Mrs. Smith generally contrives to let me me for twenty-five hundred dollars, the united meat on several days in the week, is, perhaps, know in due season what will be acceptable Christmas gift of his cousins to him in the amply compensated by his beer, on which he as her gift, but as 1, immersed in business, hour of his extreme need, and his reply breath. probably thrives better than the Pennsylvania have but little time and no inclination to con- ing gratitude and joy too deep for words, I laborer on his excessive meat diet." So the sider these matters, I tell her to make her es- have had framed and presented to Mrs. Sarah fox who had lost his tail endeavored to spread timate and I hand her the money. In this Smith, who declares she never in her life had the idea that talls were a highly objectionable way, buying it herself, she can please her own a Christmas gift which gave her such genuine superfluity. It is noteworthy in this connection that in the Consul's table above mentioned, showing the comparative cost of living, the item of meat is placed at \$3 for the Philadelphia mechanic and family, and only \$1.62 for the Englishman. It is indisputable that meats of all kinds are dearer in England than waggish in their ways, and who were in the while " No respectable mechanic or laborer (in Philadelphia) is satisfied without meat once a day, few are content without it twice a day, and many even three times a day, en-

animal food on several days in the week. The week. To be sure, it is claimed that he is more than compensated by his regular use of

But this item of beer does not appear in the table among the other articles ef food and drink constituting the subsistence of the British mechanic and his family. Yet as he is cheers. charged with \$1.88 less per week for meat than his Philadelphia brother, it is fair to pre- shun? sume that he makes up this difference in beer He should be charged, therefore, with that stand. amount more. Let us, however, add but \$1 a very low estimate, for the weekly cost of bone. between the weekly expense of the two for celebrated as a successful mellow drammer. ecessaries and ordinary comforts is reduced to less than fifty instead of seventy per cent. high, yielding two bushels of fruit. This represents more correctly, then, the in creased purchasing power of wages in Eng

land. We could not ask a more favorable showing for the condition of labor [in this city. But of,

what if it could be established, as our own free-traders falsely claim, that workmen in the Mr. Kortright, British consul at Philadel- United States receive no better wages, the phia, has made a very true and fair report purchasing power being considered, than are thief immortalized in the play which makes concerning the condition of the industrial paid in England? It would still remain true his buffoonery endurable is the cool impruclasses in Pennsylvania, as was to have been that protection, by affording almost unlimited dence and bravado with which he picks a expected from his known high character. His, employment here for labor, even if on no bet pocket or commits a burglary.
