OUR NEW SENATOR.

Hon. John Scott was yesterday elected to represent Pennsylvania in the United States and Allegheny counties, the former particu-Senate for six years from the Fourth of next | larly, furnish a large proportion of the business March. He is a leading member of the Bar of Governor Geary, however, as can be seen by Huntingdon county, and bears a high person- reference to his recent Report, has been exceedal and professional reputation throughout the ingly careful in this respect. The average State. He represented his Legislative district in the House during the session of 1801, and by the sixteen Governors is 149. The largest although previously adhering strictly to the average number ever issued in one year was teachings of the Democracy, when the war broke out the cause of Union found in him one of its most carnest and ablest supporters. He lissued was by Goy, Pollock, from 1855 to 1857, was the acknowledged leader in the House being but 58. Gov. Geary's yearly average in during that session, and his unwillingness to serve the next year in the Legislature caused | ing, as might naturally be supposed, the pargeneral regret.

He did good work during the campaign of 1864. battling manfully for the re-election of five issued for Lehigh county, as follows :--Abraham Lincoln. In 1866, when many good and earnest Republicans hesitated in their condemnation of Andrew Johnson, John Scott denounced him as a traitor and foresaw the verdict of the people which has been passed upon the great arch-traitor in the last Presidential election.

Mr. Scott was born in Alexandria, Huntingdon county, forty-six years ago, and learned the trade of tanner with his father. His leisure hours were devoted to study, and he finally succeeded so far as to be qualified to enter a law school at Chambersburg, where he graduated. He then returned to Huntingdon, and although a poor tanner boy, his talto-day one of the best attorneys in the State. He succeeds Mr. Buckalew, a Democrat who has for six years been a mouth piece in the Senate of the minority of the people of Pennsylvania. In all that time, we might say, the

interests, not only of the Keystone State but of the country, have been placed in jeopardy to a degree that waiting for a legal change was a painful Accessity that the loyal people of the nation do not desire to have repeated. Mr. Scott, although no partisan, is a thorough Republican, and will prove to the country his devotion to those principles for the maintenance of which so much blood has been shed. He will be the faithful and efficient coadjutor of his colleague Hon. Simon Cameron. With such representatives Pennsylvania must stand foremost in the halls of national legislation. His nomination, which meant his election, has given universal satisfaction to the Republicans of the entire State, and the extracts we give below from two of the leading papers of

the State reflect not only the feelings of the whole Republican press, but of carnest and working Republicans everywhere. The Pittsburgh Gazette, published at the home of two prominent candidates, Messrs.

Moorehead and Marshall, says :---

"In oreneated and Marshall, says :----"In selecting Mr. Scott the Republican mem-bers of the Legislature have done decidedly well. He is honest, even beyond suspicion; has intel-lectual powers of a superior runge and quality, and instead of alding in the distractions of faction by which the State has been disgraced, will do much to restore political affairs to a sounder basis." The Philadelphia North American, speaking

for the East as the Gazette speaks for the East, says :---

"The nomination of John Scott, of Huntingdon by the Republican caucus at Harrisburg, has given "The nomination of John Scott, of Huntlingdon, by the Republican caucus at Harrisburg, has given general satisfaction to all branches of the party, and not the less so because it insures a cordial harmony between the Senators from our State. Mr. Scott is admirably qualified for the high posi-tion, and will represent the State with honor and fidelity, and, in co-operation with Gen. Cameron, will give that influence to Pennsylvanin which her great services have won."

burg. Indeed it might be said that the principal or greater portion of the Governor's official greater number of which he disposed of on the dutics consists of hearing and deciding upon applications for pardons. These come from every section of the State, but Philadelphia number of pardons granted yearly since 1791 by Gov. William Findlay, from 1818 to 1820, eing 434. The smallest yearly number ever

five issued for Lehigh county, as follows :--Patrick H. Murray and James Murray. April 9, 1868. "Assault and Battery?" The former to ninety and the latter to sixty days in county prison. Parioned May 8. Recommended by Wm. Fry, Reuben Guth, E. J. More, Wm. H. Souden, A. J. Martin, and others, who assent their belief that the prisoners' offence consisted only in their being present at the time of the alleged outrage; the former is seriously afflicted with a pulmonary dis-case, and the latter has an aged mother and sev-eral brothers and sisters to support, and the ends of justice did not demand the infliction of the sen-tence.

David Morris and Owen Owens. June 2, 1868. David Morris and Owen Owens. June 2, 1808. ", Assault and Battery." Sixty days in county juli. Pardoned June 23. Recommended by W. W. Hunnersy, Henry C. Longnecker, R. Guth, C. M. -It is a statement not/a little surprising, but one that is upheld by a study of the late election returns, that the four States of New York, Pennsylvania, Ohio, and Illinois contain more than one third of all the inhabitants of this vast country. gotten. Already our ever watchful enemy is up and preparing for the contest. In adjoining counties their "committees" have been ordered from headquarters to elect delegates to the State Convention. It will require you, therefore, to prepare to meet the attack promptlyto turn back again the Fort Steadman assault of the political foe. The soldier element in Democratic party, small as it is, demands .. the nomination of Gen. McCandless. The peace men largely in the majority of course, as carnestly insist upon the nomination of Mr. Pack er, Mr. Cass, or some other civilian. The fight, however, will be a short one, and the "peace" men will win. The defeated "soldiers" will submit, as usual, and swallow the ticket. You will have, therefore, united copperhead hosts to combat. To be successful you must begin now to organize ! Will you do it ?

WE do not hear of late any thing from the Democratic newspapers regarding that great "conservative" demonstration which Gen. Grant was to make in the interests of the copperhead party. Although wisely keeping his own counsel the President elect has said sufficient we presume to silence that little rebel battery that was thought to be such an annovance to the Republican party. We do not expect the incoming administration to commence immediately a wholesale slaughter of officeholders, who had their commissions as it were from the red hands of Wilkes Booth, neither do the people look for the entire weeding-out and Gonaives. of convicted thieves in high places on the first week of the new regime ; but we think we are safe in saying that all such volunteers in the bread and butter brigade had better prepare to take up their bed and walk. Gen. Grant will appoint none to office who have not been on the right side of the fence, and on the "ground floor" at that. He will make nothing but Radical tobacco-and that must soon "smoke out" the copperhead worms that are preying upon Uncle Sam's treasury.

THERE is a proposition before Congress to grant Mrs. Lincoln a yearly pension of five thousand dollars. The matter is urged by some of the most prominent members and will probably be consummated. We think such action would meet with the approval of the people, especially if the widow of our martyred President is without the means necessary to insure a comfortable existence. Abraham Lincoln was killed in the performance of duty as Commander in Chief of the Army and Navy of the United States. If it is proper to pension the widow of the soldier, surely no one is more entitled to the guardianship of the Government than Mrs. Abraham Lincoln.

HON. EDWARD MCPHERSON, who largely shared Thaddeus Stevens' confidence, is preparing a life of the Great Commoner. Mr. Stevens before his death, entrusted to Mr. McPherson various papers and official documents bearing on his eventful life. The work will be looked for with more than usual interest.

SINCE the pardon of John C. Breckenridge by the Amnesty Proclamation, and rebelsympathizers in Kentucky are preparing to run him as the Democratic candidate for Governor of that State. Kentucky needs to be reconstructed.

GOVERNOR FENTON has been nominated by the Republican caucus of the New York Legslature for next U. S. Senator, by a majority

Of this vast estate he left \$50,000,000 to his widow, \$100,000,000 to his eldest son, \$40,000,000 to his second, and \$30,-000,000 to his youngest son. animals for the profit of killing them. This shows the quick adaptability of the "boy of the period ' -According to a calculation made by an Italian

statistician of the quantity of iron consumed by the principal countries of the world, as compared with the population, it appears that the yearly average for England is about 170 pounds for evary person; in Belgium, 110 pounds; in the United States, 101 pounds ; in France 75 pounds ; in Prus-sia, 64 pounds ; in Sweden, 42 pounds ; in Austria
