CLEANING WOOL FOR MARKET.—The following method of preparing wool for market is followed by extensive wool growers. They first wet the wool by immersing the sheep in the water. Then allow the sheep to stand in the yard until they become warm. The oil in the wool thus becomes soapy, and it requires but a little labor afterwards to wash them entirely clean. They should be sheared as soon as dry, which will be, if the weath-be fine, in about three days from the time they were washed.

HAY AND CORN SHRINKAGE BY DRYING-The Genesee Farmer says:—The loss upon hay weighed July 20th, when cured enough to put in the barn, and again February 20th, has been ascertained to be 27½ per cent.
