Mauch Chunk Correspondence.

MAUCH CHUNK, August 17th, 9872. Editor Lehigh Register: - The non-appearance or quite a time of Mauch Chunk Items in voi per, prompts me to the writing of this. Al though Mauch Chunk is situated amongst the lountains, it nevertheless does not escape the ho spells of the summer season. We have had very varm weather up here for the last two weeks, he act "hot" would be the correct term for it, an of late several very heavy showers which have noderated the heat to some extent.

The Mansion House, which has already gained wide reputation as a summer resort, is at pres at crowded with city folks, and is the most lively place in town. Mr. Booth, the enterprising pro rictor, allows the house to lack in nothing which vill add to the comfort and pleasure of his many uests. The famous Switch-back route brings to his town excursions almost every day. Las Thursday a large excursion from Philadelphia passed over the route, requiring sixteen L. & 8 assenger coaches to carry them all.

The Republicans of this town are now fully or gabized for the campaign and are pushing on the joble work. We can boast of one of the strongest Grant. Wilson and Hartrauft Clubs outside o the city of Philadelphia. The club meets regularly every Saturday evening in the Town Hall where addresses are delivered by the foremos speakers of the State. Last Saturday evening the Club was addressed by Col. Fitzgerald, of the Philadelphia City Item. The Colonel delivered a stirring address, carrying with him his entire au dience, who evidenced their approval by repeated applause.

The "L beral Republicans" in this section are few and far between. Dan Kalbfus, Erq., is the chief amongst them, but as far as I know he has very little influence. Last week a meeting was called for Liberal Republicans only, and all they ould muster at that meeting were five. Of thes . Robeson was chosen President, and H. F. Brown Secretary, and they dared not choose n officers, for their audience was then only three So you see that up here the Liberals are very arce-say six in all, and we have more than that number of Democrats who will vote for Gran

and Wilson. Rest assured that Little Carbon will do her duty this fall. She will give the regular Republican vote for Gen. Haltrauft and more than that fo Grant and Wilson. Gen. Albright, of this place, one of the candidates for Congress at large, standvery high amongst the working class of people around here, and will no doubt receive a majority in Carbon county. Will let you know from time to time how we are progressing in the campaign Yours truly.

BUSINESS NOTICES.

A Perilous Season .- Glorious and delightful a A Perilous Scanon.—Glorious and delightful as the Summer weather is, its tropical heat is a severe trist to the vital powers. Even the strongest are sometimes prostrated by its effects. The common phrase applied to this condition of the body is "general debility." Now general debility arises from, and includes a variety of ail-cuts. The liver is more or less affected, the bowels are either constipated or too much relaxed, the stomach but half performs the work of digestion, the appetite poor, and the spirits depressed. This is what is called general debility. It is a general disarrangement of all the physical functions, and requires as a resided a medicine that will regulate thom all.
