VEGETABLE SICILIAN
HAIR
RENEWER

Every yea, increases the popularity of this valuable Hair Preparation; which is due to marit alone. We can assure our old patrons that it is kept fully up to its high standard; and it is the only reliable and perfected preparation for restoring GRAY on FADED HAIR to its youthful color, making it soft, lustrous, and silken. The scalp, by its use, becomes white and clean. It ramoves all eruptions and dandruff, and, by its tonic properties, prevents the hair from falling out, as it stimulates and nourishes the hair-glands. By its use, the hair grows thicker and stronger. In baldness, it easteres the capillary glands to their normal vigor, and will create a new growth, except in extreme old age. It is the most economical HAIR DRESSING ever used, as it requires fewer applications, and gives the hair a splendid, glossy appearance. A. A. Hayes, M.D., State Assayer of Massachusetts, says, "The constituents are pure, and carefully selected for excellent quality; and I consider it the Best Prepa RATION for its intended purposes."

Sold by all Drugglets, and Dealers in Medicines.

Is widely known

Is widely known as one of the most effectual remedies ever discovered for cleansing the system and purifying the blood. It has stand the test of years, with a constantly growing reputation, based on its intrinsic virtues, and sustained by its remarkable cures. So mild as to be safe and beneficial to children, and yet so searching as to effectually purge out the great corruptions of the blood, such as the scrofulous and syphilitic contamination. Impurities, or diseases that have lurked in the system for years, soon yield to this powerful antidote, and disappear. Hence its wonderful cures, many of which are publicly known, of Serofulna, and all scrofulous diseases, Ulcers, Epippilons, and cruptive disorders of the skin, Tumors, Blotches, Bolls, Pimples, Pustules, Sorce, St. Anthony's Fire, Rose or Erysipe las, Tetter, Salt Rheum, Scald Head, Ringworm, and internal Ulcerations of the Uterus, Stomach, and Liver, it also cures other complaints, to which it would not seen especially adapted, such as Dropsy, Dyspepsia, Fits, Neuralgia, Heart Disease, Female Weakness, Debility, and Leucorrhoca, when they are manifestations of the scrofulous poisons.

It is an excellent restorer of health and strength in the Spring. By renewing the appetite and signy of the digestive oryans, it dissipates the depression and listless languor of the season. Even where na disgrifer appears, people feel better, and live longer, for cleansing the blood. The system moves on with renewed vigor and a new lease of life.
