Lecture. Hon, M. D. Wilber will deliver his popular Alps," in the Court House, on Tuesday evening, Nov. 30, for the benefit of Unity Council, No. 33, J. O. U. A. M. Admission, thirty-five cents ; reserved seats, fifty cents. Tickets can be purchased at the book stores of Robt. Iredell, Jr., E. D. Leisenring & Co., and at the eigar stand of E. Read,

Something to Think About. It is rumored around Philadelphia that, when the Perkionen Railroad is completed to Emans, passengers will be run from Allentown to Philadelphia one hour quicker than they are now taken down the North Pennsylvania. We do not believe it can be done, but certain it is there will be great competition in point of time, and the business men of our city will profit therefrom.

The time of express trains on the Reading Rail road from Philadelphia to Norristown is now fifty minutes. We do not know the exact distance from here to Norristown by that route, but it cannot possibly be less than fifty miles, and under the most favorable conditions it will take at least an our and a quarter to run that distance without making stops, which we don't presume the amount of patronage to be derived would warrant. This would make the total time to Philadelphia two hours and five minutes. The factest time from here to Philadelphia by way of the North Pennylvania Railroad is two hours and a half, which could be reduced by very fast running to two

ours, but the situation of depots in Philadelphia s in favor of the Reading Road. Besides the gain in time to our merchants who do business in Philadelphia and the reduction in freights, there are so many other advantages which would accrue to the benefit of our city that we are surprised our citizens have not brought a great deal of energy, influence and capital to inare the early completion of the Perklomen Rullroad. Its construction will inevitably improve that section of our county through which it passes start industrial enterprises, improve farms and erect thriving villages where there are now only averns or stores, and must necessarily create more purchasers of merchandize and their natural duce for "shopping" would be Allentown Then the people who now reside in the lower end having easy access to our city, would be more frequent visitors, and there would be an immense gain from that fact. Altogether, the subject !

OF INTEREST TO HORSEMEN. In another column will be found the adverdisement of Dr. Matschkes' Prussian Liniment. We have had no experience in using this liniment, and therefore do not know what its particular nerits are, but we do know Mr. Wells, who is the wholesale agent, and we also know that if it were not one of the very best articles of the kind in the market he would not be spending a fortune in its Introduction. We feel safe in saying that it is perfectly reliable and will create for itself an exensive sale. It is for sale by L. Schmidt & Co. A TRIBUTE OF HONOR AND HONORABLE AC. Derfectly fresh for many mouths.

W. C. Stoever, A. M., son of Prof. Stoever, was lately elected tutor in the Preparatory Department of Pennsylvania College, at Gettysburg, at a salarty of \$400. He had searcely accepted the position when he was offered the Latin Tutorskip in the Lehigh University, at a salary of \$1,000, with the favorable prospect of becoming a full professor at \$3,000 per annum. But as he is acuated by a high sense of honor he declined the offer from Lehigh University, and fulfils his engagement with Pennsylvania College. - Exchange.

ENTERPRISE OF THE READING RAILROAD. The compressed gas eylinder used by the Reading Railroad Company for lighting their cars for the last three or four years, says the Reading Times, is just being adopted by the Pennsylvania entral and other roads, and they are making a great fuss about it. The Reading Road, however, still ahead, for they now warm their passenger ars by hot air generated by an air-thunder the body of the car, which works a rated by an air-tight and prevents all danger of burning the car in case of accident. In a year or two we may expect to see this improvement also adopted by less enteree this improvement also adopte

and J. E. Wootten, Esqs.

PUNERAL OF DR. C. H. WANNER The funeral of this esteemed citizen, says the Reading Gazette, took place from his residence, in Fifth Avenue, New York.

Strings to new fashiomable bonnets are tied under the clin, so the hadies are no longer to go about with their heads in harness.

Very narrow skirts are triumphant, cut walking length, and flounced inevitably. Long dresses are reserved exclusively for evening wear.

The absurd length of the train is entirely discarded; and a demi-train, or train of one yard in extent, is now considered quite sufficient. The styles for children's suits do not differ very much from those worn by ladies, being elaborate, by trimmed and of rich material. The Scotch ly trimmed and or rich material. The Scotch ly trimmed and or rich material. The Scotch ly trimmed and very fashionable for girls, particularly when made in the Highland style. At this

BOROUGH ASSESSMENTS An important question which may, at some ime, be a precedent for some of the Borough authorities of this county, has recently been decided

in the Montgomery County Courts. It was whether the Town Council of the Borough of Pottstown have authority under their charter to make a valuation of taxable property in said borprinting go hand in hand together to make the printing go hand in hand together to make the success of business men who will take them by the property by the assessors for State and county purposes. The case was decided negatively by o them. If the writing on such xeraps were only tended opinion, the conclusion of which, we copy

"But the question in this case is not whether the rate has been raised. It is whether Councils have authority to make the valuation. I take it, as the Assessors are elected by the voters of the borough, they are intended to have something to do as the agents of the people of the borough in their numicipal relations. Why should not the valuation they make be a basis of taxation for borough, as well as State or county purposes I Why introduce the anomally of two distinct valuations of the same property by two different bodies acting independently of each other. The operations of the tax laws should harmonize—they should be uniform—and this appears to have been the design of the Legislature. Unless the valuation made by the Assessors becomes the basis of taxation for all purposes, nothing but conflict and dissatisfaction will follow."

and other books, that we have run into the extreme of almost entirely superceding oral instruction by the use of the book, not only in the hands of the pupil, but also of the teacher. In fact, the great prevailing error of present methods of teaching, is to put the books into the hands of the pupil and expect him to teach himself out of it; and this leads to another and an equally injurious error of 945 permitting the teacher to teach from the book,

The fuller but God shall be with you, and bring you again unto the land of your fathers." The sermons were forcible and cloquent.

The fuller but God shall be with you, and bring you gain unto the land of your fathers. The friends, and the sandstone cost \$35,000, or \$25,000 more than lineatione cost \$35,000, or \$25,000 more than lineatione cost \$35,000, or \$25,000 more than lineatione would have cost, and besides being very expensive is very liable to crumble away.

Curiosity preservers should at once secure a photograph of the structure to show their grand-thildren what a beautiful prison we had in 1860.

The annual report of the managers of the Nor-ristown Railroad for the past year shows that the ristown Railroad for the past year shows that the company ran 28,291 trains over their road during the year and carried 2,755,350 passengers. The receipts show an increase of \$65,687.98 over the previous year. Dividends declared, ten per cent.

Carried to contingent account, \$123,560.89. The cost of repairing the damages to the canal of the Lehigh Coal and Navigation Company will not reach \$100,000. Friday night witnessed a terrific gale accor panied by a heavy rain. The mountain streams and rivulets were turned into rushing torrents and

it of great importance not only to citizens of Le high county, but to the farmers of the entire State. In old times teaching was nearly all oral, Under the will of John Relif, late of Whitpain township, deceased, his widow became tenant for for want of the text-book. In latter days, the art of printing has so cheapened and multiplied text township, deceased, his widow became tenant for of printing has so cheapened and multiplied text to the text of the text book. year to year to her three daughters, who were plaintiffs in this suit. Before the expiration of the hast year Mrs. Reiff died. At that time there was a quantity of meadow timothy and clover grass standing on the premises, which the executors sold at a public sale. The plalutiffs claimed it as n part of the emblements belonging to the widow. and which passed to them by the lease. This action was brought for the recovery of damages. sustained by the lessees by reason of the trespas of defendant in taking and carrying away the property, and the case turned upon the question of law as to whether timothy and clover grass are part of the emblements or way-going crops. The Court, in an opinion of great interest to farmers, charged the jury that by the custom of Peunsylvania a tenant from year to year is entitled to the way-going crops-that is, the crops planted in the way-going crops—that is, the crops punited in the full to be gathered the following season, and that this included corn, wheat, rye, flax, potatoes, etc., but that meadow grass, being a mutural grass, was not included in that denomination, and also, that itmothy and clover could not be classed with corn, grain, flax, etc., because they were rot annuals and were only put in as incidental to other crops—that, not being gathered for so long a time after being sowed, it would be against the policy of the law to postpone the remainder now until they were gathered:

Not long after the train arrived at Altoona he was gratified by the reception of a telegram announcing that his feed by the reception of a telegram announcing that his feed by the reception of a telegram announcing that his feed by the reception of a telegram announcing that his feed by the reception of a telegram announcing that his feed by the reception of a telegram announcing that his feed by the reception of a telegram announcing that his feed by the reception of a telegram announcing that his feed by the reception of a telegram announcing that his feed by the reception of a telegram announcing that his feed by the reception of a telegram announcing that his feed by the reception of a telegram announcing that his feed by the reception of a telegram announcing that his feed by the reception of a telegram announcing that his feed by the reception of a telegram announcing that his feed by the reception of a telegram announcing that his feed by the reception of a telegram announcing that his feed by the reception of a telegram announcing that his feed by the neception of a telegram announcing that his feed by the neception of a telegram announcing that his feed by the neception of a telegram announcing that his feed by the neception of a telegram announcing that his feed by the neception of a telegram announcing that his feed by the neception of a telegram announcing that his feed by the neception of a telegram announcing that his feed by the neception o fall to be gathered the following season, and that

SCHUYLKILL COUNTY STEEL COMPANY. The Pottsville Journal notices some fine -pecimens of steel, manufactured under a new process, which was patented in March last, by Messra, A. I., Thomas and William Parkinson of Schuylkill county. It is made of Anthracite Pi Metal, with the use of anthracite coal as a fuel. Eighty per cent. of No.e2 Foundry Iron is put into the Puddling Furnace or Converter and 20 percent. of Leaderhill Gray Magnetic Ore from York county, which partakes of the character of the ores from which the celebrated Wootz Steel is made in India. This is the only ore in the use of which they have been successful in making a good article of steel. They are now turning out about two tons of steel in twenty-four hours, at Ringgold, in one Puddling Furnace.

Mr. A. L. Thomas, who is President and Superintendent of the Company, is in negotiation for the Mount Carbon Rolling Mill, the capacity of which will give four puddling furnaces, and turn out from 714 to 8 tous in twenty-four hours, and

which they are now using to roll out the steel ingots into merchantable bars, to be used for various purposes, such as carriage tires, springs, axles, soles, and nearly all purposes for which steel is ow used. We do not profess to be good judges BURNED TO DEATH.

of the quality of metals, but we are assured that it can be used for all purposes for which steel is

> cast steel in their manufacture. The most important features connected with this discovery, adds the Journal, are that it can be nade cheaper than any steel now manufactured in this country-and it is the first time that good steel has been made with the use of anthracite coal as a fuel in the puddling furnace. It is only about six weeks since the experiments were commenced, and if the general product of the steel turned out should prove to be of as good a quality as the specimens exhibited to us, and come up to the expectations of Mr. Thomas, it will create a revolution in the steel manufacture of the country, and its progress will be watched with great interest. Mr. Thomas proposes designating his product as the " American Wootz Steel."

## CLINICAL.

University of Pennsylvania, Philadelphia, Nov. 22, 1869 PHILADELPHIA, Nov. 22, 1869 y.

Prical Iredell:—Your comments upon my communication of last week are so wantonly unjust and untrue, as to demand a reply. As regards the alleged outrage of which the papers have been teening, I shall endeavor to give you a true outline. The charges are these—direst, the male students are charged with stamping and hissing at the ladles in the hospital, spitting upon their dresses, firing paper balls at them; second—with having formed in line in front of the hopital after the lecture, compelling the ladles to take the roadway and shird—with having formed a mock pro-

If all the students in every medical college should follow suit and refuse to attend clinical lectures for the next five years, and no diplomas should be granted within that time, we believe there would still be physicians enough for the people. For, it is abelief for tening ground among our most granted within that time, we believe there would still be physicians enough for the people. For, it experienced physicians, that, as a people, we are too much given to taking medicine for every little complaint, and that medicine destroys nearly a many lives as discase.

# MURDER.

RRIBLE ATROCITY-THREE VICTIMS-ARREST OF THE PERPETRATORS OF THE CRIME-ONE OF THEM MAKES A PARTIAL CONFESSION.

THEM MAKES A PARTIAL CONFESSION.

"HEXTISHOON, P.A., Nov. 18, "This unusually quiet neighborhood has been startled from its propriety by one of the most cruel and brutal marders in the annals of crime. The crime was perpetrated near Pleasant Grove, about seven unless from this place.

The victims were a farmer named John Perghtad, his wife sarah, and his son Scott Gardner, the latter a boy of about ten or twelve years of age. The deceased were universally known and respected by all in the neighborhood, and none but will individually feel their loss greatly.

Between six and seven of check last evening the victims

and rivulets were turned into rushing torrents and the larger streams were full to the brink. The Lehigh River rose five feet.

The North Pennsylvania Raliroad Company expect to have two additional heavy freight locomotives put upon their road before the end of this month, making five added to their rolling stock within two months. All their freight and coatrains have been doubled to accommodate the increase of trade.

George I. Reinhart, 23 years of age, employed as foreman at the Pottsgrove mills of D. Webster Davis, a short distance west of the Borough of Pottstown, was instantly killed by being caught in the machinery while in motion, on Tuesday morning of last week.

IMPORTANT TO FAIMMERS AND OTHERS.

The case of Elizabeth P. Reiff, Levitia P. Reiff, and Susan P. Reiff against Charles P. Reiff and Susan P. Reiff and Susa fire was but imperfectly fit. Instead of blazing up and destroying everything, as they had foully hoped, so us to recate the imperest in in the neighborhood that the Perghtals had been burned up in their dwelling by an accidental fire, it smouldered on and on until some persons passing by were attracted by the light and large volumes of smoke which were is suing from the house, and ventured in and discovered the true state of affairs on investigation.

As all bad news does, this flew on the wings of the wind, and soon for miles around every one was acquainted with the fearful deed of blood which had been perjectiated in our very midst, and which, but for the timely discovery of the flames and smoke, might never have been discovery of the flames and smoke, might never have been discovered. The community was startled, and knew not what to make of it. Many who had, and many more who had never knew the victum, docked from all quarters to the farme when we have virtue, flocked from all quarters to the farm-house to see the mardered family. Old and young gav-vent to their feelings of sorrow for the three victuis who had thus bear cut oil autimely in their career by the hand-

of assa-sius.

Rumor was quickly at work, and many were the surmises as to the cause of the deed, and who had committed it, but suspicion at once rested upon two sinister-leoking more who had been seen lurking in the neighborhood during the day. As soon as this suspicion gained ground a messenger was hurriedly despatched to the depot, and by dint of inquiry soon ascertained that two persons answering the description which he gave had taken the right train West. He then telegraphed to Altonia to intercept ne parties on the train, if they had gone that far. Not long after the train arrived at Altoona he was grati-

tree years ago for larceny and served his time in the cultentiary. Badenberg has made a partial confusion it without this the evidence is sufficiently strong to co

train from Bethlehem, makes two more stops, Fort Washington and Old York Road, and arrives in Philadelphia at 4:40 instead of 4:45, as before.

HOW TO PRESERVE EGGS.

The following process for preserving, or canning or general procession, following them to their college, Jeering and hooting at them the whole distance.

Now, does it look possible, that in this enlighted of the New York Farmers Club. When two or three in a dish and pour scalding water over them, and immediately turn it off. This process is repeated three times, by which means the abbunen is fixed three ti Secofula, Salt Rheum, Skin and Female Disea

Students of the University alreagy go from the hospital, up Eighth to Chestmut and up Chestmut to the University on Ninth, and on this occasion the same course was pursued, the ladies being ahead. Nothing followed them but their immodiest, depraved imaginations. Not one-half of the students who were well them but their immodiest, depraved imaginations. Not one-half of the students flowed the students from the remainder of the students flowed the students present.

Now the object in creating and circulating these reports are self-evident to the observing and thinking mind. This Female Medical College is as yet in its infancy, and until this commotion was raised was comparatively unknown. What better and cheaper plan could they adopt to advertise their institution than the one pursued. Every paper throughout the country has taken it up and while they severely reprinanded the male students for each of the faculty of the Female College, they at the same time gave the Female College a free and extensive paff.

What other object could they have had in view an hospital of their own where they can see all the demonstration necessary and where reare not admitted. They claim only to treat diseases of their own sex and yet they want to crowd in with us at the same of the same and ream' to us, whatever imay be to Wanamaker's flew of lease the milestry of publishing it, and very gladly speak the word he desires us to list great and thinking it, and they send of they same and provered this preference of the word he desires us this preference to his great sale. "It is an ill what hat blows no one any good," they say; and here is another illustration of the old provers. It is an ill what that blows no one any good, "they say; in its influence of the same his preference to his great sale. "It is an ill what that blows no one any good, "they say; and here is another illustration of the old provers. It is an ill what that blows no one any good, "they say; in its in fill what the blows no one any good, "they say; and here is anoth

mitted. They caim only to treat meases of them own sex and yet they want to crowd in with us at our surgical clinics. Shame on them. They are a disgrace to their sex. We must either remain away from the clinics or submit to the presence of women at operations disgusting to man alone and utterly intolerable where both sexes are present. We claim too much modesty for the latter, consequently we accept the former until a change is effected. The faculties of the University and Jefferson College, heartily endorsed our conclusion and are engaged in ascertaining what can be done, so that we hope in a short time to be rid of what is now an intolerable nuisance. JestCLAPITS.

Our correspondent asks a good many questions in the above that probably he could better answer than we could. His remarks upon the subject of the female doctors being a disgrace to their sex, had been better unsaid. The "clinic fracas" has won a good many friends for female physicians, and parents and husbands have asked themselves if these young men could be guilty of the actions ascribed to them, whether they have respect in such as some produced in sufficient quantity, or if the median into the material of the blood, is consentated to the action of the stomach is to consult with the first process of digistion will be but imperfectly performed. It is also clear that if the liver, which-plays and parents and husbands have asked themselves if these young men could be guilty of the actions ascribed to them, whether they have respect in the first process of the stomach is to convert the food into a cream-like central process. Alone in the stomach is to convert the food into a cream-like emotion of a solvent, which exame, it is subjected to the action of the blood. It is also clear that if the liver, which process blood.

Now, it is effected partly by the action of the blood, is conserved in the action of the stomach, as the containing of the stomach is the contain the conta How Hostetter's Bitters cure Dyspepsia. - The whole

[COMMUNICATION.] FURS: FURS: CHEAP AND GOOD.

Where there are so many Fur Stores as there are in the city of Philadelphia it is difficult for the uninitiated to determine where to buy. Those who are versed in the different qualities of Furs, however, know where to go, and those readers of this paper, who are in a sequantist with the various grades of Furs, we would advise them to go to an establishment of the best reputation, where they can purchase with the greatest conditience, and be satisfied that they are honestly dealt with. We know of no better or more reliable store than that of Mesars.

JOSEH ROSENBAUM & CO., No. 510 Arch Street, Philes, being their new location, where we are confident from their long experience in the Fur business, that persons can get good Furs and the worth of their money.

Their Now Store is the centre of attraction on account of the good light in which they show off all their goods.

The most fashionable Furs this season will be the Mink Sable, and this is the most serviceable Fur, and they have them in various styles and qualities, and for prices to said silt; and since a lady dofs net wish to buy a good so of Furs every season, it is very executial to know where to go and purchase good Furs. Furs every season, it is very essentially and purchase good Furs.

To see the silky flueness and darkness and olegance of the season of the silky flueness and darkness and olegance of the season of

To see the silky nucless and darkness and organicon fluish of all their Furs will well repay a visit to this ex-tablishment, and all their Furs are warranted genuine as tablishment, and sail their rurs are water.

A Mink Sable set costs from \$15 to \$55, and some very rare durk sets bring a little nigher; but from \$20 to \$50 will buy an excellent durk set, and those sets last a lady from eight to 6fteen years.

Then there is the Hudson Bay Sable, the Siberian Squirrel, Royal Erinine, German Fitch and Chinchilli and Ladles Huods, and other high and low-priced Furs in endless varieties.

Remember the name of JOSEPH ROSENBAUM & CO., and the number 510 Arch Street, between 5th and 6th,

outh side, Philad's.
