FROM a life of study, observation, and experience, and years of practical application of my Metaphysical Discovery on thousands of discosed men, women and children. on thousands of diseased men, wellen and children, I have justly come to the conclusion that every family in the land, who wish to get rid of disease and keep it at bay, must have my Metaphysical Discovery always on hand. It is a certain preventitive against disease. It also treats and destroys the cause of disease, consequently the effects die, beginning with Deafaces, Catarrh, Rhoumatism, Neuralgia, with every disease man, woman or child is heir to.

It is the only safeguard against Cholera. It cleanses every sewer of the human body, hardens the flesh, and purifies the blood. In consequence of the above facts, I have this day reduced the price, as at the large we have in the most of the day reduced the price, the above facts, I have this day reduced the price, so as to leave no barrier in the way of the diseased.

For two years I suffered with catarrh and great distriness in my head, almost causing me to fall. I suffered greatly with asthma, it being hereditary in the family. I was discased all over. I could not go where there was any dust. I had great pains in my head and neck. I have suffered much with cold feet. The bones in my neak were drawn out of place with the asthma, and my throat I coked like raw beef. After applying to various physicians and obtaining no relief, I finally applied to Mrs. M. G. Brown, by whose medicines I have been so much benefited that I am now like another woman. Formerly the least exposure gave me cold; I could not go to the door with my head uncovered without an attack of the asthma. My asthma is now entirely gone. My catarrh has wholly disappeared. I felt weak and languid for many years, so that I was a burden to mysolf. The coldness of my foot has disappeared, and I feel'a general circulation through my entire system, oaueing me to be, as formerly, full of strength and vivaling me to be, as formerly, full of strength and vivaling me to be, as formerly, full of strength and vivaling me to be, as formerly, full of strength and vivaling me to be, as formerly, full of strength and vivaling me to be, as formerly, full of strength and vivaling me to be a so more three with case of any out first came to my room act in the to encurrage ment, but on the contrary, expressed and doubts of my ver being leiped out of my ven but in the contrary, expressed and doubts of my ver being helped out of my ven the contrary, expressed and doubts of my ver being helped out of my ven be until to encurrage ment, but on the contrary, expressed and doubts of my ver being helped out of my ven but on the contrary, expressed and doubts of my ver being helped out of my ven but on the contrary, expressed and doubts of my ver being helped out of my ven the legical can doubt to say. A NOTHER GREAT CURE

IN THE CITY OF NEW YORK, Of a highly respectable citizen, well known to the Mercantile community, by DR. J. H. SCHENCK,

THE GREAT LUNG DOCTOR OF PHILAD'A: Oppios N. Y. & Galena Lead Co., No. 28 Nasau St., New York, Jone 1, 1805-Dr. J. Il. Schonck-Doar Sir: For over fitten yours I have been troubled with a very severe cough, and usually two or three times a year with more or less homorrhage, which t gether, for the last few years, has kept me thin in Gesh and to weak to do husiness of any lind without suffering-In August last I had a very severe humorrhuge, and, according to the judgment of a good New York-physician, I was classed as beyond the reach of medicine, and was advised to be prepared, so taras. property matters were concerned, to leave this werld at short notice. The physician (and my good friends) said that the first cold I took must prove fatal- Early in January I took a severe cold, and fatal- Early in January I took a severe cole, and fortunately was occupying rooms at No. 32 BUND - TREET, directly over your office. I think about the 18th of January I procured a bottle of your Pulmonic Syrup and commenced taking it freely-My feet and limbs were very much swollen, and all the symytoms of a speedy death seemed to accompany my cold, I sent for my former physician, and attacted to him that I was taking your medicines, and after slowing them to him and heaving frasted

and after showing them to him, and having tasted of them, &c;, he replied: "You can take them if you like, they will do you no harm." He said: "You know what I told you last summer, and I say "You know what I told you have summer, and I say the same now, if you have any business to close up, do not put it off." He said to other friends that he "could see he hope for me," and my friends and relations concluded my time had come; At this time I was taking freely of your medicine, but had not seen you. The doctor called a few times, and found me (much to his surprise, he said,) improving and he could not understand why. My faith ing, and he could not understand why. My faith was increasing in your medicines, and I had a wish to have you examine my case, and see what you had to say. When you first came to my room and made to say. When you first came to my room and made the examination, you gave me but little encouragement, but on the contrary, expressed and doubts of my ever being helped out of my then seeming difficulties. The second time that you called, finding disease are removed. These remedies are made from the purest. ficulties. The second time that you called, finding me still gaining, you gave me encouragement, saying, "my symptoms were improving; the Pulmonic Syrup, Sea-weed Tenic and Mandrake Pills had acted like a charm." My circulation, my crugh, my appetite, all began to improve, and I could walk about my room a little. You visited me nearly every Tuesday, and found me improving, and told me not to go out of my room until the first day of May. I took, no cold while under your treatment, my appelie became first-rate, and you told me to eat everything I wished of a nutritious nature, and to exercise about the room as much as penetrates with the most searching effects to the

Yours, truly,
T. S. SHELDON. Yours, truly, DR. Schenck-Dear Sir :- About two years ago was taken with a very troubles me cough and a pain in my breast; seven or eight months passed away without my doing anything for myself. Then I applied to a physician, who attended me for about three months without rondering me any ser-vice. I also obtained the advice and treatment of

a physician in one of our hospitals, and also had the advice and treatment of two other physicians, but all to no purpose. During this long space of time I was nearly dead; several times my friends came to see me and witness my exit into the spirit world. I was confined to my bed two months at one time. My breathing was exceedingly short. world. I was confined to my bed two months at one time. My breathing was exceedingly short.—
I gave up several time. all hopes of getting better; and as regarding getting well, that was entirely out of the question. And to think this day I am will and hearty! I was advised by some of my friends to try Dr. Schenck's Medicines. I accordingly bought bottle after bottle, until I reached the nint; then I found a decided change in my cough for the better. I suffered severely from palpitation of the heart, and two weeks after I commenced taking

heart, and two weeks after I commenced taking your medicine this difficulty ceased.

When I first went to Dr. Schenck's office it was with difficulty that I could get up into his reception with difficulty that I could get up into hisreception room, I was so weak and so swelled; my skin was as sallow as though I had the jaundice; I felt dull, heavy and sleepless Dr. Schenck, atterexamining me, said both my lungs were affected, and gave me but little hope; but his medicines, in about two weeks, took right hold of me; it seemed to go right through my whole system. The Pullanonic Syrup. Ser-Weed Tonic and Mandrake Pills, all took right hold in the right lane. The Pills heavent was the pounds of the pound hold in the right place. The Pills brought away great quantities of bile and slime; the Syrun loss-ened the matter in my lungs, which came off very free; the Sea-Weed Tonic gave me an appetite, and

everything scemed to taste good.

To show what great power the medicines have in purifying my system, and to show bow bad I was diseased, besides all the bile that passed my bowols, and the great quantities of phlegm and matter I expectorated, I broke out all over in large-bei s, that would continue to gather and run for about six weeks, and I had at one time over twenty-five boils. I have nothing of the kind now, and feel like another person altogether. I can safely say that T have not enjoyed such health for five years as I de now, and cannot praise you and your medicines enough. May God abundantly bless and preserve you! is the sincere desire of one who has been so wanderfully relieved through your agency; and if any one desires to know with regard to the truth-fulness of this report, if they will call upon any of my friends, or upon me, No. 4 Dryden Place, near Thompson street, below Cadwalady, Philadelphia, they will be perfectly satisfied with the validity of the case. Yours, with much respect,
MARY SCHNAIDT.

The above case, as described, is perfectly correct. I know it to be true, Yours, T. B. MILLER,
Paster of Hancock M. E. Church DR. SCHENCK will be professionally at his principal office, No. 15 North Sixth Street, corner of Commerce, Plindslphis, every Saturday, from 9 A. M. until 4 P. GRAND PRIZES other ever discovered for the speedy and certain cure of Intermittents is that it contains no Quinine or mineral, consequently it produces no quinism or other injurious effects whatever upon the constitution. Those cured by it are left as healthy as if they had never had the disease.

Fever and Ague is not alone the consequence of the miasmatic poison. A great variety of disorders arise from its irritation, among which are Neuralgia, Rheumatism, Gout, Headache, Blindness, Toothache, Earache, Catarrh, Asthma, Falpitatiom, Painful Affection of the Spleen, Hysterics, Pain in the Bowels, Colle, Paralysis and Derangement of the Stomach, all of which, when originating in this cause, put on the intermittent type, or become periodical. This "Cune" expels the poison from the blood, and consequently cures them all alike. It is an invaluable protection to immigrants and persons travelling or temporarily residing in the malarious districts. If taken occasionally or daily while exposed to the infection, that will be excreted from the system, and cannot accumulate in sufficient quantity to ripen into disease. Hence it is even more valuable for protection than cure, and few will ever suffer from Intermittents if they avail themselves of the protection this remedy affords.

Its effects commence by deposition from the bload of corrupt or ulcerous matter, which, in the lungs, liver, and internal organs, is termed tubercles; in the glands, swellings; and on the surface, eruptions or sores.
