THE WHOLESALE DRY GOODS HOUSE, -Huber, Schantz & Co. are in full operation at their new wholesale dry goods store and have thus far done more business than they had anticipated. We are glad to hear of their flattering success as it adds another house to increase the prominence of Allentown as a business centre.

ATTEMPTED SUICIDE. - We have the report of an attempt to commit suicide near fronton, by a married woman, on Friday week. She drank a pint of coal oll. A doctor was called in, who oumped up the oll and saved her life. The cause f the rash act is supposed to have been domestic

infelicity. SHAVER WEDDING .- The silver wedding of sud accident of yesterday: When Mrs. Knauss en-Mr. and Mrs. Thomas Dickson, of Scranton, was | tered the room she found the child surrounded by celebrated a few days ago. Among the guests flames and picked him up and carried him down were ex-Collector Smythe, of New York ; Hon. stairs. Her screams attracted the neighbors, who Galusha A. Grow, and President Cattell, of Lafa- | rushed in but were paralyzed by the awful sight yette College. Some men hearing the screams worked his way up from "mule boy" in the mines rushed in and smothered the burning clothes of the to the position of President of the Delaware and Infant and saved the mother from the fate of the Hudson Canal Company, and it is fitting that en- child, as her clothes had taken fire and her hand ergy and thrift like his should have the recogni- and hair had been burned. Other men rushed up on and appreciation of his friends.

DISCOVERY OF SLATE QUARRIES .-State quarries have been opened within a year at Monson, Malne, and their dis-covery was a peculiar one. ' A Welshman Hospital, it appears that the mean temperature named Williams, accustomed to quarry work, during August last was 70.35 degrees, 2.42 degrees the caboose and one or two coal cars. The fog while passing through Mouson observed some less than that of August of 1870. The highest was so thick that the engineer of the down coal slate rock that had been thrown from a cellar. He mean for August for the past fifteen years accordrecognized it as valuable, and in company with | ing to the Hospital record, was that of last year, another man named John Tripp, traced the yein while the lowest was 72.50 degrees, in August of they sold their purchase to a New York company for sixteen thousand dollars. Four other quarries have since been opened by different parties. It is ountered at a depth of three to five feet below

he surface.

A MISSIONARY of the American Sunday School Union, organized a new school in a moun-tain neighborhood in Tennessee, where there were four distilleries. Three leading men sharply opposed the school. One said he would rath have a distillery in one corner of the church, than a but lived long enough to tell why be committed Sunday-school. And the school was broken up. the rash act. The information has been suppressed But the missionary was not to be thwarted. Go- by the parents of Legg until a few days ago, when ing back to Robert Raikes' plan, he offered to pay they became desirous for its publication. This is those teachers five dollars, who would keep up the the assigned reason :
