CATHABETIC, or Multum in Parvo Physic.

The novelly of modern Medical, Chemical and Pharmacentical Science. No use of any longer taking the large, repulsive and nauscons pills, composed of cheap, crade, and bulky ingredients, when we can by a careful application of chemical science, extract all the cathartic and other medicinal properties from the most valuable roots and herbs, and concentrate them into a minute Granule, scare-ofly larger than a mustard seed, that can be readily swallowed by those of the most sensitive stomachs and fastidious tastes. Each little Purguative Pollet represents, in a most concentrate form, as much cathartic power as headlost concentrated form, as much cathartic power as headlosted for the control of the control of the cathartic composed being so harmonized and modified, one by the others, as to produce a most scarrelling and thorout.
