SILVER'S WASH POWDER Saves Time, Labor and Money. Makes washing a pastime and Monday a festival. Sold everywher

Patented may 29, 1000.

This is an article for washing without rubbing, ex cept in very dirty places, which will require a very slight rub, and unlike other preparations offered for a like purpose, will not rot the CLOTHES, but will leave them whiten than ordinary methods, without the usual wear and tear. It removes grease spots as if by magic, and softens the dirt by soaking, so that the rinsing will in in ordinary cases entirely remove it. This powder is prepared in accordance with chemical science, and upon a process peculiar to itself, which is secured by Letters Patent. It has been in use for more than a year, and has proved itself a universal favorite wherever it has been used. Among the advantages claimed are the following, viz:

It saves all the expense of soap usually used on cotton and linen goods. It saves most of the labor of rubbing, and wear and tear.

and tear.

Also, for cleaning windows it is unsurpassed.—

With one quarter the time and labor usually required it imparts a beautiful gloss and lustre, much superior to any other mode. No water required except to moisten the powder.
