 The Malaria of Mlasmatic Countries.
We are enabled here to offer the community a remedy which, while it cures the above complaints with certainty, is still perfectly harmless in any quantity. Such a remedy is invaluable in districts where these afflicting disorders prevail. This "Cure" explisit the mlasmatic poison of PEVER AND AGUE from the system, and prevents the development of the disease, it taken on the first approach of its premonitory symptoms. It is not only the best remedy is also the cheapest. The large quantity we supply for a dollar brings it within the reach of every brdy; and in billous districts, where FEVER AND AGUE prevails, every body should have it and use it freely both for oure and protection. A great superiority of this remedy over any other ever discovered for the specify and curinine or mineral, consequently it produces no quinism or other injurious effects whatever upon the constitution. Those cured by it are left as healthy as if they had nover had the discase.
Fever and Ague is not home the consequence of the miasmatic poison. A great variety of disorders arise from its irritation, among which are Newardjoa, Rheumatism, Gout, Headache, Blindness, Toothache, Earache, Catarrh, Asthma, Palpitation, Painful Affection of the Spieen, Hysterics, Pains in the Bootels, Colic, Paralysis and Derangement of the blond, and consequently cures the poison from the blond, and consequently cures the poison from the blond, and consequently cures then all alike.
