a campaign for principle and looking at it in that way it is a glorious victory of which we may well feel proud. WE feel jubilant. We feel encouraged. PENNSLYVANIA. The day is dawning. The rank and file of the Democratic party of Lehigh county have begun to think. Where for years prejudice has held its sway and the sun could not penetrate the political darkness, reason has made an inroad and the light of day peeps through the cloud. We have made an advance, in the right direction-let us keep up the fire.

James S. Biery, one of our candidates for Assembly, stands highest on our ticket, and Dan Creitz, his opponent, is the lowest on the Democratic ticket, polling 197 votes less than Packer. It might be said that a man who could stomach Creitz ispast redemption, but we counsel patience. The work must go on slowly, and it will be more sure. Sudden revolutions seldom lines will be met with little resistance. The lance the welfare of their party on one side, the welfare of themselves on the other. The prejudice, Governor Hayes is re-elected by prejudice, Governor Hayes is re-elected by over 9000 majority, an increase of more than 6000, over 1867, and the Republicans have renecessarily, and the county has had heaped upon it such an onerous debt that the aspirant majority in the Schate and 3 in the House. or office may well consider whether it would not pay him better to give his influence to majority is over 35,000. electing another party to administer our counprofits of the office caten up by excessive taxes upon his farm. The subject is all the more hope of dwelling in the Court House was about of 19 Republicans to 14 Democrats, and in the being realized, the grim messenger of Death House 63 Republicans to 37 Democrats. Remight call him to his final account.

bicct for study. Here a positive saving of about \$1200 a year was promised to the taxpayers of the county in the event of the along the candidate. Vet we find 5928 voters in favor of paying our Treasurer about \$2000 year, to 4008 in favor of paying only \$800. We judge from this evidence of generosity that Mr. Bittner must indeed be a very noble and a very deserving man--perhaps a soldier's or phan. We don't complain of the result. I s enough to cheer the drooping spirits of humanitarian. The world is not all cold an heartless. We have not heard what Mr. Bitt ner has done to deserve such charity, but w know that such a feeling of benevolence on th part of taxpayers would relieve a great deal o suffering if it were applied to the erection of asylums for the poor and indigent, for the so diers' orphans, or educational institutions for the free instruction and support of poor stu

But there is encouragement politically, too Mr. Bittner's majority is only 1320, being 25 less than Mr. Packer's. The highest majorit on the County Ticket is 1471, given for Mr Woolever, a very popular man. The majori ties for the other officers range between the and 1320. The reduction has been very grea and is cause for congratulation. Now is th time to inquire into the cause which produce it, and to strengthen that cause. We have great confidence in the influence of the press We don't think it immodest to claim some the credit for The Lemgh Register. Tw facts are plain and undeniable. The first is-THE LEHIOR REGISTER has within the pa year been much improved as a political ar local newspaper. This fact has been prove by the innumerable "puils" that it has r ceived from a disinterested press, many of the papers pronouncing ours the best journal the Lehigh Valley. Another proof is our ur expectedly large increase of subscribers. At that our editorials had some e eet is furthe proven by their being extensively copied in the first-class Republican newspapers through out the entire State, very frequently, thoug we regret to say, being credited to oth papers which had stolen them from us. T other fact is—the Democratic majority on the county ticket in Lehigh has been greatly duced. Now we do not wish to be considered as indulging in self-laudation. The judgment passed upon THE LEHIGH REGISTER is the judgment of others. We present the facts together because we know they have a bearing upon each other. We have worked hard of this county and we hope we have gained it. All we ask is that we shall have your hearty support. We want all your patronage, except what is given to the German Republican office. If you advertise in an English paper, select THE REGISTER-you will pay no more than in any other newspaper and the benefit derived will be-greater, because our subscribers can read. If you have job work to be done, we can supply you in any style and at Philadelphia prices. Thus far you get your money's worth. Then use your efforts to increase our subscription list. We ought to have two thousand subscribers, and they can be obtained. Republicans, if you go heart and soul into the contest with us, we promise you that the time is not far distant when the affairs of our county shall be in Republican hands and our county and city shall realize

Franklin Pierce, ex-President of the Supreme Court Judges. the United States, died at his residence in Concord, New Hampshire, on the 9th of October, aged 65 years. He was nominated by the Democratic National Convention as their candidate for President in 1852, simply because they were unable to choose from the prominent names before them. He had many warm friends and died beloved by all who

knew him. Joseph Ritner, ex-Governor of Pennsylvania, died at the residence of his son, in Carlisle, on Saturday last, at the age of 90. He was Governor from 1835 to 1838, during the anti-masonic excitement. Though not a brilliant man he was possessed of determination and honesty which gained him admirers. He was a plain, unassuming man, and for many years has been living in retirement, without having his name mentioned, except by his own immediate circle of friends.

A MAJORITY of the Judges of the Common Pleas of Philadelphia have pronounced their decision in the contested election cases of 1868. The opinion detailed that many frauds were committed, and throws out two divisions of the Fourth Ward, with portions of the vote thrown out in other divisions, and calls upon the District Attorney to prosecute the authors of the frauds, especially those committed by election officers. The result of the decision shows Mayor Fox to have received 68 majority of the legal votes, while all the other Reublican city officers are declared elected, throwing out the Democratic incumbents. From the above it will be seen that Packer's najority is 1578, a gain for the Democracy of six over the vote of October, 1868, but as some unpopular local questions affected the vote for Governor Geary, the vote for Supreme Judge may more properly be taken as a test of party strength, Pershing's majority being only 1513, a Republican gain of 50 over October, 1868.
