THE SCHOOL FOR SCANDAL. From the N. Y. Times. Mr. Greeley's organ Wednesday entertained readers with the following choice item of news, which is a fair specimen of the way the Presidential campaign is conducted in behalf of the Chappinquee Sage: "New fresh scandals have come to light. One of our contemporaries publishes the story of William D. Fernald, who paid \$2,500 to the President's brother-in-law to get him nominated to a Consular position in Peru against the opposition of the Peruvian Government, and who, losing this place because the Senator did not confirm the nomination, afterward paid the same brother-in-law \$1,000 to get him appointed to another. We have no proof of this, but it is generally believed. And we have no doubt that it will be generally believed."

OUR DEBT. In March, 1869, upon the inauguration of President Grant, the national debt stood at \$1,000,000,000. It has since increased to \$1,500,000,000. The President's policy has been to increase the debt, and to use it as a means of increasing the power of the Executive branch of the Government.
