FRAUD, FORCE, MONEY! The biggest fool in Pennsylvania, Ex-Mayor Vaux, of Philadelphia, was one of the speakers a lot of thieves, hungry for spoils, into office at the meeting of the unterrified, at the Allen House, on Saturday evening. Dick Vaux can say more and mean less than any other man n Pennsylvania. For years he was the butt of every Republican or independent paper in Philadelphia, and even the Democrats themselves acknowledge that, by his bombastic utterances, he has done more to break up the plug-ugly party than any other man. Dick. on Saturday night, delivered one of his crazy orations, remarkable, as usual, for its silly figures and puff and blow. He stormed and tore and almost swore to lies, and his igno rant audience, with mouths agap, swallowed his perorations as something unheard of since George Francis Train visited this city. Vaux knew his crowd well. Though a man of strong prejudices, he reads a good deal, and he has found out, from Horace Greeley, that Democrats flourish where school houses cannot be sustained. He is a good judge of hu man nature and looking out upon the vast as semblage before him, he took in at a glauce the ignorance that was depicted there and unbridled his tongue and let her go at full speed heeding neither truth, wisdom, nor decency Having asserted that the Administration party appealed to the prejudices, the passions of the people, what did he do? Did he appeal to sober reason? Not at all. No other demagogne who ever lifted his voice in defence of a rotten cause, ever appealed so basely, so cowardly and so falsely to the worst passions of an ignorant mob. Having worked them up to a sufficient degree he told them that ther were three things the Republican party relied upon to secure success-fraud, force and money-that these were the three things upon which the Administration depended to cheat vou, the honest, intelligent, taxpaying people of the country, out of a free expression of popular opinion." He first took up fraud, saving that North Carolina had gone Demo cratic by over 10,000 majority, and perhaps 12,000, but that the Democracy had been de. been heard from, the Administration organ in New York, the New York Times, asserted that the State had been carried by 2,000 majo rity for the Republicans. What did that mean? Two thousand majority! It showed that they intended to carry the State by 2,000 majority by fraud." This was considered a capital hit, and several protound individuals shook their heads knowingly, thoroughly convinced that the New York Times knew all about it and was in the secret of the fraud. So much for bosh ! But we will present the other side. You will remember, tadpoles of the "Constitutional Republican, Liberal Republican, Dem ocratic-Republican party," that "on the day after the election, before a single county had been heard from, the organ of the Ku-Klux, Liberals, Democrats, Rebels, Tammany, '63 Rioters, Negro Orphan Asylum Burners, Jake Thompsonites, British Monopolists, etc., in New York, the New York World, claimed North Carolina for the Democrats by 12,000 majority. TWELVE THOUSAND MAJO-What did this mean? Why it meant.gentlemen of the Dolly Varden persua sion, that the Democrats knew they were de feated and that this was the figure at which

Then he referred to force. He had read to barrowing tale and the gentlemen before him election would also bring about, would not might be moved to shed tears to night, if they only prevent him from doing any harm, but could only read, and would get a paper publishing an interview between a reporter and three white men! Then he referred briefly to money. Mr. urprised that many of them went home feeling that they had once been rich, but were inpoverished to satisfy the greed of the Republican party. It seemed ridiculous to look pon that crowd and hear a man running for by the defalcation of a Collector in New markably lucky.

York, who was a bosom friend of Horace Greeley and whose appointment was secured by Greeley's influence. A nice party, this low-life Tammany, to cry out against frauds, when the Ring of New York and those Federal officers recommended by Buckslew, Cowan and other Copperheads, and by Horace Greeley and Reuben E. Fenton, have stolen nore money than would buy every Democrat at the meeting on Saturday night a good-sized farm. As for the money thus stolen being used for President Grant' re-election, that is false, too. They had better put the saddle on the other horse. There is not a defaulting oficer of the Government, who has been put out of office, who is not now yelling for Gree ley and Reform. In New York this is espec ally so. They know Reub Fenton put them in position and they know the place for cor-

ruptionists is with his party. Vaux's speech was, aside from his silly charges quoted above, made up of nothingness. He talked a great deal about what the labor ers, the tillers of the soil and the business nen would do; how they would come up from their forges, from their factories, from their plows and their anvils, and from their looms, and from their machine shops; and their voices would be borne over the moun tains on the winds, and their voices would come up from the valleys, from the uill tops, and from the level, and Washington county would shake hands with Wayne, and Lake Erie would spit into the Deleware river, and it Buckalew was not elected in October they would ery out "fraud, fraud," as they dli in North Carolina, but precisely what he was going to do about it he did not say.

THE Ku-Klux are still committing outrages in Governor Brown's State. Should Mr. B. ever be President, these outrages will be multiplied all through the South.

THE Liberals and Democrats were defeated in the city election at Louisville. The citizens of that place very sensibly refused to put

A NUMBER of our Democratic exchanges are praising Mr. Woolever, because he is a candidate for re-election. Mr. Fetter is also a candidate—have none of them anything to say n praise of him.

THE Tribune's slurs upon Gen. Dix are in teeping with its course since it left the Republican party. It has lost all its sense of honor for which it once had the respect of both parties.

THE Tribune thinks frauds were committed n North Carolina. It is believed that our majority would have been more than double had it not been that Conservatives colonized a large number of ex Rebels from Virginia.

He was defeated by only 250 votes, and as it can be shown that four or five times that number of Virginians were colonized to vote for his opponent, he will have no difficulty in getting his seat.

THE motive and intention of the Southern supporters of Greeley are well illustrated in the declaration of the speakers at a Democratic neeting held in Kentucky last Friday-made, they would, in the language of their compa it should be remembered, upon the hypothesis triot, the infamous Semmes, cry out 'Don't of a Democratic triumph in North Carolina give up the Ship,' we have been defrauded out of North Carolina! Of all our public men he, perphaps, is least fitted rhetoric and classical allusion goes for little, and the logic of fact goes for much. True, we are told by the same correspondent that Mr. Sumner is prepared to prove, from the volumes of his published speeches, that he is much older in the anti-slavery movement than Mr. Garrison gives him credit for. Mr. Sumner may as well understand now as ever that it is not what he thinks of himself, but what his contemporaries think of him as an antislavery leader, that will go to make up the verdict of history. That we may gain an intelligent idea of Mr. Sumner's status in the anti-slavery movement let us turn back and examine history.

During the following year Mr. Garrison became the associate of Benjamin Lundy in the editorship of an anti slavery paper in Baltimore; and from that hour down to the present Mr. Garrison has devoted his life and undeniably great powers to the cause of the oppressed. Then follows a brief history of the contest n Massachusetts, in which Messra, May, Lor-

There has been, perhaps, overmuch attenion paid to the efforts of Mr. John W. Forney to distract and defeat the Republican party in Pennsylvania. But it is proper, not only o expose the unworthy motives that are so clearly actuating his course, but also to produce such proofs of the falsity of his charges as will convince all who are capable of appre ciating the value of evidence. One of Mr Forney's favorite methods of defaming General Hartranft is to assert that the securities in the State Treasury are, in a large degree, worthess, and that he has used the Sinking Fund for the purpose of corrupt speculation.

affairs of the Treasury. We publish Mr. Mackey's letter to these gentlemen, and the result of their examination. Their certificate totally refutes Mr. Forney's charges, showing that the securities n the Treasury are good and sound ones, and also showing that the funds in the Sinking Fund are not negotiable, and could not have been used as the Press has been asserting. It was dumb in Grant, but of course not for Sumner or Sumner thinks he is smart enough to be President and is mad because somebody did not nominate him.

First, then, we conclude that Mr. Sumner will not object to Horace Greeley as a witness in behalf of truth, since it is but a few days since he recommended Mr. Greeley to the carnest support of all colored citizens as an it original abolitionist and a thoroughly reliative properties. THE conspiracy to break down President The conspiracy to break down President Grant was started more than two years ago and is the outcropping of jealousy and hat red. Considering the opposition of his Republican Senatorial enemies, the foreign policy of President Grant has been wonderfully successful. The numberless reports about the contemplated resignation of Secretary Fish were coined and re-coined in the interests of this Senatorial conspiracy, to retard the efforts of our State Department, for it is well known that foreign powers would not treat with the proper consideration the representations of a Munister who was upon the eve of resigning.

Thus, in order to strengthen their cause against the President, Summer, Trumbull and against the President, Sumner, Trumbull and Schurz would sacrifice the interests of the Nation abroad.
