DR. HUTCHINSON'S

late a member of the Legislature from that county. Mr. Waddell is a member of the bar and a rising man. His manner in the convention betrayed none of that nervous brusqueness so often shown by the vain word delegate. His remarks are always listened to with

Bucks, Sixth district, sent George Lear as her Senatorial delegate. Mr. Lear ranks high as a lawyer and during the last campaign we had the pleasure of listening to several good speeches from him. He looks like a lion and his carnest, emphatic manner is calculated to impress the audience.

Schuylkill county, Ninth district, was represented by Linne Bartholemew, well known throughout the whole State as a man of decided ability. He is one of the leading men of his county and always ready to help his party. The dutics of his position were not new, as we believe he always is selected for the honor.

Hon. George T. Miller, member of Congress from the Fourteenth Congressional district answered for the Fourtcenth Senatorial district.

The Twenty-fourth district, Westmoreland Fayette and Green, sent the veteran John Covode, who was greeted by hosts of friends His hearty, bluff look and ringing voice as he spoke of the services of his friend Galusha A. Grow, in Congress during the difficulty with Rhett and others, when the speaker stood with spittoon in hand, ready to knock down the man who dared to lift a hand against his friend, brought forth shouts of applause.

Hon. Thos. M. Marshall was there from Allegheny, Twenty-fifth district, looking as young and active as he did years ago. He is a power in the West, where the people love to hear him and know his merits.

power in the West, where the people love to hear him and know his merits.
Amongst the representative delegates were Hon. G. A. Grow, the able chairman of the State Central Committee, Gideon Clark, of Philadelphia, Hon. James L. Graham, State Senator from Allegheny, George Lauman of Berks, (he wasn't pleased at anything), Hon.
H. L. Cake of Schuylkill, Hon. John Cessna of Bedford, full of life with his eye and brain as clear as over, Hon. P. H. Osterhout, of Wyoming, Senator from the Eleventh district. Hon. James R, Clarke, of Warren, and othere whose names we have forgotten.
The cleation in Virginia on Monday next will be a close contest. The result will have an important bearing upon Texas and Missister.

an important bearing upon Texas and Mississippi, the only other States who refuse to abide by the lessons of the war. We hope that the Well's ticket will be successful, for the sake of peace and harmony. If the rebels are still to control Virginia she might as well be left out until experience shall have taught her that by a just compliance with the demands of a liberal government she only can resume those relations which were cast aside by the rebellion. In Tennessee the fight between the "Stokes" and "Senter" parties has not abated, and if "the late Andrew Johnson" should be elected Governor (heaven save us !) it will only be on account of the division in the Republican ranks.

GOVERNORS Geary of Pennsylvania, Hayes of Ohio, and Chamberlain of Maine, have been renominated by their respectivo States. The people believe in keeping good men in' office.

The unanimity shown in their selection speaks well for re-election in each case.

THE prevalence of yellow fever in the island of Cuba has induced the health officer at Philadelphia to issue an order requiring all vessel arriving from ports or places in that Island to Cessna and others, and adjourned at a late hour stop at the lazarctio

On the reassembling of the convention a resolution was presented and adopted setting forth that Hon. Galusha A. Grow, for the services as Chairman of the Republican State Central Committee, and his untiring labors in behalf of Republicar ideas and principles, is entitled to the thanks of the Republican party.

The committee on permanent organization reported Hon. John L. Graham, of Allegheny coun-ty permanent chairman. The lists of vice presidents were then handed in and agreed to. After other business, of a miscellancous character, had been transacted, the convention proceeded to make general nominations for Governor. The following av. names were offered :

amee were offered : General John W. Geary, of Cumberland county. General Horace M. Porter, of Dauphin county. General Wm. Lilly, of Carbon county. General George G. Meade, of Philadelphia. Hon. Thos. M. Marshall, of Allegheny county. General James B. Negley, of Allegheny county. General Harry White, of Indian coanty. Hon. Geo. B. Lawrance, of Washington county. A motion made to make the nomination of Gen eral Geary unanamous was opposed by Mr. Lau

nan of Berks county. The names of Messrs. Marshall, Negley, Lawrence and White were withdrawn, and the con vention proceeded to a ballot, with the following mault:

General John W. Geary.... General Win, Lilly...... General George G. Meade.. General H. M. Porter.....

Total..... .131 General Geary, having received a majority of the votes cast, was declared the nominee of the convention for Governor. - A motion to make the mination unanimous was opposed by Mr. Lauman. A vote was then taken, with but one dissenting volce-Mr. Lauman. Subsequently the nomination was made unanimous amid the wildest enthusiasm.

Judge Henry W. Williams, of Allegheny county, was nominated for sudge of the Supreme Court without opposition. The Committee on Resolutions reported the fol-

nttain universal freedom and the inalienable rights-of man. Resolved, That we cordially endorse the admin-istration of Governor John W. Geary as wise, eco-nomical and honest, and that it deserves, as it has received, the approval of the people of Pennsylra-nia, and we capacially commend his uniform ef-forts to restrain the evils of special legislation. Resolved, That the Hon. Henry W. Williams, our candidate for the Supremo Bench, we present a learned, pure and patriotic jurist, who will adorn the high position to which we propose to elect him. Resolved, That we reiterate and affirm our ad-herence to the doctrine of protection, as proclaim-*Resolved*, 7 link we resolute and minin our advectories of the doctine of protection, as proclaim-ed in the ninth resolution of the platform adopted at the State Convention of March 7, 1866. *Resolved*, That we endorse the ticket this day nominated, and pledge to it our hearty and cordial

nominated, and plonge to it our neary and column support. Resolved, That the chairman of this Convention is hereby authorized to appoint a chairman of the State Central Committee on the joint recommen-dation of the candidates this day nominated. Resolved, That the State Central Committee shall consist during the coming campaign of the same number of delegates from each county as the last committee, and they be appointed by the Sen-torial representatives, except Allegheny county, which shall have eight.

After a speech from Gov. Geary the convention ijourned sins die.

In the evening a monster ratification meeting was held at Concert Hall. Hon. Geo. H. Stewart was called to the Chair amidst rapturous applause, and paid an eloquent tribute to the principles of the Republican party and the candidates it had named. The meeting was then addressed by Ex-Gov. Pollock, Hon. Wayne McVeigh, Hon. John with cheers for the Ticket and Platform.

A New Haven colored man was trundling a wheel-barrow upon the sidewalk the other day, when a policeman ordered him into the street, on peualty of the law, whereupon the colored man shouldered his vehicle, and so kept within the curbatones of the law and of the sidewalk, remarking, "Guess dat's all hunkeys, an't it?"

A week of two ago a young lady of Iowa, while on the way to her wedding, was offered five dollars by another young man I she would marry him, and consent-ed. The disappointed lover was not to be wholly cheated out of his matrimouy, and therefore proposed, was accepted by, and married the sister of the jifter on the sa

Messrs. Stokes and Senter, the rival candidates Accessor brokes and Schory, the first canadatic for Governor of Tennesses, are stumping in concert: In a recent speech the former said that he would give the lat-tor ten dollars if he would state whether or not he stood on the Chicago Republican platform. Mr. Senter answer-ed that he did, and put the ten dollars in his pocket. Mr Stokes does not think his money well invested. The Hartford manufacturers begin to suspect

The Hartford manufacturers begin to subject that they have a Bourboin among them. Some time age a man, with the appearance of a free and easy mechanic, secured work is one of the large manufacturing establish-ments in that city, at §6 week. He labored so faithfaily that his pay was soon advanced about 50 per cent. Mean-time the man took a pretry therough look at the city and its surroundings. Friends of his secured work in other controls the advanced according work in other

its surroundings. Friends of his scenard work in other factories in the city, and everything went an quietly nutil and aly there were some important setures in the ueigh-borhood for violation of the Internal Revenue. The young mechanic, about this time, gave up his situation, left his boarding-place, and took up quarters at one of the princi-pal hotels. What is quile singular, he seems to have a thorough knowledge of the manuer of conducting business in many establishments in Hartford, and a very thorough

ny establishments in tractions aiutance with the Revenue laws. The Columbia (Pa.) Spy says that on the farm of Isaac Steadman, one-half mile east of Mount Joy, there is to be seen the largest bullock in the country. Dan is his name, he weighs nearly 3,000 punds, is six feet four luches in hight, and measures over ten feet in circumfer-ence. He moves about quito briskly, and in some respects resembles a huge elephant, being of nearly the same color.

The firm name would sound very bad, either way you put it Steal and Do Little, 'or 'Do little and Steal." We can't jine. One of us would soon be in the poor house, and the other in the peniteutary.

"In plain English," says the Pall Mall Gazette, "In pinin English," suys the fait has the factors "we ought users to attuch the smallest importance to any peech or doclaration of policy which comes to us from the United States." This is said appropose of the general ex-pression of American option concerning Mr. Summer's Alabama speech. Well, it is to a certain extent true. No one man's ulterances can ever be taken as the voice of the American peeple, nor as of any practical importance, naless he be intrusted with official power to act. We do at rescording here the address of responsibility which obunless he he intrusted will official power to ref. We do not recognize here the shades of responsibility which ob-tain in European Governments, and which invest different men or journals with auch modifications of power that's their sayings are to be regarded as 'inficial,''' is conf-official,'' "almost semi-official,'' &c., phrases to be seen every day in European journals. When Congress passes a law, or the President issues a proclamation, or one of his Secretaries puis forth an authorized document, it may be regarded as of official import.
