

The Lehigh Register.

MEETING OF THE REPUBLICAN STATE CENTRAL COMMITTEE.

The Union Republican State Committee will meet at Harrisburg, on Thursday, the fourth day of February next, at 10 o'clock, for the purpose of fixing the time and place for holding the next State Convention, and for the transaction of any other appropriate business.

GALUSIA A. GROV,
Chairman of Committee.

THE CITY.

Wanted.—A boy about seventeen years of age, desirous of learning the printing business, can have a situation at this office if immediate application be made.

The Entertainment given by the Choir of St. John's English Lutheran church, on Tuesday evening of last week, was a success both financially and musically.

Rev. Thomas Burman will preach probably, every evening this week in the English Evangelical Church on Turner street, near Seventh. Protected meeting till 7 1/2 o'clock.

Notice.—On Friday, the indolence of an apprentice to his work, caused a pair of rubber boots which were hanging in front of F. W. Smith's shoe store.

New Telegraph Line.—The Delaware River Telegraph Co. have put up their wires nearly to Bethlehem, at which place they will commence using the poles of the Lehigh and Susquehanna Companies.

Job Work of every kind, and at prices to suit the most economical, can be had at The Register's office at short notice.

Leather Scales.—On Monday morning, Mr. Martin, a shoemaker residing in the 6th ward, being about 2 1/2 miles from town, and sent it home by a conductor on the passenger railway. It was duly delivered, but about ten minutes afterwards it was not at, some leather-hoof having stolen it.

Hurt on the Railroad.—Milton Lehr, residing on Tenth street, between Hamilton and Linden, while attempting to get on a train of cars at the Lehigh Valley station, on Saturday afternoon, slipped, the box of one of the cars catching his leg and lacerating the flesh in a terrible manner. He was conveyed to his home.

Notice to Subscribers.—Our subscribers are requested to remember that we have purchased the subscription books of The Register and the settlement of all back as well as advance subscriptions must be made at this office on or before the 1st of no one to collect for us. We give this notice, not as a demand, although money is always ready, but for the purpose of having our subscribers pay their indebtedness into the right hands when they are ready to settle up.

The New Military Company.—On Monday evening a meeting of the young men of Allentown was held at the Lehigh Valley Hotel for the purpose of completing the organization of a military company. Capt. Samuel D. Lehr presided.

Handsome Printing.—We issued last week from The Register office a handsome printed calendar for 1889, containing a directory of City, State and County officers.

Election.—At a meeting of the Farmers' and Mechanics' Building Association, held Monday evening, the following officers were elected to serve the ensuing year:—President, Wm. H. Blumer; Vice President, A. L. Rube; Treasurer, (a vote). The directors were T. H. Good and A. V. Blumer; Clerks, Edward R. Leard, Martin Kemmerer, August Waldner, P. Z. Heber, Joseph F. Newland, Thomas Stetzel, George Kuhl, Henry Baer, Joseph Lieberman, Henry E. Rube. Charles W. Cooper, Jacob T. Colver, and Thomas O. Glickinger, were appointed a Committee to call next year's meeting.

The Billiard Championship.—Jacob A. Stuber, Allentown's champion billiard player, was his ultimate. Persons thinking themselves worthy of the championship have very little time to lose or they will lose the belt altogether, as will be seen by the following proclamation:—

I hereby challenge any resident of the City of Northampton, Pa., to play a match game of one thousand (1000) points for the championship billiard table, to be played on the billiard table to be the full American, push table, including 1/2 inch balls on a 4 1/2 size table. The match to be played in the American billiard room, Lehigh Valley Hotel, Allentown, Pa. Any person desiring to contest for the championship should appear on or before the 15th day of the month of January, 1889, or I shall claim the championship.

New Specimen Book.—Messrs. MacKellar, Smith & Jordan, the proprietors of Philadelphia, have our thanks for one of the latest editions of their Specimen Book. As a work of art it is beyond comparison the handsomest specimen book out, and it contains a wealth of beauty, neatness and style in the specimens of type there presented. We believe no other foundry in America can show so many styles of type of their own manufacture. We testify to its excellence and durability, too, for we have used it ever since we have been in business. A large and well-selected assortment of their handsets, jobbing type have been put into The Register's office, and as we have no new material and presses of the most approved make, there is no excuse for our not continuing to turn out as handsome printed matter as our presses during the past week.

The Columbia City Enterprise.—A very short time is allowed persons wishing to try their luck to procure tickets. If you intend going in, go at once. The ticket you purchase to-day may be the lucky one, we say the lucky one because everybody is going for the \$1,500 prize. The other prizes are worth having, too. We should be disappointed if the managers put us off with that magnificent shell which is so much admired, but which, \$1,500, or more, or what we get, will be satisfied that they are worth having. It is conducted fairly and that the large number of ticket-holders taken in a body have received the value of their money divided among them, according to the luck of the different individuals.

Everybody can, of course, draw a prize, but when it is known that there is an equal chance, that every ticket holder has an equal chance, there is some satisfaction in trying one's luck. But independent of all this, the cause is a good one, the men who work zealously and courageously live, when they are called into action, the safety of private and public property depends upon them, and we advise all who have not done so to go in and help them, and your good motives may bring you a profitable return for your money.

Official Bulletin of last Saturday evening arrested a young chap named Barnes upon the charge of assaulting Clinton Selesore while the latter was "crossing Hamilton" and Jordan bridge Sunday evening. Barnes had a hearing before Alderman Beck who held him in \$100 bail for his appearance at the next term of court.

At the same day, John Opyk was killed by being caught by the cow-catcher of a locomotive on the New Jersey Central Railroad, at Phillipsburgh. He leaves a large family.

RAILROAD MEETING.—The Commissioners named in the charter of the New Hope, Doylestown and Northampton Railroads, met at Doylestown on Saturday, the 23rd inst. A meeting was organized by the Hon. David Kintner, of New Hope, to the chair, and appointing Dr. G. T. Harvey, of Doylestown, Secretary. A committee was appointed to procure the charter, and get the survey of the road, made some years ago. Adjourned to meet at Doylestown, March 20th, to receive report of committee.

DISTILLERY BURNED.—The distillery owned by the Washington, Kingstree, and Eastern Steam, and owned by Col. D. K. Keller, of Reading, was totally destroyed by fire Monday afternoon. The fire originated in the engine room, while the operatives were at dinner, and when discovered, it was too late to stay the flames. The whisky in bonded warehouses, and in the distillery, and the buildings which contained it were also destroyed. How, we believe, is partially covered by insurance, but to what extent we have not learned.

GOSE HOME.—Little Willie, the young lad from Detroit, who has excited so much sympathy from our citizens from his lonely condition, and who was adopted by the late Mrs. Mary Miller, has been taken home by his father, and is now in an apartment to the naval academy. If the parents will permit our citizens will live to remember their treatment of little Willie with pride.

THE MOHAWIC CHURCH ENTERPRISES.—The charitable enterprises of the Mohawic Church are the Foreign and Home Missions, the College and Theological Seminary, both situated at Bethlehem, the various publications of the Church, and the Sustentation Fund, designed for the support of the minister of the Church.

An effort is being made, which will undoubtedly meet with success, to raise an endowment fund of \$100,000 for the College and Theological Seminary, \$50,000 for Home Missions and \$25,000 for publication. Rev. Sylvester G. Kistner, of this place, is the receiving agent for all these funds.

REAL ESTATE SALES.—Daniel W. Levan has sold his two-story brick house on Front street, between 14th and 15th streets, to Mrs. Marianna Miller for \$1800.

Samuel Henry has sold a house and lot of ground, situated on Seventh street between Gordon and Liberty, to Stephen Albright, for \$2300.

Frederick Voltz has sold a two-story frame house and lot of ground situated in the town of Coplay, to Mrs. M. M. Holtz, for \$2000.

Levi Hunt has sold a vacant lot of ground 100 by 150 feet, situated in Coplay, to Louis Peter, for \$550.

George Betz has sold a tract of land, situated in Coplay, to George Esterly, for \$1700.

CHARGE AGAINST AN EX-POSTMASTER.—David H. Minsler, one of Andy Johnson's pets, recently assassinated at Fort Sumner, Montgomery county, had a hearing before U. S. Commissioner Smith at Philadelphia on Thursday, on the charge of embezzlement. The testimony was to the effect that a short time since, a draft was received by the Postmaster at Philadelphia, from the Postmaster General, for \$10,000, and that the defendant, who was accused of deficiency in his account, and Postmaster Bingham was directed to collect the money; that defendant was notified of the fact, but paid no attention to it. Upon the surmises of the ex-Postmaster being threatened with suit, they paid the amount over to the Post Office. The defendant's counsel for Mr. Minsler argued that the act of the surmises relieved him from liability to prosecution; but Mr. Valentine, on behalf of the United States, thought that it did not, and the Commissioner concurring with him, he held the accused in \$2,500 bail for his appearance at Court.

A NEW PROJECT.—The *Spirit of the Times* has a movement in on foot for the erection of a large hotel on Fountain Hill, South Bethlehem, as early as practicable. The matter has been placed in the hands of leading and influential gentlemen in that vicinity. Various means of this nature are being, through various reasons, a favorite place of resort for travelers, and it is believed the constant increase of Summer visitors warranted the erection of a large and costly hotel at the place named. The location is unsurpassed in every particular, the view from that point is of the most beautiful and interesting character, and the views on the Lehigh. The design is to build a hotel covering not less than 8,000 square feet and offering accommodations for at least one hundred and fifty guests, the estimated cost of which is \$100,000.

ONLY ONE.—We notice that a bill has been introduced into our Legislature providing for a general law in this State for holding all the elections in October, and depending with the March election. Crowding Congressmen, Comptrollers, Commissioners, Clerks, Councilmen into one prodigious pile and all for one. It is said there is a general desire for the passage of such a law, which may be so in some places, but here at home we do not very much whether our people ever gave the subject much thought, or care still has how it is decided.

THE ABOVE LAW is now in force in Philadelphia, and is being extended to the whole State, because, first, it is more economical. It does away with the costs of an extra election. Second, more voters have a vote in the Fall elections, because the Spring elections are considered unimportant, and Republicans do not turn out in their strength. In many close Republican districts where the Democrats have the lead, the voters under their thumbs, unscrupulous judges and inspectors have been chosen for the purpose of preventing the vote, and frauds on the ballot-box in the Fall elections have been the consequence. We hope the bill will pass.

MIRACULOUS CURE.—A young boy named Barnes upon the charge of assaulting Clinton Selesore while the latter was "crossing Hamilton" and Jordan bridge Sunday evening. Barnes had a hearing before Alderman Beck who held him in \$100 bail for his appearance at the next term of court.
