Scrofula, or King's Evil, Schneek's MANDRAK' TIL is a constitutional disease, a corruption of the blood, by which this fluid becomes vitiated, weak, and poor. Being in the circulation, it pervades the whole body, and may burst out in disease on any part of it. No organ is free from its attacks, nor is there one which it may not destroy. The scrofulous taint is variously encode by measuring disease low living, disnot destroy. The scrofulous taint is variously caused by mercurial disease, low living, dis-ordered or unhealthy food, impure air, filth and filthy habits, the depressing vices, and, above all, by the venereal infection. What-ever be its origin, it is hereditary in the con-stitution, descending "from parents to children unto the third and fourth generation;" indeed, it seems to be the rod of Him who says, "I will with the vice it to fibrare upon will visit the iniquities of the fathers upon their children." their children." Its effects commence by deposition from the blood of corrupt or ulcerous matter, which, in the lungs, liver, and internal organs, is termed tubercles; in the glands, swellings; and on the surface corruption or cores. This foul cor-ruption, which genders in the blood, depresses the energies of life, so that scrofulous constitu-tions are only with the scrofulous constituthe chergies of hie, so that scroulous consider-tions not only suffer from scrofulous com-plaints, but they have far less power to with-stand the attacks of other diseases; conse-quently vast numbers perish by disorders which, although not scrofulous in their nature, are still rendered fatal by this taint in the system. Most of the consumption which de-cimates the human family has its origin directly in this scrofulous contamination; and many destructive diseases of the liver, kidneys, brain,

and, indeed, of all the organs, arise from or and, indeed, or all the organs, insertion or are aggravated by the same cause. One quarter of all our people are scrofulous; their persons are invaded by this lurking in-fection, and their health is undermined by it. To cleanse it from the system we must removate

the blood by an alterative medicine, and in-vigorate it by healthy food and exercise. Such a medicine we supply in

Compound Extract of Sarsaparilla, the most effectual remedy which the medical skill of our times can devise for this everyskill of our times can devise for this every-where prevailing and fatal malady. It is com-bined from the most active remedials that have been discovered for the expurgation of this foul disorder from the blood, and the rescue of the disorder from the blood, and the rescue of the system from its destructive consequences. Hence it should be employed for the cure of not only Scrofula, but also those other affec-tions which arise from it, such as ERUPTIVE and SKIN DISEASES, ST. ANTHONY'S FILE, Rose, or ERYSIPELAS, PIMPLES, PUSTULES, BLOTCHES, BLAINS and BOILS, TUMORS, TETTER and SALT RHEUM, SCALD HEAD, RINGWORM, RHEUMATISM, SYPHILITIC and MERCURIAL DIS-RHEUMATIAM, SYPHILITIC and MERCURIAL DIS-RABES, DROPSY, DYSPENSIA, DEMILITY, and, indeed, ALL COMPLAYNE ARISING FROM VITIA-TED, OR IMPURE BLOOD. The popular belief in "impurity of the blood." is founded in truth, for scrofula is a degeneration of the blood. The particular purpose and virtue of this Sarsapa-rilla is to purify and regenerate this vital fluid, without which sound health is impossible in contaminated constitutions.

FOR THE SPEEDY CURE OF

FOR THE SPIELS CORE --Intermittent Fever, or Fever and Ague, Remittent Fever, Chill Fever, Dumb Ague, Periodical Headache, or Billous Headache, and Billous Fevers, indeed for the whole class of diseases originat-

We are enabled here to offer the community a remedy which, while it cures the above complaints with certainty, is still perfectly harmless in any quantity. Such a remedy is invaluable in districts where these afflicting disorders prevail. This "Cure" expels the miasmatic poison of FEVER AND AGUE from the system, and prevents the de-velopment of the disease, if takon on the first ap-proach of its premonitory symptoms. It is not only the best remedy ever yet discovered for this class of complaints, but also the cheapest. The large quantity we supply for a dollar brings it within the reach of every body; and in bilious districts, where FEVER AND AOUE prevails, every body should have it and use it freely both for cure and protec-tion. A great superiority of this remedy over any other ever discovered for the speedy and certain cure of Intermittents is that it contains no Quinne or mineral, consequently it produces no quinism or other injurious effects whatever upon the constitu-tion. Those cured by it are left as healthy as if they had never had the disease. Fever and Ague is not alone the consequence of the miasmatic poison. A great variety of disor-ders arise from its irritation, among which are Neuralgia, Rheumatism, Gout, Headache, Blind-ness, Toothache, Earache, Catarrh, Asthma, Pul-pitation, Painful Affection of the Spiene, Hyster-ics, Pain in the Bovels, Colie, Paralysis and De-rangement of the Stomach, all of which, when originating in the malarious districts. If taken occa-sionally or daily while exposed to the infection, then will be averted from the system, and consequently urees them all alike. It is an invaluable protection to immigrate and persons travelling or temporarily residing in the malarous districts. If taken occa-sionally or daily while exposed to the infection. THE MANDICAGE PILLS are composed entirely of rocks and herbs, obtained from the great storehouse of Nature, and their sal-utary effects will appear as soon as the medicine is brought to the test of a fair experience. Soursec's MANDICAKE PILLS do not produce any naures or stokness of the stomach; but when given for Dyspepsia, it may be proper to use them in con-nection with GOHENOK'S SEAWEED TONIO.---By this judicicus treatment the digostive faculties are speedily restored to their full vigor, and the worst casses of indigestion may be cured. When we reflect that the liver is the largest inter-nal organ of the body, that to it is assigned the im-portant duty of filtering the blood and preparing the ble, that it is subject to many disorders, and that when it is discussed or inactive the whole body suffers sympathetically, it is not surprising that a medicine which can restore the healthy operations of the Liver should produce wonderful changes in the general health, and effect cures which may ap-pear to be almost miraculous. In sonding you a certificate in addition to many you have a lready received from suffering humanity. I can soncely find language sufficiently strong to ex-press my heartfolt gratification of the wonderful cures your MANDRAKE PILLS and SFAWEED TONIC have offseted in the entire cure of one of the most stubborn eases of the affsetion of the liver. For three years I suffered beyond description; all my friends, as well as myself, came to the conclu-sion that my time in this life was short. Such was the terrible condition to which I was reduced that life to me had become a burden; my whole system was in a state of inflamation; I could not eas, I could not sleep; my whole body was filled with pain; swelling would arise in my wr st and ankles, rendering them totally useless. On several ocea-sions I was attacked with a rush of blood to the head, which would fell me to the ground, and I would be carried away for dead. I applied to sev-eral eminent physicians of our city, who adminis-tored all the medicines that they thought would reach my case, but of no avail. One of them said he could do no more for me, and advised me, as a last resort, to drink cod liver oil.
