Interesting Proceedings Last Week. The heating of the Sixtu Ward school hou stended to move that the schools be closed during vas the first subject which came up for considera the session of the institute and that the teachers on. Remarks were made by Messrs. Ault and attend there Hull when President Charles M. Runk present Mr. Gries inquired as to how many of the teachthe following which was ordered on file :

the following which was ordered on file: NORMISTOWN, Nov. 15, 1871. MI. GEORGE ERDMAN. Dear Sir: I expected to come yesterday but whig to the storm put it off until this moruling. As it is now so warm it seems to me it is hardly worth while coming until it is colder. I want to ut ha werk of a little colder weather than this ond will be up next Monday whether the ther-someter is up to seventy or down to zero, and spend the work. I shall see everything right and that you have a course the Job. Mr. Buchrie explained. Mr. McLean-"There is great objection to out closing the schools ; we close for every holiday, and to close for two weeks right straight ahead is little too much, it appears to me, for us to do. We have a certain class of boys who can attend only during the Fall session and they want to at-

pend the work. transfer job. that you have a complete job. Very Resp. Yours, & M. JAMES SPENCE. end regularly during that time and during it to obtain all the schooling they can. The schools Mr. Hull stated that the people of the Sixth ought not to be closed.' Ward were disturbed about this matter; that some Mr. Dillinger-" It strikes me that in not re quiring the teachers to attend this institute weard of the children in the ward were sick and that in nsequence of this their parents were complain- defeating the exception of one of the provisions o ig. He said there was some agitation about the the common school law. In fact we are almo i witership of the building as an attempt had been

required to compel them to attend there." nade to have the present janitor removed simply Mr. Huli defined his position. o put another particular person in his place with Mr. Buchrle-" Inasmuch as my name has been salary of seventy-five dollars a month. Some mentioned in this matter I would like to explain xperiments had been made from a Sunday even to the Board how I stand. Now we have been og until the Monday evening following, during vorking three years, and trying to work togethe which time a top and a half of coal was consumed the county and city. You cannot expect any ha and notwithstanding this considerable consumpmony in this institute this year. (Examining ton of coal the building could not be satisfactorily signatures to the petition). Where are the name warmed. "There is some one to blame," he exof our grammar school teachers ? Are they en laimed. this paper? Our leading female grammar scho

Volce : "The committee of the whole." eacher has determined not to go there this year Mr. Hull continued his expositions. (Mention made of the names of teachers who ha Mr. Erdman made some explanations about the not signed the petition.) The closing day of the etter from Mr. Spence, of the 15th ultimo. session of the last institute it was publicly charge The President explained that the apparatus was d that the city teachers were the uolsiest present guaranteed to heat the rooms to seventy degrees That charge was made by the President of the In-

n the coldest weather. stitute and the County Superintendent. Mr. Hull : " What have we guaranteed to pay perfectly proper for the President to call those teachers to order but not for him to single them President-"The terms of payment were proout. (Explanation was made of the way in which

Hed for in the contract. The first installment, city teachers were excluded from the most impor the payment of which was provided for in the contant committee-On Certificates.) Why do these ract at a specified time, has been puld. The other teachers vote not to go ? It is is not for idlens nstailment, which was to have been paid on the but for work that they vote ! ? Incidentally is st of September or on the completion of the heatwas remarked that the number of teachers in this ing of the bui ding, has not been paid ; and I had city was about fifty-two.

communication from Mr. Colt, about ten days Mr. Gries--" There are two sides to this quesigo, saying that Mr. Spence, who was then at his tion in consequence of a quarrel between the city office in New York, had stated that the heater was and county trachers as I understand it." completed and working well; and he wrote me After further debate the petition was laid on the that therefore he ought to he paid his second intable by a vote as follows :

Ayes-Bureaw, Erdman, McLean, Roney and Mr. Hull : "I would like to vote against any Runk-5. further as propriation to pay for this heater until Nays-Cooper, Dillinger, Gries and Hull-4.

ve feel it working well." OUTLINE MAPS AND DRAWING BOOKS. the President-" Mr. Sponce promised to be The subject of supplying outline maps where here on Monday of this week.
