Scrofula, or King's Evil, CONSUMPTIVES.

is a constitutional disease, a corruption of the blood, by which this fluid becomes vitiated, weak, and poor. Being in the circulation, it pervades the whole body, and may burst out in disease on any part of it. No organ is free from its attacks, nor is there one which it may not destroy. The scroulous taint is variously not destroy. The scrofulous taint is variously caused by mercurial disease, low living, disordered or unhealthy food, impure air, filth and filthy habits, the depressing vices, and, above all, by the venereal infection. Whatever be its origin, it is hereditary in the constitution, descending "from parents to children unto the third and fourth generation;" indeed, it seems to be the rod of Him who says, "I will visit the injustices of the fathers upon will visit the iniquities of the fathers upon

their children." Its effects commence by deposition from the blood of corrupt or ulcerous matter, which, in the lungs, liver, and internal organs, is termed tubercles; in the glands, swellings; and on the surface, cruptions or sores. This foul cor-ruption, which genders in the blood, depresses the energies of life, so that scrofulous constitutions not only suffer from scrofulous com-plaints, but they have far less power to with-stand the attacks of other diseases; consestand the attacks of other diseases; consequently vast numbers perish by disorders which, although not scrofulous in their nature, are still rendered fatal by this taint in the system. Most of the consumption which decimates the luman family has its origin directly in this scrofulous contamination; and many destructive diseases of the liver, kidneys, brain, and included of the liver, kidneys, brain, and included of the liver, with the content of the liver. and, indeed, of all the organs, arise from or are aggravated by the same cause.

One quarter of all our people are scrofulous; their persons are invaded by this lurking infection, and their health is undermined by it. To cleanse it from the system we must renovate the blood by an alterative medicine, and in-vigorate it by healthy food and exercise. Such a medicine we supply in AYER'S

Compound Extract of Sarsaparilla, the most effectual remedy which the medical skill of our times can devise for this everywhere prevailing and fatal malady. It is combined from the most active remedials that have been discovered for the expurgation of this foul disorder from the blood, and the rescue of the system from its destructive consequences. Hence it should be employed for the cure of not only Scrofula, but also those other affections which arise from it, such as ERUPTIVE and SKIN DISEASES. ST. ANTHONY'S FIRE. and Skin Diseases, St. Anthony's Fire, Rose, or Erysipelas, Pimples, Pustules, BLOTCHER, BLAINS and BOILS, TUMORS, TETTER and Salt Rheum, Scald Head, Ringworm, RHEUMATISM, SYPHILITIC and MERCURIAL DIS-EASES, DROPSY, DYSPEPSIA, DEBILITY, and, indeed, all Complaints arising from Vitiamadeed, ALL COMPLAINTS ARISING FROM VITATED OR INFURE BLOOD. The popular belief in "impurity of the blood" is founded in truth, for scrofula is a degeneration of the blood. The particular purpose and virtue of this Sarsaparilla is to purify and regenerate this vital fluid, without which sound health is impossible in contempirated constitutions.

AYER'S Ague Cure,

FOR THE SPEEDY CURE OF Intermittent Fever, or Fever and Ague, Remittent Fever, Chill Fever, Dumb Ague, Periodical Headache, or Bilious Headache, and Bilious Fevers, indeed for the whole class of diseases originating in biliary derangement, caused by the Malaria of Miasmatic Countries.

We are enabled here to offer the community a remedy which, while it cures the above complaints with certainty, is still perfectly harmless in any quantity. Such a remedy is invaluable in districts where these afflicting disorders prevail. This "CURE" expels the miasmatic poison of FEVEN AND AQUE from the system, and prevents the development of the disease, if taken on the first approach of its premonitory symptoms. It is not only the best remedy ever yet discovered for this class of complaints, but also the cheapest. The large quantity we supply for a dollar brings it within the reach of every body; and in bilious districts, where FEVER AND AGUE prevails, every body should have it and use it freely both for cure and protection. A great superiority of this remedy over any other ever discovered for the speedy and certain cure of Intermittents is that it contains no Quining We are enabled here to offer the community a

tion. A great superiority of this remedy over any other ever discovered for the speedy and certain cure of Intermittents is that it contains no Quinine or mineral, consequently it produces no quinism or other injurious effects whatever upon the constitution. Those cured by it are left as healthy as if they had never had the disease.

Fever and Ague is not alone the consequence of the minsmatic poison. A great variety of disorders arise from its irritation, among which are Neuralgia, Rheumatism, Gout, Headache, Blindness, Toothache, Earache, Catarrh, Asthma, Palpitation, Painful Affection of the Spleen, Hysterics, Pain in the Bowels, Colic, Paralysis and Derangement of the Stomach, all of which, when originating in this cause, put on the intermittent type, or become periodical. This "Cure" expels the poison from the blood, and consequently cures them all alike. It is an invaluable protection to immigrants and persons travelling or temporarily residing in the malarious districts. If taken occasionally or daily while exposed to the infection, that will be excreted from the system, and cannot accumulate in sufficient quantity to ripen into disease. Hence it is even more valuable for protection than cure, and few will ever suffer from Intermittents if they avail themselves of the protection this remedy affords.

For two years I suffered with ca-tarrh and great dizziness in my head, almost caus. tarrh and great dizzinces in my head, atmost causing me to fall. I suffered greatly with asthma, it being hereditary in the family. I was discussed all over. I could not go where there was any dust. I had great pains in my head and neck. I have suffered much with cold feet. The bones in my neck lored much with cold feet. The bones in my neck were drawn out of place with the asthma, and my throat I coked like raw beef After applying to various physicians and obtaining no relief, I finally applied to Mrs. M. G. My asthma is now entirely gone. My catarrh has wholly disappeared. I feit weak and languid for many years, so that I was aburden to myself. The coidness of my feet has disappeared, and I feel a general circulation through my entire system, causing me to be, as formerly, full of strength and vivacity, and can attend to household duties as well as ever. READ WHAT DR. SCHENCK IS DOING.

DR. J. H. SCHENCK. Dran Sin: — I feel it a duty I owe to you, and to all who are suffering under the diseases known as Consumption and Liver Complaint, to let them know what great benefits I have received from your Pulnonic Syrup and Seaweed Tonic in so short a time-by the blessing of God it hat cured me thus far. Dr. Schenck, I will now make my statement to at a follows:—About eighteen mon he ago I was

attached with a severe cough, and it settled a may imps: I could not retain anything I surfaced custored with evening fovers and might sweates. I was very much reduced. The whites of my eyes were very yellow; likewise my skin; my appetite all gone, and unable to digest what I did est; bowsisavoilon, irregular and costive. I was very lowepirited, and had such violent spells of coughingwhen I laid down at night and when I arose in the morning that they would last one or two hours. I then would be nearly exhausted, and was entirely unable to lie on my left side. I cannot describe my wretched suffering as I would wish to do. Every organ in my body was diseased or deranged. Such was my situation at this time, and I was constant to my hed from the last of Rehrupty. 1862, to fined to my bed from the last of February, 1862, to June. 1862, not able to sit up. I had the best of medical attondancs the whole of the time. My cough was so very had that it racked me very much medical attendancs the whole of the time. My cough was so very had that it racked me very much- I at this time raised a large quantity of thick, yellow, offensive matter, sometimes with blood, and it was generally accompanied by nau-ea and a furred and thick coated tongue. At the time of coughing so badly I would have sharp, shooting pains in my left side and heart, night sweats, and soreness all through my whole cheat; had much inward feverl pain in my back and under my shoulder blades and in the small of my back, and at times so severe that it would throw me into spasms. Now my physician' gave me up to die. Others I had, and the best of them, but they could do nothing for me, and at that time I was nothing but skin and bones. I then was in the western part of Missouri. In June last we came to Now York, and I was so reduced that I could only walk a little with my hasband's help. After I had been here a scort time the salt water breese made me feel much better for a time, and then I had again to call a physician for aid. We had four of the best physicians of Now York on the diseases of the lungs, the doctors of all kinds, but of no avail. They said I was past cure, and that my lungs were too far gone for any one to cure me. But at this time I was on my feet about the house, not able to do much of naything. In November last I grew. time I was on my-leet about the nouse, not sole to do much of mything. In November last I grew, worse, and the consumption diarrhea set in and last-ed about eight weeks. We had tried all and very-thing that I could grasp at like a dying person for-my diseases—consumption and liver complaint—

In January, 1863, I was brought down again on

In January, 1803, I was brought down gain on my bod, and was not expected to live the night out. My husband stayed at my side, and other friends, and they all gave me up to die. At this time every one who saw me did not think I would ever leave my bed a living woman. The first night I was attacked with spaems, and was deranged most of the time. A friend, Mrs. Harris, came to see me the last of the wook, and brought the Sanday Mercury. In it was an account of a great cure, performed by last of the wook, and prought the smuony accurage.

In it was an account of a great cure performed by

Dr. Schenck. She rend it to me, and it was so much
like my disease that I asked my husband to go and
see him for me. At this time I had given up all
hopes of ever getting well sgain, and made my peace
with God, to be ready, whenever he called for me.

On the 27th of January, 1863, my husband called
on Dr. Schenck, 32 Bond street, New York, and statelt, him my case, with a request for him to call and to him my care, with a request for him to call and see me, which he did, and examined me with the respiranceter. When he was about to go I asked him if he could cure me? His reply was: "I cannot tell, both lungs are diseased, and the bronchial tubes are affected on both sides." And yet he seemtubes are affected on both sides." And yet hessemed to think there were lungs enough left to effect a cure if the diarrhea could be stopped. He said in order to do this, he would have to give me Mandrake Pills in small doses at first, to carry off the morbid matter, and then, with astringents, he hoped to check it which he did, but the constant coughing, night sweats, and diarrhea had prostrated me so that he was effail my rital papers were too much night sweats, and diarrhea and prestrated me so that he was afraid my vital powers were too much prostrated ever to rally, and yet he seemed to think if I could live to get enough Pulmonic Syrup through my system to cause expectoration, there through my system to cause expectoration, there were lungs enough left to recover. He wished me to try the Pulmonic Syrup and Seaweed Tonic at once, saying it would do me no harm, if it did me no good. The first week it seemed to give me etrongth, so that on Sunday after I sat up. in bed and ate hearty for a sick woman; but the next week I lost all hopes and wished my husband not to give me any more medicine. But the doctor had warned him of this, and when the medicine was electing out the system it reads them. Featsonwarhat clearing out the system it made them feel somewhat restless, and to persevere; and he insisted on my taking it; and now I feel the benefit of it. For aftaking it; and now I feel the benefit of it. For after eight days I began to gain my strength, and, with the exception of a cold that took me back some, I have been gaining strength of body, my cough is going away, and all my pains are gone; no soreness of the body, my bowels are regular, and my breath is sweet, and I thank God that I am now going about, and sew and read as well as ever I could. I have taken sixteen bottless of the medicine, eight I have taken sixteen bottles of the medicine; eight of each. I now have a good appetite and rest well at night; my cough does not trouble me in getting up or lying down. I would now say to the afflicted with consumption or liver complaint, that Dr. Schnook is no humbug. You can rely on what he says. Delay not; it is dangerous to triffe with thuse diseases. If you would be cured, go at once; and any one wishing to know the facts as herein stated can call at my residence, 117 West Houston
