CITY HALL .- The necessity for a City Hall whether death had been the result of accident or | worthy of the City of Allentown is more and more felt by our citizens. Every meritorious entertainment that comes to this city demonstrates the fact more and more plainly, and many Lecturers and exhibitors, who are popular elsewhere, pass s by because we have no place fit to accou date a respectable audience except the Court use, which is not always to be obtained, even when Court is not sitting. We were glad to hear that one of our citizens had announced his inten-tion of starting at this work and, by next Spring, ouilding a Hall comfortable, commodious and in every way worthy of the City. The beauty, exquisite finish and completeness of this engine, built, as it is, entirely of glass, is ne amongst the many proofs of the perfection to which its constructors have brought their art. Notwithstanding the fact that everybody has seen a steam engine, it is undoubtedly true that, to a ast majority of the public, the construction and mechanism of this "wonder of the nineteenth century" are a mystery.
