THE CITY.

Religious On Sunday morning last twenty-

four persons were confirmed as members of St. John's Euglish Reformed Church. Councils. - Both branches of the newly elect-

ed City Councils convened last night for the pur pose of selecting their officers. On a Visit .- Walter A. Ruhe, of Evansville. Ind., who left Allentown about twelve years ago to

seek his fortune in the West, paid a visit to the scenes of his boyhood last week. Market House .- South Bethlehem is going to have a market house shortly. Can the citizens of Allentown longer afford to do without a similar in-

stitution? M. E. Conference .- Pottsville has been se cted as the place for holding the next session of the Methodist Episcopal Conference, in the Spring

of 1870. Accident .- On Monday morning, Moses Leech, the chief roller of the Allentown Rolling Mills, had his hand mashed by being caught in the machinery. The injury was so severe that

amoutation was rendered necessary. Fire. The firemen had a run on Monday night, and a fair prospect of a fire at Hecker's nilton street above Eighth, caused by burning fat. The former was a success, but the fire wa extinguished without the aid of the muchines.

Cared In -Jacob Sein was buried by the enving in of an earth embankment at Weikle & Selp's Brickyard, last week. The workmen had left a short time previously and he was obliged to extricate himself, which he succeeded in doing, al though he had received some injury.

Job Work of every kind, and at prices to suit the most economical, can be had at The Register office at short notice. We are prepared to compete with New York canvassers in the matter of printing envelopes and note paper. Why not patroniz ome industry? Dissolution .- The firm of Metzger & Os-

mun, in the merchant tailoring business, has been dissolved, Nathan Metzger retiring. The business will be carried on at the old stand, No. 43 East Hamilton street, by T. Osmun, Jacob H. Scholl and Martin Lynn, trading under the firm name of T. Osmun & Co. Sleighing .- Snow fell to the depth of four

or five inches on Monday night. During yester day sleighers took this last occasion to indulge in their favorite recreation. The Snow King has ommenced his reign a little too late, however and he was completely vanquished during the day by Bpring reasserting herself. Result of Rum .- Last Saturday night Mary

Cauler and her sister, residing on Seventh street, imbibed rather too freely of the ardent. Mary went home, and to make herself comfortable laid down on the floor near the stove, there to reflect upon the vast amount of happiness obtainable for wenty cents, if judiciously invested in rum. In some mauner her clothing caught fire and she was most shockingly burned. Death put an end to her sufferings on Monday morning.

Real Estate Sales .- Good & Ruhe, real es tate agents, sold Francis Schwentzer's house and lot on Ridge Road between Liberty and Gordon, to ary Weitzell, for \$1050.

Joseph Stofflet sold a vacant lot of ground situ ate at the corner of 7th and Gordon streets, to Messrs. S. E. Albright and Moses Guth, for \$3,400 These gentlemen intend to erect a number of buildings on the lot during the coming summer Appointed .- At a meeting held by the Re-

u Executive Committee of the city of Allentown, at the Mayor's office, March 17, 1869, the following persons were appointed to serve for the First Ward-Herman Schuon, Wm. Rouey, B.

C. Roth: Second Ward—E. B. Young Steltz, Henry E. Rube; Third Ward-Ephraim Grim, Joseph Hecker, John Q. Cole; Fourth Ward -Jonathan W. Reber, John H. Helfrich, Owen R. Hoffman: Fifth Ward-Allen G. Balliet, Alvin P. Zellner, Jonathan Reichard: Sixth Ward-Daniel Brown, Andrew C. Lockwood, Joshua Beitle.

Improved.—Part of the interior of the Eagle Hotel, under the management of the enterprising proprietors, Messrs. Sieger and Hottenstein, has ergone repairs. The apartments on the lower floor have been repainted and papered and now present a very neat appearance. An evidence of the prosperity of this popular hostelry is given in the fact that one-half of the hotel property has been purchased by Messrs. Sleger & Hottenstein for \$25,000. A few years ago the whole property, including the Macangle Bank Building in the rear, was sold for only \$32,000

Row .- On Saturday afternoon a number of drunken roughs kicked up a row in the Allen protect them. Restaurant. The proprietor objected to a " mill" taking place in his establishment and forced the party to adjourn to the sidewalk. Outside, strik- an attempt was made to rob a dry goods store ing from the shoulder was indulged in pretty freely, Bethlehem, the particulars of which we give as fe until one of the party was knocked down and badly as obtained. A policeman observed a man, late beaten, when the police made their appearance and stopped the sport. One of the parties was arrested store and for some reason arrested him. Th on the spot and the others were subsequently captured near the fair grounds. They were taken be fore Mayor McHose, and upon paying a fine were

Knights of Pythias. - The new hall of Allentown Lodge Knights of Pythias, in the fourth story of Paff's building, on Hamilton street above Eighth, will be thrown open to public inspection on Easter Monday afternoon and evening. This flourishing Lodge has fitted up the room at great expense and now has about the most beautiful Lodge room in the city. The frescoing was exccuted in most admirable style by Herring, of Bethlehem, and the carpeting and furniture has been selected with correspondingly good taste. From the centre of the ceiling is suspended an elaborately ornamented chandeller furnished to order by James H. Bush. The Knights desire us to return their chanks to those industrious fair ones who so materially assisted them in making the carpet Everybody should visit the Hall on next Monday

and they will be fully repaid. Broke Jail .- Frequent attempts to escape have been made lately by some of the convicts confined in the old county jail, and notwithstanding the additional precautions which have been taken to prevent such occurrences, three pris succeeded in, out-generalling the keepers abou quarter before six yesterday morning. It appears that Addison Azer, Charles Weber and William Smith were let into the water closet by the watch man, and while there they broke a hole through an eighteen inch wall, which they had evidently worked at before, and escaped. This version is rather cloudy, but it contains all the facts we were able to get at. Azer was convicted for forgery, Weber for stealing shoes from Heckman & Hittle, and Smith for stealing Gum boots from Mr. Farr. Since writing the above we learn that Smith was captured at Bethlehem, and brought back to Allentown. Officers are after the other refugees.

Fenian Celebration .- Agreeably to our expectation last St. Patrick's day was clear, bright, and cold, and everything the Fenian Brotherhood could wish for their long prepared celebration. In | does its duty under what would be considered congregated to the number of several hundred and marched to Catasauqua, There are many who think a watch ought to Hokendauqua and Lehigh Valley, where their and keep good time for years without even a numbers were swelled by accessions from other Orders in those localities, when they returned pelce of machinery a day without oiling, the wi towards Allentown. For hours before the grand entree of the day, upon hearing a person remark that, by Fenians, the streets were filled with "fair women of gratifying his curiosity, he had made a cale and brave men," and small boys, of course. The cry of "here they come" might have been heard make in a day and a year. The result of this long and often before the expected time, and the appearance of a man "wearing of the green" example: The main wheel makes 4 revolution created almost as much excitement among the 24 hours, or 1,460 in a year; the second or cent juveniles as a bull has china shop. EASTER.—This annual festival occurs this year on the 28th and 29th inst., at which time the forty days fasting known as Lent will cease, and the hungry multitude again be privileged to indulge in the good things of life without limit, and without restraint. Colored eggs will be in demand among the juveniles, and those which are not

colored among older folks. FORGERY.-Stephen Heckman, of Allen ownship, Northampton county, bought farming ntensils at several sales this spring and tendered n payment for the goods notes with Mr. John Kohl's name thereon as security. Afterwards it was discovered that Mr. Kohl never endorsed the notes thus offered and Stephen was arrested and committed to Easton jail to await his trial upon the charge of forgery.

CAVED IN .- Several trains on the North Penn. Railroad were greatly delayed on Monday afternoon by the falling of about fifty tons of rock and dirt in the tunnel between Quakertown and cilersville. Workmen were gathered up along the road, and in a short time after the occurrence the tunnel resounded with the sound of the pick and crowbar, and in less than two hours the track was cleared so that trains could run through.

Tonacco.—Some arithmetician calculates that if a tobacco chewer consumes two luches of plug a day, for fifty years, he will chew in that period sixty-four hundred and seventy-five feet, or nearly half a mile an luch thick, and two inch broad, costing two thousand and ninety-five dollars! And ejecting one plut of saliva per day for fifty years, the total would swell into nearly twenty-three hundred gallons-a respectable lake and

lmost enough to float the Great Eastern in! DEATH FROM EXPOSURE.-On Thursday ast James O'Brien was found dead in a field of Villiam Walbert, in Upper Macungle township. Deceased had participated in the Fenian celebra tion in this city the day before, and it is supposed that while on his way home, he lay down to rest, an sleep overcoming him, he met his death from exposure. Squire Hertzog held an inquest and the ered a verdict in accordance with the

above facts. WHY IS THIS THUSLY ?- The expenses of forthampton county, with a population but little ess than Lehigh, and property valued at over one and a half million dollars more, are about twenty thousand do lars less than Lehigh county, as the following figures show :- Northampton county : Population, 47,765; property valuation, \$4,616, 328.40; expenses, \$178,839.32. Lehigh county Population, 48,032; property valuation, \$3,063-206.60; expenses, \$198,997.48.

EVERY REPUBLICAN throughout the county should send us all the items of interest occurring in his particular neighborhood. With this assistance from our friends, we can build up a pape that will be taken in every household, and our sphere of usefulness will be enlarged. Where we are unable to get the news in any other way, we are willing to pay for it. We ask this fro young men. To their exertions the people look for the power which will revolutionize the county politically; and as they are the ones to be benefitted more materially than any others, we ask hem to lend us a hand

THE PENNSYLVANIA STATE AGRICULTURAL Society.-The State Agricultural Society assembled in the Hall of the House of Representatives, at Harrisburg, on Wednesday last. Joshu Wright of Washington county, was chosen tem porary president, and Judge Longaker, of Aller own, and John Small temporary secretaries. On motion of Colonel Thomas P. Bunglary. -On Thursday night of last wee night, lurking in an alley in the vicinity of the officer was not aware that his prisoner was active as sentinel for "operating" parties or perhaps ti entire gang would have been captured. On the way to the station-house the "sentinel" becan unruly and escaped. Chase was given but result fruitiessly. On going to the store in the morning goods in great quantities were found packed u and a number of expensive shawls stuffed in hug bags ready to be carried away. The second vidently would have made a clean sweep of dr goods if they had not become frightened by t olse made outside. Our informant was unable give us the name of the gentleman who owned t store, and did not know whether suspicion was tached to any one residing in the vicinity.

OUR NEIGHBORS.

NORTHAMPTON COUNTY.

EASTON, PA., March 22d, 1869. -St. Patrick's day was celebrated by parades and High Mass in the churches in the more ing, parades and eating in the afternoon, and by going to the theatre in Easton and to a ball in Phillipsburgh in the evening. So the admirers of the old Saint had a jolly time of it. There was ess, which speaks well for the little or no drunken societies engaged in the celebration.

-The absorbing question during the past week was. Who shall be Chief Burgess ? which was decided on Friday—election day,—in favor of W. H. Hildebraud by 42 majority. Mr. H. is a Republican, but many Democrats voted for him. The Republicans regard it as a great victory.

-The next absorbing question is, Who shall be Post Master? Two widows wish the situation and a large delegation of the male persuasion left for Washington to consult with "the powers that e," concerning the matter. Bunstein, of the Free Press, is on the inside track and deserves the office, as he worked hard for the party in the Presidential

-The gas of Easton is of high price and poor quality, and is afflicted with the servant girls' lisease—an intense desire to "go out." -It would occupy three times my limit to tell you of all the vendues (wanders, as our Jersey friends call them) which have been held during

this month in this vicinity. Everybody is either selling or buying. -More discord in musical circles! Strange wishy-washy stuff for the waste-basket, merely to these localities, and the insolent and insultform the public that the writer-X, or Y, or Z (as the case may be) knows nothing ab heory or the art of music. In the name of sense,

-All the Methodist clergymen in this vicinity are away at Conference. It will be some time before the Easton M. E. Church obtains a minister so acceptable as a pastor and preacher to the working people as they possessed in their last minister,

then, why don't they keep quiet-or buy, a jews

-Home from Washington! a number of our Nobody seems to have got what they went for.

-It seems to be believed that "Captain Kidd,

as he sailed, as he sailed," came up as far as Eas ton, and in Mt. Parnassus, in Phillipsburgh, buried some pots of money, intending to call for them. But he, dying of the throat disease, a lo of simpleminded, lazy people are trying to find the precise spot where the uncalled-for money is buried. They dig quite lively for lazy people, but they have not come to the money yet. I shall inform you of the

grates.

—The price of salt in this town seems to vary. Our friend Brique bought a roll of butter-8 pounds, the other day, at 45 cents per pound, and by putting it in water washed one pound of sait out of it, which makes salt quite an expensive article of family consumption. But in New York, they say, they put small paving stones in large rolls. Such butter readily commands 40 cents per

LETTERS FROM THE PEOPLE. THE SUNDAY EVENING MOB.

Messrs. Editors: I desire, through the column

of your paper, to call the attention of the prope authorities to the magnitude of the evil of corner lounging as indulged in by the young men of our otherwise respectable city. The nuisance—and I cannot find a milder term—has assumed such proportions, especially on Sunday evenings, as to call forth the righteous indignation of all well-behaved citizens. On Sunday evenings in the loalities of Sixth and Hamilton and Seventh and Hamilton the crowd of loungers is so great that it with considerable difficulty pedestrians can make their way through the throng. The gathering itself is not only an outrage upon decently disposed people who are compelled to pass through cal friends rush into print with whole columns of it, but to have sensitive and refined tastes shocked by the foul utterances of the habitues of

> that it is only necessary to direct the attention of our "guardians of the public morals" to the matter complained of, we confidently expect the nuisante to be abated. ALLENTOWN, March 22, 1869.

Scrofula, Salt Rhum, Skin and Female Disease Warranted cured.—See testimonial:—

Salisbury Township, Lehigh Co., & Oct. 31st, 1808. It is with a grateful feeling that I feel able to nake the following statement for the benefit of those who are suffering from Scrofula and other Chronic Diseases. My wife had been suffering for several years from tumors or swellings on her neck which after a time would gather and discharge matter, leaving a running sore. She had bee treated for more than a year by most eminent physicians without receiving any permanent ben-It, her disease becoming worse, until she had five of these running sores on her neck, when I employed Dr. H. D. Longaker, under whose treatment she commenced to improve very fast, the sores on her neck to heal, and all her unpleasant and disugrecable symptoms gradually to disappear, until her health was restored, which was in about four months. I feel perfectly justified, after having tried the treatment of other physiclaus, in recommending all those who are suffer ing from Scrofula or Chronic Diseases to Dr.

Longaker for medical treatment, with a firm be lief that they will be satisfied, benefitted and cured thereby, as my wife has been. JAMES BARNER. Dr. H. D. Longaker's office is on the East side of Sixth street between Hamilton and Walnut,
