### U. S. MARSHAL,

Gen. E. M. Gregory, of Philadelphia, ha been appointed U. S. Marshal for the Eastern District of Pennsylvania, made vacant by the death of Gen. Ely, which occurred last week. We wonder whether our friend Hiestand will be philosopher enough to give us another humorous letter on the subject. The friends of Hiestand, Lauman, Frick and other applicants were early on the ground, but Gen. Grant, at the suggestion of Gen. Howard, appointed Gregory in consideration of his services during the rebellion and afterward as an officer of the Freedman's Bureau. The taking of the next census makes the office a very important one in many respects.

THE Philadelphia Press, of May 5th, gives us the following compliment :-- "Since The Lehigh Register of Allentown has passed into the hands of the proprietors of the Norristown Herald and Free Press, it has shown a decided change for the better. Mr. Robert Iredell, Jr., stays there personally to look after it, and it is but just to say that under his able management it presents a neat and attractive appearance, is filled to repletion with interesting news matter, while withal it is edited with marked ability." The proprietors can con scientiously say that no better local advertising medium is published in the Lehigh Valley, and they solicit the patronage of the busines men and others of the county.

A MAN received \$850 damages in the Berks county court last week against two persons who undertook to cure a cancer or tumor on his leg. Plaintiff alleged that through the malpractice of defendants, amputation was made necessary, and that defendants were incompetent to perform the duties assumed by them. There may be special cases in which suit and judgment would be warranted, but we doubt the propriety of holding professional men responsible in damages where they act to the best of their ability. 1.14
