By order of WILLIAM J. ROMIG, President. The following are the members of the Committee

THE CITY.

School Appointments .- Mr. S. H. Larue and Miss Sarah Gabriel have been appointed teacher in the High School, the former in the male and the latter in the female department.

Burned .- Charles Smith, employed at Fisher's foundry, was somewhat burned on last Saturday by molten iron splashing out of the ladle

Going West .- One of the cars of the Allen town Passenger railway has been purchased by the passenger railway company of Davenport,

Before the Public .- Mr. Adolph Zwanzig appears before the public in an advertisement in an-Those about purchasing sewing nachines should give him a call. We know the machine he sells is one of the best manufactured, and those who run it say it is the very best in use.

Masonic. - The Grand Commander of Knights Templar, of this State, has notified the commanderies of Reading, Mauch Chunk, Tamaqua, Easton and Allentown, to meet in conjoint conclave at Allentown, on Wednesday evening, optember 8th. A large number of members are expected to be present.

Excursion .- On September 11th, 1869, the Red Men of Easton will make an excursion to Worman's Spring, Allentown, Pa. This beautiful resort has been wisely chosen. It is pretty and attractive place, and the large hotel on the grounds will be open to the excursionists, whose large parlors afford a fine opportunity for dancing. Real Estate .- Henry Wetzel sold a house

and lot situated on Ninth street, north of Liberty, to Daniel Kistler, of West Penn, Schuylkill county Messrs. Edward Harvey and William H. Sowden sold a vacant lot of ground, 29 feet front by 110

in depth, situate on Sixth street above Linden, to Walter P. Huber, for \$2100. Fifth Ward School House .- At a meeting of the School Board, Fifth Section, on last Friday,

the following preamble and resolution wer WHEREAS, The Board of Controllers of this city

has informed us that the Fifth Section School House will not be completely finished so as to admit all the schools of that Section before the 13th day of September next,

Resolved, That the Secretary give public notice that the opening of the schools in the Fifth Section be postponed until the 13th day of September

Firemen's Parade .- On the occasion of the visit of the Congress Hose Company, of Chestnut Hill, to this city, on Monday next, the Fire Department of Allentown will turn out in force and make a parade through the city. Preparations are being made for a handsome display. The

Good Will Fire Company have engaged the Ringgold Band of Reading, and the America and Coumbia will have Allentown music. On Tuesday evening a grand complimentary ball will be give by the America Hose at the Fountain House. A Phrenologist on the Make. - An individual representing himself a votaric of the above pro ion stopped at the Eagle Hotel last week, and taking advantage of his knowledge of men's virtues and weaknesses, conducted himself to suit the different temperaments of those he met and thu encountered little difficulty in worming himself into the affections of confiding humanity. onesty personified and was particularly severe in

his expression upon those persons who board at a hotel and leave without paying their bill. He couldn't see how they could do it, really. But it appears he suddenly discovered the "how" one night, for the "Engle" awoke from its slumbers next morning, yawned and rubbed its eyes, but it could not open them wide enough to sec the Phrenologist, for he had left. And his baggage, -oh where, oh where, was it ! Mass Meeting at the Square-A Large Turn

out-The First Gun of the Campaign .- The campalgn was opened at Centre Square on Saturday ening. The Republicans of the city turned out in force. The meeting was extraordinarily large and the people were attentive listeners. Hon. A. Wilson Henszey, of Philadelphia, addressed the assemblage in an able, sound, telling speech. He mself more particularly to the laboring men. He showed that the Republican party was by its professions and its acts, by the passage of the Homestead law, by it adherence to a Protectiv Pariff, and the numerous other evidences which, he named, the workingman's party. He review ed the war, its causes and its results. He showed mocratic party a dig in the ribs which will make it squeal. His speech was cut short by the thunder storm and several other speakers were therefore denied the opportunity of addressing the immense concourse. The City Cornet Band furnished th

Our Local Elections .- Remember that the time for holding elections for city, borough, ward after considerable trouble, and the train was deand township officers has been changed from the layed about an hour. No clue has been obtained spring to the second Tuesday in October. Tickets as to the perpetrators of this dastardly outrage, for the different election districts can be printed but it is suspected that certain parties who have with the State and County tickets if ordered i The advantage of this is that it will avoid the risk of not having the local ticket voted and will, therefore, save much trouble and confusion.
The following Republican committees have been appointed for the ensuing year for the different wards in the City of Allentown, for the purpose of appointing the time to hold the ward nominations for the city:-First Ward, Herman Schuon, Wm. A. Roney, Capt. B. C. Roth : Second Ward, E. B Young, P. H. Steltz, Henry E. Ruhe ; Third Ward, Ephralm Grim, Joseph Hecker, John Q. Cole ; Fourth Ward, J. W. Reber, John Helfrich, Owen R. RAILROAD ACCIDENT AT WERNERSVILLE. Carl Strenchskey, 25 years of age, and a native of Munich, Bavaria, met with a serious accident by being jammed between cars at Wernersville, one day last week. He was attempting to get on coal train, in order to make his way to Reading, when he was thrown upon the track and had o of his feet partially mashed, his knee badly bruised

and the right hip dislocated. BREAKDOWN AND FATAL ACCIDENT .-- An take place the following Sunday. up coal train on the Reading Railroad ran off the track at Marion, about two miles above Norristown Tuesday morning, in consequence of the breaking of the axle of one of the cars. Some 30 cars wer piled up upon the road, obstructing both tracks. The dead body of an unknown man was found under the ruins in the afternoon. It is supposed that he was stealing his passage upon the train. His remains were interred in Potter's Field.

LARGE CABLE. -The largest wire-rope cable in the country, being 5,878 feet in length, was turned out at Trenton last week. The Gazette says that it is be raised on an inclined plane at olomon's Gap, on the Lehigh and Susquehanna Railroad, to draw heavy coal trains over the mountains. In making wire rope, it used to require a rope-walk, at least half a mile in longth. But by an invention of Mr. Roebling, the walk is dis-

pensed with, and the rope is twisted in the middle Novel Currency.—At the Sheriff's sale at Wilkesbarre on Saturday week, after some very lively bidding upon property, which had been run up to the sum of 101 dollars, a bidder went one cent better, a second bld one cent, when a waggish attorney bld "101 dollars and three cents and a postage stamp that had been used but once." FIRE IN A COAL MINE .- Late on Saturday afternoon a fire broke out in the Pine Ridge colliery about 21/2 miles from Wilkesbarre, which caught at the entrance of the mine and burned with fearful rapidity. The fire originated from an explosion of fire-damp. Frequent explosions from his cause have occurred within the last year or so in this mine. About a year and a half ago it took ire and burned furiously for several weeks, but was finally extinguished by being smothered out. All the men have been rescued alive. Their joy at deliverance surpassed description. The mine is still burning in the vein, but will be smothered out in a few days, though it is feared that by the closing of the mouth of the mine the fire damp will accumulate and explode by coming in contact with

burning coal. ALL FOGELSVILLE DRUNK .- A friend of urs who frequently travels over the Catasauqua Fogelsville Railroad, tells us the following. Whether he was among the victims or not, he does not state: He says that Fogelsville has quite an extensive population of "imbibers." To make more money, the landlords were in the habit of mixing their whisky with even parts of water. As a set-off, the drinkers got in the habit of filling their glasses to the brim, thinking thus to at least condition complied with, and the matter stands of get halfa glass of whisky. During the present dry spell Fogelsville has entirely run out of water, and all that is used at present is hauled in by extortionate drivers, so the landlords last week found it cheaper to sell the pure whisky than to buy water and mix. Drinkers found it as cheap to drink whisky as water. Consequently the whole town made for the taveras. Thinking, of ourse, to find the liquor watered, as usual, they, us usual, filled their glasses to the brim. But what a sorrowful result; what a field for temperance lecturers; by night all Fogelsville found tself drunk.—Catasauqua Journal.

THE METEOR-A BEAUTIFUL STRANGER IN THE SKIES .- On Tuesday evening of last week, about half past seven o'clock, those fortunate citizens of Lehigh county who were favored with seeing it were startled, interested and delighted by the appearance of a most brilliant meteor in the Western skies. The Delaware Tribune describes it, and the description applies to this section, as appearing to shoot from near the southernmost star in the constellation. "Great Bear," and moved due west until within about thirty degrees of the western horizon, where it exploded. a bright luminous trail, and cast a light strong mough to illuminate the faces of observers stationed at favorable points. After the explosion a well defined nucleus remained visible for about fifteen minutes, and from this nucleus a long string of whitish vapor arose, ascending to a great height town,) by means of the iron rall. The road, it is in a sinuous line, and this also remained visible for many minutes. The nucleus and steam o vapor had somewhat the appearance of a great amp blown out, and from which an enormou line of smoke was steaming. The line of vapor scended a short distance in an apparently vertica ine, and then made a great bend to the southward, forming a semi-circle, and then resuming its ver tical ascent, went up to a great height. One observer says that the steam of vapor remained in

sight more than twelve minutes by his watch. REPUBLICAN MEETING AT CATABAUQUA-THE BOROUGH TICKET TO BE NOMINATED BY BAL-LOT .- On Wednesday evening last the Republican voters of Catasauqua met in the Town Hall for the purpose of electing delegates to the County Conention and to adopt resolutions regulating the nominations for Borough officers. James W. Fuller, Esq., called the meeting to order, and on

motion David Davis, Esq., was appointed chairman and Wm. H. Glace secretary. After the election of delegates, the following rules were adopted regulating Borough nominations:

SEC. 1. That an election be held on Friday the first day of October, at the bouse of F. P. Laubach, commencing at 1 o'clock in the afternoon and continuing until 7 o'clock in the evening, for the purpose of nominating a Borough ticket by ballot.

MISCELLANEOUS.—This week a regular Through Express will leave New York daily, via Allentown, making the distance from New York to Harrisburg in 5 hours. Thus, it will be seen at a glance, that this train is to be the swiftest train ever yet run on these roads: ---The Philadelphia City Councils have appro-

printed \$25,000 for the Schuylkill Navigation Company to reimburse them for closing their locks luring the great searcity of water at Fairmount. An immense excursion went from Lyons Station to Womelsdorf on Saturday, via the East Pennsylvania Railroad. The train numbered seven cars. Emaus can soon drink its own beer. The large distillery being built there is nearly completed and will be running in a few weeks.

Owen Bitting has sold a lot of ground in Emaus, and also a lot on the mountain, to Samuel Rothrock for \$4500.

THE ENCAMPMENT - REVIEW OF THE TROOPS AND THEIR RETURN HOME.—The encampnent at Laurel Hill has attracted large crowds of visitors from the surrounding country during the past week. On Monday evening the officers were entertained by the citizens of Whitehall, near which spot the encampment lay, and on Tuesday evening by Mr. Henry Rothackor, a Philadelphian. The same evening the men made a parade through Whitehall, under command of Drum Major Kelly carrying shovels and sticks in licu of muskets.

On Thursday Mayor Fox, Police Lieutenants spear and Jacoby, and others, visited the camp, where the Mayor reviewed the regiment, and after wards delivered a short address. On Friday the camp was gaily decorated with flags and evergreens, for the reception of Governor Geary, Hon. Asa Packer and other expected distinguished guests. The Governor proposed to review the regiment in full uniform, but falling to make railroad connection, did not arrive, and the regiment was reviewed by Gen. Charles M. Prevost, in citizen's dress, in the presence of Mayor Fox, mem-bers of Philadelphia Councils, Mayor and Councils of Allentown, Hon. Asn Packer, Gen. Selfridge, of Bethlehem, and several officers of Philadelphia military organizations. After the review Colonel Mulholland and Lieutenant Colonel Randall enter

tained their guests at Whitehall. On Saturday morning the regiment broke camp and returned to Philadelphia. They have apparently been greatly benefitted by the healthful air of Luarel Hill and the rigorous duties of the camp as they presented on their return a hardy, rob appearance; and are greatly embrowned by the

It is with personal feeling that I feel, able to make the following statening for the benefit of those who are suffering from Scrobils, and other Chronic Diseases. My wife had been suffering for overal years from tumors or swellings on her neek which aftern time would gather nat need appering for switch after a time would gather wellings on fire, seek which after a time would gather and discharge matter, leaving a rouning sore. Bee had seen treated for more than a year by most eminent physi-cians without receiving any permanent boucht, her disease seconing worse, until she had dwa of those running sore, on her neck, when I employed Dr. H. D. Longaker, under chose treatment she commenced to improve very fast, the ores on her neck to heal, and all her unpleasant and dis sores on her neck to heal, and all her uppeasant and unsurgreable symptoms gradually to disappear, until her health was restored, which was in about four months. I feel purfectly justified, after having tried the treatment of other physicians in recommending all those who are suffering from Scrofula or Chronic Diseases to Dr. Longaker for medical treatment, with a firm belief that they will be satisfied, benefited and cured thereby, as my wife has been. HITNER'S IMPROVED HORSE-SHOE! PATENTED JANUARY 19, 1509.

This invention belongs to that class of Horse-Shoes in which a plain curved plate without calks is fastened to the hoof, and to this plate the shoe bearing either sharper dull calks is attached by means of acrews. This improvement relates to a new device for strengthening due shoe, and attaching it to the curved plate more firmly than has been up to the present time. This shoe is neat, light and due and can easily be changed so as to have sharp or dull calks, or none, by removing the lower plate, and substituting another. This invention belongs to that class of Horse-Sho
