anted cured .- See testimonist: SALIBURY TOWNSUPP, Lehigh Co., Oct. 31, 19-5. SALIABURAT TOWNSEYS, LEBIER CO., Co., S., It is with a grateful feeling that I feel able to make the following Materiant for the benefit of those who are suffering from Secrofula and other Chronic Diseases. My wife had been suffering for several years from tumors or swellings on her neck which after a time would gather awallings on her neck which after a time would gather and discharge matter, leaving a running zore. She had been treated for more than a year by most entinent physicians without receiving any permanent benefit, her disays becoming worse, until she had five of these running zore, on her neck, when I employed Dr. H. D. Longaker, under whose treatment she commenced to improve very fast, the sores on her neck to lead, and all her unpleas aut and disagreeable symptoms gradually to disappear, until her health was restored, which was in about four months. I feel perfectly justified, after having tried the treatment of other physicians in recommending all those who are suffering from Strofula or Chronic Diseases to Dr. Longaker for medical treatment, with a firm belief that they will be satisfied, benedied and cured thereby, as my wife has been.
