw Bone," in offering their article to the public. This Trade Mark is adopted in addition to the title "Raw Bone," which is our exclusive property, and we caution all manufacturers from using it in future. We would state to the trade and consumers, that they will find it to their interest to see that the "Trade Mark" is upon every bag and barrel they purchase, as none other is genuine.

BAUGH & SONS.

TRADE MARK BAUGH'S

RAW BONE SUPERPHOSPHATE OF LIME. Manufactured by BAUGH & SONS, No. 20 South Delaware Avenue,

PHILADELPHIA.

THE great popularity of our article has been found sufficient inducement to certain imitators to manufacture and advertise "Raw Bone Phosphates," name which orinated with us, and is our ow lightful property. We will state for the information of all, that we are the exclusive manufacturer of this article—the original and sole proprietors of t—having been manufactured by us for a period of tt—naving been manufactured by as for a period of twolve years. Also that it is covered by several letters patent. held only by ourselves.

We are now ready to supply it in large quantities—having made recent additions and improvements. Vessels drawing 16 feet of water can load directly from the whorves of the works which are located at

the foot of Morris Street, Delaware River. We call the attention of DEALERS to this great advantage. The present indications are that we shall have a greatly increased demand over last spring and fall seasons, and we advise Farmers to send in their orders to their respective Dealers at an early day, that all may be supplied promptly.

Soliciting your continued orders,
We remain.

We remain, Yours very truly, BAUCH & SONS No. 20 S. Delaware Avenue, PHILADELPHIA

And all cruptions of the skin, the SALVE is most invaluable. It does not heal externally alone, but penetrates with the most searching effects to the very root of the evil!

Housekeepers, and those about commencing, who desire to purchase good and cheap ware, I respectfully invite to call and examine my assortment,—no trouble to show it—and in all cases necessary my ware will be carefully packed.

Scrofula, or King's Evil, is a constitutional disease, a corruption of the blood, by which this fluid becomes vitiated, blood, by which this find becomes vitated, weak, and poor. Being in the circulation, it pervades the whole body, and may burst out in disease on any part of it. No organ is free from its attacks, nor is there one which it may from its attacks, nor is there one which it may not destroy. The scrofulous taint is variously caused by mercurial disease, low living, disordered or unhealthy food, impure air, filth and filthy habits, the depressing vices, and, above all, by the venereal infection. Whatever be its origin, it is hereditary in the constitution, descending "from parents to children unto the third and fourth generation;" indeed, it seems to be the rod of Him who says, "I will visit the iniquities of the fathers upon BONE PURE

will visit the iniquities of the fathers upon their children." Its effects commence by deposition from the blood of corrupt or ulcerous matter, which, in the lungs, liver, and internal organs, is termed tubercles; in the glands, swellings; and on the surface, eruptions or sores. This foul corruption, which genders in the blood, depresses the energies of life, so that scrofulous constitutions not only suffer from scrofulous complaints, but they have far less power to withtand the attacks of other diseases; consequently vast numbers perish by disorders which, although not scrofulous in their nature, are still rendered fatal by this taint in the system. Most of the consumption which decimates the human family has its origin directly in this scrofulous contamination; and many destructive diseases of the liver, kidneys, brain,

and, indeed, of all the organs, arise from or are aggravated by the same cause. One quarter of all our people are scrofulous; their persons are invaded by this lurking infaction, and their health is undermined by it. To cleanse it from the system we must renovate the blood by an alterative medicine, and in-vigorate it by healthy food and exercise. Such a medicine we supply in

AYER'S Compound Extract of Sarsaparilla, the most effectual remedy which the medical skill of our times can devise for this everywhere prevailing and fatal malady. It is combined from the most active remedials that have been discovered for the expurgation of this foul disorder from the blood, and the rescue of the system from its destructive consequences. Hence it should be employed for the cure of not only Scrofula, but also those other affections which arise from it, such as Emprive and Skin Diseases, Sr. Anthony's Fire, and Skin Diseases, Sr. Anthony's Fire, Rose, or Envirence, Pimples, Pustules, Blotches, Blains and Boils, Tumors, Tetter and SALT RHEUM, SCALD HEAD, RINGWORM, RHEUMATISM, SYPHILITIC and MERCURIAL DIS-RHEUMATISM, SYPHILITIO and MERCURIAL DIS-EASES, DROPSY, DYSPETSIA, DEBILITY, and, indeed, ALL COMPLAINTS ARISING FROM VITIA-TED OR IMPURE BLOOD. The popular belief in "impurity of the blood" is founded in truth, for scrofula is a degeneration of the blood. The particular purpose and virtue of this Sarsapa-rilla is to purity and regenerate this vital fluid, without which sound health is impossible in contaminated constitutions.

contaminated constitutions. AYER'S Ague Cure,

FOR THE SPEEDY CURE OF Intermittent Fever, or Fever and Ague, Remittent. Fever, Chill Fever, Dumb Ague, Periodical Headache, or Bilious Headache, and Bilious Fevers, indeed for the whole class of diseases originating in bilitry dorangement, caused by the Malaria of Miasmatic Countries.

Tor the whole class of diseases originating in billary derangement, caused by the Malaria of Missmatic Countries.

We are enabled here to offer the community a remedy which, while it cures the above complaints with certainty, is still perfectly harmless in any quantity. Such a remedy is invaluable in districts where these afflicting disorders prevail. This "Cura" expels the miasmatic poison of French and Aduration the system, and prevents the development of the disease, if taken on the first approach of its premonitory symptoms. It is not only the best remedy ever yet discovered for this class of complaints, but also the cheapest. The large quantity we supply for a dollar brings it within the reach of every bady; and in billous districts, where French and Aduration for eura and protection. A great superiority of this remedy ever any other ever discovered for the speedy and certain cure of Intermittents is that it contains no Quinine or mineral, consequently it produces no quinism or other injurious effects whatever upon the consequence of the miasmatic poison. A great variety of disorders arise from its irritation, among which are Neuralgia, Rheumatism, Gout, Headache, Blindness, Toothache, Eurache, Catarrh, Aathma, Palpitation, Painful Affection of the Spienn, Hysterias, Pairs is the Bowels, Cohe, Paralysis and Demensional the intermittent fipps or become periodical. This "Cura" expels the poison from the blood, and consequently cures them all alike. It is an invaluable protection to immigrants and persons travelling or temporarily residing in the malarious districts. If taken occasionally or daily while exposed to the infection, that will be excreted from the system, and cannot accumulate in sufficient quantity to ripen into discesse. Hence it is symmore valuable for protection than cure, and few will ever suffer from Intermittents if they avail themselves of the protection this remedy affords.

WE MUST FIGHT **Against High Prices!** MAJOR WALTER H. SEIP has entered the field again; this time not with aword and muskel, but with a superior stock of

GROUND BONE MANUFACTURED AT THE

Allentown Bone Mill. ALLENTOWN, PA. IN consequence of the increased demand for this
the most valuable of all mandres or fertilizers,
we advise farmers to secure a supply before spring.
We prepare Ground Bone or Bone Dust strictly
pure, and will guarantee that not a particle of adulteration enters into its composition. As this can
not be said of most of the prepared fertilizers, we
caution farmers to use an article prepared "at home"
and known to be pure. We have examined "Phosphates," and can readily pronounce them largely
adulterated, with Jersey Marl, Coal Ashos, Plaster,
Lime Stone, or some other substances, which have
no fortilizing properties, or much less than pure

no fertilizing properties, or much less than pure For the information of those not sequainted with the properties of Bone Dust, we append the follow-

Effects of Bone Dust. A Westbury, Vt., subscriber of the New England A Westbury, Vt., subscriber of the New England
Farmer thus writes about the effect of bone dust:

I see a great deal in your paper about the use of bone dust or flour. I have thought a good many times I would give you a little of my experience in that matter. In 1844 I lived in a house of an independent farmer, and planted about three-fourths of an acre of corn on a pine plain. That farmer had been for many years gathering all the old bones he could find. That spring he carried them to a plaster mill and got them ground. He gave me a peck of the flour, which I put on one-half of my piece of corn. I thad a wonderful effect. The stalks grew a foot taller than on the other half, and were darker colored, and the ears were from two to four inshes longert. The difference though, the season was such that the passers by often called upon me to know what made, the difference, I could only tell them that dry bones did it.

The farmer experimented with it by putting both ones ashes on the pext two; then two with nothing but the manure, which was applied alike to the whole field. Thus contrasted the effect was wonderful.—I am not able to give the exact difference in the yield in corn when harvested, as it has been so long ago that I have forgotten; but I do remember very plainly how the corn looked when growing, and that there was a very great difference in the appearance of the rows experimented with. If you think this somewhat vegue recollection will be of any, benafit to the public, you may publish it.

Our Ground Bone is prepared expressly fine, for Farmer thus writes about the effect of bone dust:--

Our Ground Bone is prepared expressly fine, for. use in spring for top dressing on corn and pasturage, and for potatoes, oats, &c.

As our supply is limited, secure your stock as Allentown Bone Mill. ALLENTOWN, PA.
