New Landlord. Fritz Goltz has taken the larger beer saloon, No. 12 East Hamilton street, where he would be pleased to see his friends.

Juvenile Concert. Mr. Kemmerer, assisted by 150 pupils and Master Rhodes, of Reading, will hold his second juvenile concert at Rihle's Hall, on Thursday evening next.

Leaves Sold. A meeting of the Allen Building and Loan Association held on Wednesday evening in Sixth Ward, ten loans were sold at the following prices, to wit:—\$40 at \$29; three at \$31; one at \$34 and one at \$50 per loan.

Another Fire Company to Visit Allentown. The Vigilant Steam Fire Company of York, Pa., will visit this city during the last week of October. They will be the guests of the Good Will, who will entertain them in the most hospitable manner.

Pay Increased. The City Council has increased the salaries of our guardians of the peace. We have not seen any evidence that the favor is appreciated, but we hope the officers will awake to a proper sense of their duty, and that we may yet see Hamilton street as orderly as the crowded thoroughfares of New York and Philadelphia.

Do you know that you are Registered? If not see that your name is put on the Registry at once, so that you may have no difficulty in getting your vote in for Gray and Williams. It is noted that Democratic assessors have intentionally left Republican voters of the list. An early attention to this matter will thwart their designs.

Odd Fellow on a Visit. On Tuesday evening the 14th inst., Lehigh Lodge, No. 81, I. O. O. F. of this city, returned the very pleasant visit of Lehigh Lodge of Easton paid a few months ago. The Lodge left the Allentown depot in a special train, at 6:30 p. m., and arrived at Easton about 7:30, where they were received by a committee in waiting. After they were conducted to the Lehigh, they were received by that cordiality and kindness that can be felt and manifested only by true and loving brethren. The greetings between the two lodges, as such, and between the individual members of the most friendly and affectionate social character, and all the remarks made openly in the Lodge room bore unmistakable testimony to the fact that Odd Fellowship in our beautiful valley is a most powerful agent for good, marching forward in glorious triumph against prejudice and opposition, winning many and valuable accessions because of its sublime teaching, and fulfilling its great mission of harmonizing sentiment, alleviating the distressed, and bringing the human family into the fold of one unbroken and peaceful brotherhood.

After this feast of brotherly enjoyment, the Lodge proceeded to a place of refreshment, where a splendid collation awaited them, and afterwards being offered up by a Reverend Brother, all were invited to partake of the banquet provided and served by the Lehigh Lodge will never have occasion to say that Lehigh Lodge is devoid of good and healthy appetites. At 12 o'clock, Lehigh Lodge left the Easton depot and returned in safety, all feeling assured that they had spent a most pleasant and profitable evening, with the full conviction that their visit to the Lehigh brethren was one to be held in grateful remembrance.—News.

Sad Accident on the Railroad. On Friday afternoon last, a deaf and dumb man named John Ora, a laborer at the Allentown Rolling mill, was run over by the Thomas "Tommy" train, on the Lehigh Valley Railroad, and instantly killed. In avoiding a train on the down track, he was struck by the train, and the engine struck him on the head, and he was hurled into the air, and fell on the ground, and was killed.

The Great Fire. Everybody is anxiously awaiting the coming of the Fall. The fire which broke out on the 14th inst., at the Lehigh Valley Railroad, and which destroyed the engine and the train, and which killed the man named John Ora, is a sad accident.

ONLY TWENTY-FIVE CENTS. The Register will be sent to any address until after the October election for twenty-five cents. Send in the names.

TALK CONCERN. In Heidelberg township they raise extraordinary tall corn. Stalks with splendid ears, are growing thick and tall. The crops are unusually early. On the land of Paul Krum Republican soil is good.

IN THE COUNTY. THE BUCKWHEAT CROP. Buckwheat will be a slim crop in Berks county, and everywhere else in this county. The patches of this crop hereabouts are scarcely worth harvesting. If our people want buckwheat cakes this winter they will have to import the flour from some locality that has been more favored with rain.—Reading Times.

COMPLIMENTARY. We have received numerous complimentary notices upon the enlargement and improvement of The Register, but none more gratifying than the following from the Catawissa Journal:—The Lehigh Register comes to us this week enlarged to the extent of more columns. It now contains more matter than any other paper published in the Valley. Mr. Ireddell should receive the strongest kind of support from his party, as his is the only paper that ever benefited the Republic in this county.

A WORKING FURNACE. If consumers would deign to listen to the advice of journals published in the coal region, which are acquainted with all the conditions affecting production, we should say to them:—By all means buy your supply of coal now. The coal is now in the mines, and will be ready to ship to-morrow, and all other conditions constantly during the remainder of the Fall, the supply, up to the close of navigation, will not be so good as it is now. It is a matter of uncertainty whether the supply is likely to fall considerably short.—March Chunk Gazette.

The annual fuel which has just closed in Easton has not been a success. The cause has been the strike of the miners. The directors of the Lehigh Valley Railroad have been very much disappointed in the result of the strike. They had expected a large amount of coal to be shipped to them.
