THE DUTY OF THE HOUR.

Again we are upon the eve of another political campaign. Both parties have adopted their platforms and nominated their candi-The Democracy although defeated time and again during the last eight yearsdefeated on the field of battle and at the ballot box, have learned nothing, but reiterating like the maudling mutterings of a drunken man, the dogmas spurned and rejected by the peo ple, offer us no new principles, no new ideas no new government fabric from those they sought to sustain twelve years ago. They only ask the people to tear down the temple of freedom, wipe out the deeds of valor, forget the heroic self-sacrificing and cast aside the glowing truth of "equal justice to all men," secured, sustained, purified and sanctified by the blood of 300,000 patriots slain.

They reassert the hideous doctrine of State Rights, they ask indirectly the repudiation of the National debt, they demand class legislation, they urge tree trade and they seek to degrade labor and the workingman, in short they gloat on the dry bones of partisan dogmas and hatreds that have already bleached in twelve summer suns. This all they ask in party platform, this antediluvian political creed they impudently ask the people of this State to adopt. As their standard heaver they have chosen an individual whose only recommendation is his wealth, whose political career, such as his friends made for him, is offensively opposed to all the degreet interests of a patriotic American and a friend of the masses. Rolling in his millions made from in the county who are more intelligent than the necessities of the government and the peo- Mr. Geiger. Through his own efforts he has ple during the war, these and not himself were | mastered the different branches of an English set up as the candidate for Governor of this education. He has served his township first Commonwealth. A known and recognised as an instructor in the public schools and then enemy of the workingman, in that he knows as Justice of the Peace, which latter office he the workingman only as a means to add to his now holds. Mr. Geiger, we believe, has alhorde, he is the representative of capital ways been a Republican, though he never took against labor in its most offensive form, and by | part in the active work of his party. If elected reason of his position in the L. V. R. R. he represents corporation interests as opposed to individual enterprise.

The Republican party on the other hand asks only that the great work accomplished in the past shall remain as a lasting monument to National progress, to the principles of freedom, justice and equality. Freedom to all God's human creatures; justice to the true and tried; and equality before the law of all men! It asks only faithfulness to the history of the past and fidelity to the great cause sanctified by the blood of patriots slain. It nake for protection to the working man, faith to the nation's pledges and honor, and taxation that will bear lightly on the poor.

Stripped of all sophistry and verbiage, the issues of the campaign are simply to destroy or root out the work of the past eight years, or to sustain and cherish it and yield not until its success is final and complete!

Such, Republicans of Lehigh County, are issues presented to us. To aid us in our work we have a standard bearer whose record as a soldier and statesman is unblemished. His enemies, foiled in every attempt to success. fully attack his character, private and public, have descended to ignoble means of making charges, hoping thereby to divert our attention and exhaust our time in refuting them.

Our duty is plain, the interests of ourselves, individually and collectively, are to work on and work ever for the success of our principles and ticket. Our object is not that of the office seekers or political jobbers, but the high of the polls on the day of the election. Our County ticket is one of which we may well be proud, and one in which every Republican can feel and take a personal interest.

If every Republican will do his duty and represent our cause and the county abuses of our opponents, the result cannot be other than gratifying. Remember that it was not many years ago that the State was Democratic, but | The tax-payers of this county should remem by constant and untiring work it was made Republican. The same can be done with Lehigh County. Our duty is to do it. BE NOT IDLE THEREFORE, BUT WORK!

MORE LIGHT.

Let the people bear in mind that negro suffrage is the issue in Pennsylvania this fall. The question is, are the people of the great State of Pennsylvania in favor of calling to their aid the negroes to sit on Juries, hold office, &c.—Allentown Democrat. In an adjoining county in this State a negro

OUR COUNTY TICKET.

The Republican party present a ticket this The Republican party present a ticket this fall for the suffrage of the people of this county that can scarcely be excelled in the material of which it is composed. The nominees are all men of more than average ability, well qualified to perform the duties of the offices for which they have been nominated. If the interests of the county and the fitness of the candidates entered into the contest this year, as it must do before long, this ticket would receive an overwhelming unjority. The Democratic "Ring" has always filled the offices of this county to suit itself, is growing holder and HON. HENRY W. WILLIAMS, more distasteful to the people, and its candi-

Paul Balliet, of North Whitehall township, our nominee for Prothonotary, is a descendant of a family of old line Whig principles; and hence is a thorough Republican. He has for years been engaged in the development of ron ore and the manufacture of iron. Much of the wealth of this county is attributable to his energy and enterprise in developing its mineral resources. Should he be elected to the office for which he has been nominated the people of our county can rest assured that all its duties will be discharged with fidelity.

TREASURER. Solomon Kline, (miller), has been nominat ed for County Treasurer. He is a man of pluck, energy and enterprise, whose whole character is beyond reproach. He has an extensive acquaintance with the people of the county and is extremely popular. He struck the Democracy in a sore place when he offered to discharge the duties of County Treasurer tor \$800 a year, giving the balance of the salary to the County Treasury. This saving to the County is worthy of consideration by our voters. We shall see how much is in this cry of retrenchment. Democrats, show that you are honest in your professions and vote for Solomon Kline.

Dr. Wm. II. Romig is quite a young man. He is a son of Dr. John Romig, is a graduate of the University of Pennsylvania, and has commenced his profession, under such auspi ious circumstances that he is already enjoying a large practice. He is one of the rising young nen of this State. In a political point of view ic represents a family name that always has been and always will be true to the great doctrines of civil and religious liberty. REGISTER OF WILLS.

LIGHT.

Under the head of "Geary's veto," the the Allentown Democrat of August 18th, berated the Governor for not vetoing more of the private bills passed by the Legislature. ber that during the last winter's session of the Legislature, the Democratic county Treasurer of Lehigh county succeeded through the

Democratic members of the House to have a bill passed to increase his salary to \$2000. This was done and could only be done through the efforts of the members from this county under the rule that the member from every district should control special legislation for his district. The Republicans of Lehigh county sent a remonstrance to Gov. Geary setting forth the facts in the case and he vetoes it. Honor to whom honor belongs!

ceive an overwhelming majority. The Democratic "Ring" has always filled the offices of this county to suit itself, is growing bolder and bolder; its actions are becoming more and more distasteful to the people, and its candidates are selected without the least regard to their qualifications or the interests of the people. The time is fast approaching when, it we wish to save ourselves from ruin, this rule of the "Ring" must cease. There will be a reaction in favor of justice and honesty, and a proper management of the finances of the county. If it does not come this year, if the excellent ticket we have presented shall be defeated, there is hope in the future. The time is near. Therefore let every Republican go to work with a will and in the hope of victory. The ticket is worthy of every effort.

Assemilly.

James S. Biery and Sylvester L. Glering, the gentlemen nominated for Assembly, are both well known to the people of Lehigh county. They are and always have been Republicans of the most approved pattern. Mr. Biery is A young man, has just been admitted to the bar, and holds out every promise of a useful as well as successful career. Mr. Glering resides in Emaus, where he has always lived, and where he is very greatly respected for his integrity and worth. These gentlemen will well represent the interests of the County.

Paul Balliet, of North Whitehall township, our nomine for Prothonotany, and it is considered to the case of distastering the content of the secretive power so monstrous and separated by the sources of the parton. men of the party. There will be large Republican gains in the West. Here in Lehigh we can speak from our own knowledge. No more unpopular choice could have been made than that of Asa Packer for the Gubernatorial nominations. That can be relied upon, while in the Republican party we have yet to hear, of a single dissenting voice.

THE result of the elections in Virginia and Tennessee have encouraged the Ku Klux who are again at work. Lebanon, Tennessee, is the latest scene of their outrages. A party of 50 or 60 mounted men entered that town on the 21st, and after visiting several persons, whipped the teacher of the colored school and ordered him to leave town within a week. Union men are afraid of their lives and appeal to the general government for protection. Is it any wonder that an army should be kept there? How long must these outrages be borne without retribution? Conservativism is to blame for this-reconstruction under such influence and with such results is a farce.

THE next monthly Statement will show a further decrease in the public debt notwithstanding the large amount required to pay pensioners. Where there is a will there is a way and Boutwell is doing his best. Dent's letter does not appear to have hurt him much.

We charge that upwards of one million dollars of the State funds are now in the hands of private parties, and that the State Treasurer, or some of his friends, get the interest accruing on that sum. Do the friends of the State administration find nothing to defend in this I—Allentown Democrat. Charges are easily made, nothing more easy

When the word was given Harvard's noted start came nto play, making 43 strokes to the minute. Oxfords made only 40. For a mile and a half the race was splendid. Harvard soon drew away from Oxford, and kept the lead to Craven Cottage, a distance of three-quarters of a mile. Oxford drew up level just beyond Hammersmith Bridge, and when off Chiswick, two miles and a half from the start, gained the lead, and after that they won as they liked. The Oxford crew pever changed their was irregular; they lost from wholly above Hammersmith, and when off Chiswick were rowed to pieces, though they pulled to the end of a hopeless race with magnificent pluck, and that long after their strength and control over their muscles had failed. For the last two miles they had "pluck," and that only, the coxswain steering "wide," and thostroke being fatally quick.
