This instrument is especially designed for the postoct application of

DR. SACE'S GATARRH REMEDY.

It is the only form of Instrument yet invented with which fluid medicine can be carried high up and perfectly applied to all parts of the affected mass passages, and the chambers or cavities communicating therewith, in which sores and nicers frequently grocueds. The want of eacoes in treating Catarrh here tolore has arisen largely from the impossibility of applying remedies to these cavities and chambers by any of the ordinary methods. This obtained in the way of effecting current course is curiety overcome by the intervent of effecting current is currently overcome by the intervent of effecting current is currently overcome by the intervent of effecting currently overcome by the intervent of effecting currently overcome by the intervent of effecting currently overcome by the intervent of the object of the currently overcome by the intervent of the currently overcome by the intervent of the object of the currently overcome by the intervent of the currently overcome overcome of the currently overcome overc DR.
