A Strange Tail.

It is said that a profound astronomer predicts that this year there will be a comet of such brilliancy, and to near the earth, that we shall have our nights almost as bright as our days. The city authorities will, it is believed, order the gas to be turned from the street lamps from June to September, in anticipation of the effects, and that the Gas Company will make important im provements in their works in the way of gasmeters and retorts, so that they will be able to supply our citizens with all the gas they may and Marley's Ghost" by T. Horrible Accident-An Engineer Caught in the Machinery and Torn Limb from Limb. On Wednesday morning last, about eleven o'clock, a horrible accident occurred at the nut and bolt works of Sacger & Shimer, at the Lehigh Rolling Mill, Sixth Ward, which resulted in the' death of John Gorman, chief engineer of the works. The deceased was oiling the machinery when he was caught between the helt and pulley attached to the line shaft of the machinery in op eration with the rolling mill, and was whirled around several times and thrown across a beam overhead. From this position he was taken down by the bands. He was horribly mangled, part of the upper and lower limbs were entirely torn from the body and the head above the upper jaw was broken in and the cranium emptied of the brain. The upper jaw was also torn from its position. Coroner Bush held an inquest and the jury ren-dered a verdict of accidental death. The deceased was about twenty-five years of age, and had served during the rebellion in the 2024 Regiment. His funeral took place on Friday last, from the esidence of his parents, on Walnut street, between 2d and 3d. The services were held in the St. Mary's (Catholic) Church. He was buried with military honors, the Allen Zouaves acting as escort, and in the procession which followed his re mains to the grave were many of his old comrades In battle, the Good Will Fire Company accompanled by the City Cornet Band, and members of the other fire companies of the city.

Sudden Death.

Last week our citizens were shocked by the sudden death of Franklin E. Cooper, son of Chas. W. Cooper, Esq., President of the Allentown National Bank. He had been ill for some two weeks, and, partially recovering, resumed his studies at Muhlenberg College, and it is thought that in his anxiety not to be behind the balance of his class, applied himself too severely. On Tuesday aftersoon, on his way to the College, he was attacked with a fit, and fell upon the pavement, injuring himself seriously, and he died from the shock the next morning about 5 o'clock. He was about eighteen years of age, a young man of promising ability, and his death is a great bereavement to his family.

At a meeting of the Sophomore Class of his College, the following resolutions, relative to his death, were adopted :

WHEREAS, In the inscrutable dispensation of His Providence, the Infinite God has been pleased
