Ayer's Hair Vigor, For restoring to Gray Hair its natural Vitality and Color.

A dressing once agrecable, preserving the restores faded or gray hair color. with the

gloss and freshness of youth. Thin hair is thickened, falling hair checked, and baldness often, though not always, cured by its use. Nothing can restore the hair where the follicles are destroyed, or the glands atrophied and decayed; but such as remain can be saved by this application, and stimulated into activity, so that a new growth of hair is produced. Instead of fouling the hair with a pasty sediment, it will keep it clean and vigorous. Its occasional use will prevent the hair from turning gray or falling off, and consequently prevent baldness. The restoration of vitality it gives to the gray of the property of the prevent of the prev scalp arrests and prevents the forma-tion of dandruff, which is often so un-cleanly and offensive. Free from those deleterious substances which make some preparations dangerous and injurious to the hair, the Vigor can only benefit but not harm it. If wanted merely for a HAIR DRESSING, nothing else can be found so desirable. Containing neither oil nor dye, it does not soil white cambric, and yet lasts

Ayer's Cherry Pectoral. For Diseases of the Throat and Lungs, such as Coughs, Colds, Whooping Cough, Bronchitis, Asthma, and Consumption.

Among the great discoveries of modern science, few are of more real value to markind than this effectual remedy for all dispares of the Threat and Lungs. A vast trial of its virtues, throughout this and other countries, has shown that it does surely mad effectually control them. The testimony of our best clizens, of all classes, establishes the fact, that Chemry Pecroal, will and does relieve and cure the afflicting disorders of the Throat and cure the afflictions of the Pulmonary Organs yield to its power; and cases of Consumption, cured by this preparation, are publicly known, so remarkule as hardly to be believed, were they not proven beyond dispute. As a remely it is adequate, on which the public may rely for full protection. By curing Coughs, the forerunners of more serious disease, it saves unnumbered lives, and an amount of suffering not to be computed. It challenges trial, and convinces the most sceptical. Every family should keep it on land as a protection against the early and unprecivel attack of Pulmonary Affections, which are easily met at first, but which become incurable, and too often fatal, if neglected. Tender lungs need this defence; and it is unwise to be without it. As a safeguard to children, amid the distressing diseases which beset the Throat and Clest of childhood, Chemry Pectonal, is invaluable; for, by its timely use, multitudes are rescued from premature graves, and saved to the love and affection centred on them. It acts speedily and surely against ordinary colds, securing vagind and health-restoring sleep. No sweet to the love and affection centred on them. It nots speedily and surely against ordinary colds, securing sound and health-restoring sleep. No one will vafec troublesome Influenza and painful Bronchitts, when they know how easily they can be cured.

Originally the product of long, laborious, and successful chomical investigation, no cost or toil is spared in making every bottle in the utmost possible perfection. It may be confidently relied upon as possessing all the virtues it has ever exhibited, and capable of producing cures as memorable as the greatest it has ever effected.

CATHARTIC, or Multum in Parvo Physic.

The novelty of modern Medical, Chemical and Pharmacentical Science. No use of any longer taking the large, repulsive and nauscous pills, composed of cheap, crude, and bulky ingredients, when we can by a careful application of chemical science, extract all the cathartic and other medicinal properties from the most valuable roots and herbs, and concentrate them into a minute Granule, scarculy larger than a mustured seed, that can be readily swallowed by those of the most sensitive stomachs and fastidious states. Each little Purgative & Feller's presents, in a most concentrated form, as much catharid power as is embodied in any of the large pills found for said in the drug shops.
