What No Family Can Afford to do Without, a patent medicine that will do what is claimed for It by the manufacturers, that when we get hold o un article which has real merit we feel like mak ing it known to our readers. Dr. Laubach, of this city, manufactures the "Eelectic Liniment," a preparation if made by a Dr. De Louvre, or some other outlandish name, would be in the house of everybody. We have tested the celebrated "Pain Paint," but Dr. Laubach's Eclectic Liniment will cure where Paint Paint fails and it is in every way superior. At the Nazareth Fair one of the Doctor's agents, who is fond of adventure, offered to cure any one of headache who would step up to the wagon. Out of thirty-five cases he falled in two, and their headache was caused by acidity of the stomach, in which complaints the Liniment must be diluted and taken inwardly. He presented the two a bottle of Liniment each, and sold seventy bottles on the spot, which was all he had with him. We make these statements, not for the benefit of Dr. Laubach, for his laboratory is run to its utmost capacity now and his prepara tions are meeting with a large sale throughout the State, but we make them for the benefit of our readers not one of whom should be without a bottle at any time. It will cure the most painful headache in ten minutes-we know that from experience. It will cure neuralgia, rhenmatism pains from burns, scalds, toothache, etc., etc., we know that because the Doctor says so and such le and his honor as a man, that if he said it would pay off our national debt, we would firmly be-

It is conceiled that the great success of the wonderful Plantation Bitters, was found in most southern homes, was owing to the extract of Calisaya Bark which it contained as one of the principal ingredients. In confirmation of this we have heard one of our distinguished Physicians remark that whenever he felt unwell from ordinary dictetic or atmospheric causes, he invariably relieved himself by Plantation Bitters.
