Accidents.—Jacob Hines was severely

bruised about the body by the scuffling at the new jail giving way and falling upon him, on Monday morning. He is doing as well as can be expected.

On Monday morning, says the News, a sad accident occurred at one of the furnaces in the lower part of the city. While Jacob Lellig, one of the employees, residing in the First Ward, was at work, a huge piece of coal fell upon his arm, maiming it terribly. The sufferer is a man of family and deserving of the sympathies of the community.

A young boy named Thomas Gibbons, residing in the First Ward was kicked on the leg by a horse about eight days ago and on Monday locked up in bed, from the effects of which he died on Monday.

TEHRIBLE RESULT OF PLAYING WITH POWDER.—One day last week, a young lad by the name of Jacob, residing at Seldeville, filled one of his trousers pockets with powder and then applied a match to it. The powder ignited, set his clothes on fire, and he immediately jumped into the river to quench them, but he was so horribly burned that nothing but death could put an end to his agonizing sufferings.

DROWNED.—A lad named John Cook, whose parents reside at Newark, N. J., met his death in a singular manner near Bethlehem. It was on the 10th of July, when he was about 15 years of age, and was out for a walk with some friends near the bank of the river.

THE SUN AGAIN.—PREPARATIONS FOR THE

Eclipse.—On Saturday night the preparations for the total eclipse of the sun by the planet Venus, which will be visible to the eye of the naked eye, were in progress. The event is taken by Susan B. Anthony & Co., as a triumph of woman's rights, and the friends of old

Bol had no fears for the ultimate result, for the friends of the cause were so numerous that they felt confident that the cause would be victorious. The friends of the cause were so numerous that they felt confident that the cause would be victorious.

A total eclipse of the sun is a rare event. We are told by astronomers of Washington that "no total eclipse of the sun has been visible in our country since 1824, and will not be visible again until 1874." This is a fact which is well known to all.

Disturbance and Fatal Accident.—Miss Barbara Greig, 30 years of age, who resided with her nephew, Richard Hoffmann, at 517 Bigman street, Reading, fell out of the second story window of the premises at 10 o'clock, on Saturday evening last, sustaining such severe injuries that she died within about an hour after the accident.—Reading Times.

CONDUCTOR TERRY'S EXCURSION took place on Thursday last, according to previous announcement. Notwithstanding the immense number going with the Temperance folks, Terry had a fine crowd, numbering over six hundred of both sexes and of every age. The train numbered eleven cars, all well filled, and arrived at the foot of Mount Pisgah about a little more than an hour's run from Allentown. Here the excursionists were transferred to the boats, and the latter part of the excursion was spent in a most enjoyable manner.
