March, A. D. 1807, is herewith returned without approval. The effect of this bill, though not apparent from the title, would be to increase the salary of the county treasurer of Lehigh county. His present compensation is about two thousand dollars per annum; and the duties of the office, as I am cred-ibly informed, do not require one-tenth of his time. Prior to 1807, the county treasurer received a higher salary; but the taxpayers complained, and caused the act of 16th of March, 1867, to be passed. They now complain of the proposed repeat; and sundry the act of 16th of March, 1867, to be passed. No more evidence can be taken on either side until after the meeting of the Forty-first Congress, on the 4th of March, and then only when authority to do so is granted by a vote of the House of Representatives. This will probably he obtained by Mr. Taylor. The examination on the part of Taylor was con-tinued in the 25th ward on Monday of last week, before Notary Public Waxler of Germantown, Edward M. Forty of fifty witnesses were examined, their testimony going to establish the irregular and frauduen character of the election as conducted in some parts of that ward. The sitting did not continue tomming and derivery of the watch. But there is too much of this thing going on-thieves stealing bonds, money, picking pockets, etc., and then bar-gaining for the return of the property, by which nears they sometimes save themselves from the parts of that ward. The sitting dld not continue beyond that day. Some testimony was also taken means they sometimes save themselves from the State prison, and make some money. There is a great deal of that business going on in New York, as can be seen by looking at the advertisements in the newspapers. This bargaining with thieves may do very well for the purpose of getting pri-vate property back, but it is serious so far as the public are concerned. A man on whom a crime is committed ought to divulge it, and not compro-mise with a thief, and an officer should make no such arrangements with a robber.
