ATTENTION COUNTY COMMITTEE

A meeting of the Lehigh County Republican Executive Committee will be held at the Central Club Rooms, corner Sixth and Hamilton streets, Allentown, on Saturday afternoon next, at one o'clock, P. M.

Let every member be present. JOHN L. HOFFMAN, President.

E. CLAY HANSEN, Secretary. JOHN J. LAWELL, Secretary.

Second Ward—E. R. Rube, S. M. McLoone. Third Ward—F. Rube, Henry Luckman.

Fourth Ward—J. M. Hoffman, Edward Rube. Fifth Ward—Dr. T. C. Yeager, Samuel Colver.

Sixth Ward—John A. Schaeffer, Frank Hartman. Cataqua—R. C. Hamersly, R. A. Boyer.

Emmaus—Henry Fries, Dr. A. P. Sica. Coplay—L. F. Leitch, A. F. Krutz.

Millerton—S. F. Salmer, J. Bingham. Slatington—D. McKenna, L. H. Singer.

South Whitehall—Samuel Ritter, Thos. Yandt. North Whitehall—A. P. Bailett, A. W. DeLong.

Walshkill—J. M. Hoffman, Frank Hartman. Washington—Jonathan Dorwin, Ben. Schaeffer.

Hellbush—Wm. H. Hunsicker, W. K. Peter. Lehigh—Daniel Warren, Lewis Moser.

Lehigh Valley—Lewis Moser, F. G. Peter. Upper Merion—David Schaeffer, Chas. Schaeffer.

Upper Merion—Chas. B. Wender, Thos. Klemmer. Lower Merion—J. M. Hoffman, Thos. Ritter.

New South Bethlehem District—John Wail, Levin J. Kruse.

It would seem that all the boys who do not go to school, are selling chestnuts.

The old hen crows over its one chicken—Indiana.

The Moravian Historical Society will meet at Nazareth, Wednesday, Oct. 16th.

An exchange of letters for girls for cooking. Most people prefer them raw.

The flies are stiffening, and the music of the organ has ceased.

GEN. HARTMAN was enthusiastically received by his friends in Harrisburg Thursday.

We have draped our picture of Andy Carter in mourning.

PUMPKINS and apples are the two articles of produce most abundant this fall.

PHILADELPHIA, official, shows a majority of 50,347 for Hartman.

CHESTNUTS are selling at 15 cents a quart. Last year the price was 8 cents.

A GREAT many members of the Young Men's Buckle Club voted for Hartman.

The barbers charge double price to shave liberals, because their faces are so long.

The Democrat gives up the State election handsily. The News, as might be expected, cries "fraud!"

The coalition politicians now say that the Democrats who voted for Hartman were bought. Bo!

The prettiest girl in Easton says that Greeley ought to be elected, and proposes after she is to illuminate her papa's residence.

Some of our Allentown Democrats and Liberals give Pennsylvania to Grant by seventy-five thousand majority. The figure is not high enough.

On Tuesday night cannon bursted in Cataqua, which was fired in honor of the Democrats. Fortunately no one was injured.

We regret to announce that Mr. Bartholomew, so badly hurt at the explosion last week in Kroyer and Smith's store, is rapidly sinking. He lies at his home in a critical condition.

The new Washington court house officers started Tuesday, Messrs. Coyle, Schaeffer, Allen and Fretwell will take hold of the reins about the 1st of December.

HANSON has done so well in the election just past, that he looks to be elected to the office of clerk of the old Democracy of Berks, at the November election.

A SEPTEMBER extract from the Press—Nothing can save Hartman now. His overwhelming defeat is as certain as that the sun will shine on the morning of the 1st of October.

MR. WEBSTER's daily said the other day "We've got the Rockets on the run now, but keep them at it." These radicals did run up tremendous majorities, didn't they?

The last year has made a wonderful change in the peaceful character of our city, in the First and Sixth Wards, where not half the arrests are made now that were thirteen months ago.

The Lehigh Transportation Company have put a new coach on their route named "John Brown." In honor of the venerable superintendent of the Lehigh Canal.

JOKE.—On the day after the election some joker found his way into the office of J. Winslow Wood, Esq., Liberal, and draped a portrait of Horace Greeley, therein hanging, with carpenter's nails.

A COLLEGE man voted in the Fourth Ward last week amid the wildest enthusiasm. His ticket was BLACK REPUBLICAN. Two colored votes were polled in the Fifth Ward.

The Liberal Republicans of Pennsylvania have fallen to elect Buckle for their Democratic ally, and now the latter will not support Horace Greeley any more. Especially will there be great indifference on the part of the Democrats of this county.

New Jersey is the banner State of Presby. It has 277 churches, and 27,838 members. One church to every thirty-five miles, and one communicant to every twenty-four inhabitants, and, on the average, four and a half communicants to every square mile.

Don Congressmen-at-Large have thirty-five majority in Allentown. In Cataqua they had 200 and in Coplay 7, and in Salisbury 100, making a total gain in these districts of 192—making a total gain in the county of not much over 1200 in the county for the Democratic candidates.

FOR THE LADIES.—Ladies who are desirous of renovating their black dresses of last season, whether of silk, cashmere or alpaca, can have them dyed in the most beautiful and lasting colors. The preparations are a teaspoonful of borax to one quart of water. Apply with a black wool pen or nail brush.

A LIBERAL (?) who of late left the Republican party, and who yesterday voted the straight Democratic ticket, was yesterday at the Methodist church, and was seen by the Methodist and mechanics of the State. It could not have paid the Methodist and mechanics a higher compliment.

DON'T SHOOT THE RABBIT.—An act of Assembly, approved March 7, 1872, forbids the killing of rabbits "between the first day of January and the first day of May, in any tract of land exceeding ten acres, and which is used for the purpose of raising this game. Informers are entitled to \$2.50 for every case they report to a Justice of the Peace.

On Wednesday the Young Men's Bartram Club paraded the streets, where they were in answer to an inquiry made by T. F. Emmens, who has established in this campaign a character for being a common white flag. We have heard that the Young Men's Bartram Club have every reason to be proud of their share in this war.

It seems hardly credible that any one who talks about love of country can so base as to waste his time in burning for others who do not care a whit for the life of a chicken. We have gathered their coal in dangerous localities and earn their bread by severe toil. That there are such miserable wretches about town, every careful observer of men and things will well aware.—Easton Express.

The Philharmonic Society held their first meeting of the season on Thursday evening last. The following officers were elected for the ensuing year: President, E. F. Bleck; Secretary and Treasurer, Jas. H. Weller; Directors, Prof. Theodore Weller, Robt. Hays, and A. H. Leibert. The regular meetings for practice begin the week before next, and are held at the residence of the president, Mr. Phillips, was some time since elected Chief Engineer of the Bethlehem Fire Department, and was well known as a public-spirited and good citizen.

WEDNESDAY'S PARADE.—Captain Young's company, which was organized in the interests of Gen. John F. Hartman's election, has witnessed the fulfillment of their object, and they are now the club paraded the streets in honor of the great victor, led by a large delegation of citizens and the City Cornet Band. The appearance and order of the march were admirable, and as usual, the parade was a grand success.

HEAVY LOADS.—John K. Ordinal, of Easton, captain of the No. 6 N. Y. S. lately took down the canal two of the heaviest loads of coal that have ever been shipped from Mauch Chunk. The first load took down a load containing 112 tons, and the second, another of 110 tons. The boat usually takes 75 tons a load, and not a small number of them were considerably surprised when they heard of such enormous loads as the above being carried.

ADVERTISE.—On Thursday evening last, a young man named Buchman, son of Mr. David Buchman, residing near Cherryville, was riding on a horse attached to the holding box, in a state park, when the rope broke and struck him on the head, knocking him into the gutter. The fall was so sudden that he was killed on the spot, and received several other injuries.

OUR LIONS MANUFACTURED.—The good quality of pig iron manufactured in the Lehigh Valley, at the present demand for it, worth in the market \$60 and \$57 per ton, and at our estimate there are 100,000 tons of pig iron in the Lehigh Valley, and that is not clearing now a profit of \$10,000 per month. The tariff on iron has been reduced considerably, though if the property of the iron trade demand it, the Republican party would immediately increase it.

ACORN received fewer votes in Lehigh county than any other article of food. Bob James S. Beyer far surpassed all the other articles of food in the support of very many Democrats. Now we have a Congressman whom we can trust with any confidence to look after the interests of our district. We are justly proud of him, and we are sure that the people will be glad to have him here, and we are sure that the people will be glad to have him here, and we are sure that the people will be glad to have him here.

NEW RESIDENCE.—Judge Longaker has purchased the three-cornered piece of property opposite the place of Mr. Thos. Barber, on Union street, and immediately proceeded to erect a new residence on this fall a handsome residence. The lot runs down the sidewalk to the Jordan stream, and we hear that the Judge proposes to beautify the whole by laying it out in a garden park. The price paid for the ground was \$3500. And so we progress.

The vote on Governor in Montgomery county was as follows:—Buchman, 6424; Buckle, 5167. Majority for Buckle, 3257.

In that county the Republicans elected their whole county ticket, with the exception of one district, where the Democrats carried. In the county of Lehigh, the county was considered irretrievably Democratic.

ROGUE.—The Democrats are growing at the Liberals for not doing better. As far as the following are concerned we believe they fulfilled their obligations and are not to be blamed because the county did so badly.—Dr. W. J. Roring, A. J. Zoller, J. Winslow Wood, Col. Hamersly, E. J. More, W. D. Luckenbach, Alderman Morris, Edward Frank and James Deahler, Dr. Charles L. Martin. The trouble is they interpreted their strength.

COVARD AND BRAVE.—The Lancaster Express says that a female lecturer spoke here on the 11th inst. The Columbia always were a brave people. It is a matter of great public interest in our city. The cement comes from Limestone found in large quantities in this county, and we already have a good market for it. It is in addition to its other various uses, it is destined to be an article of trade in large demand throughout the country.

ABOUT LOCAL PAPERS.—The New York Times says you might nearly as well forget your churches, your academies and school books as to forget your local paper. It speaks to ten times the audience that your local minister does. It is read eagerly each week from beginning to end. It reaches you all, and it has a lower price, and has within it a sermon, a drama, a poem, a letter better chance at you. Layling as it does on you every table, in almost every house, you owe it to yourself to rely liberally to its support, and to exert your own able, big-toned character as an editor from an editor in your midst. It is in your own hands and care—unless you yourself are beneath notice and care—for it is your representative. Indeed, in its character, it is the communication of the important news of the day for you all. It is the aggregate of your own consequence, and you cannot ignore it without miserably neglecting yourselves.

ALMOST A FATAL ACCIDENT AT OUR COUNTY PRISON.—On Thursday morning last, almost a fatal accident occurred in the yard of our county prison. The inspectors are having an immense race excited in the yard, which was the subject of about ten feet deep. A horse attached to one of the carts balked as the driver was attempting to start him and commenced backing towards the pile. The venerable warden, Mr. Moore, was standing near and attempted to prevent the cart from going over the bank by pulling at the wheel, when the horse gave a sudden jerk backward and Moore, horse and cart went into the hole. It was first thought that Mr. Moore was killed, but he was only bruised, and it was found that he was only bruised, and after expressing his opinion of bulky horses in pretty vigorous language, he was taken to his room and medical aid summoned. His escape from death was almost miraculous.—Easton Sentinel.

PROPERTY BALANCE.—Reported by Alderman Metz: David Kemmerer sold a two-story frame and lot of ground on corner of W. Union street, to Anna M. Betts, for \$1200.

Paul Ehret sold a two-story brick house and lot of ground on Gordon, between Penn and 5th-sts., to Llewellyn H. Metz, for \$1500. Also, one to John Metz, same dimensions, corner of W. F. Wood street, to Anna M. Betts, for \$1200.

Dr. James Barres sold to Dr. A. J. Laubach the three-story brick, situated at the corner of Fifth and Linden streets, for \$7,000. Frederick T. West sold a tract of land in New Texas, this county, 1/4 acres, to Henry Ludwig, for \$1,000.

HORSES KILLED.—On Sunday week four horses, belonging to Mr. Robert Odenwelder, a farmer residing on the Lehigh, near Glendon, jumped the fence of the lot in which they were confined, and were killed by the Lehigh and Susquehanna Railroad. While there fasted freight train came along, and the horses started on a run just ahead of the engine. Two of them were overtaken and instantly killed, while the other two continued to run until they reached the bridge, crossing an open bridge near Glendon between fastened to the cross pieces near the track and was considerably bruised, as was also the other horse, which was struck by the locomotive, and killed. It was estimated that probably reach \$400. The injured horses will recover.

AMONG THE SCHOOLS.—Thursday the first Class in the Female High School, in charge of the Principal, paid a visit to the Allentown Rolling Mill, Foundry and Machine Shop. These young ladies are at present engaged in studying that part of the Philosophy called Mechanics, which treats of the mechanical power, and its application to machinery. Not satisfied with their book knowledge, they embraced this opportunity of acquiring a more thorough understanding of the subject, by seeing the practical application of the principles of science. Their visit, which was unfortunately cut short, by the storm towards evening, was nevertheless very profitable, and they returned home with a great deal of knowledge, and a deep interest in the study of mechanics.

THE MONSIEUR COAL AND IRON COMPANY.—We noticed the failure of this company some time ago. It will be remembered that the creditors were and were disposed to give an extension. The affairs of the company have since that time been in a state of confusion. It was at first supposed, and there does not seem to be any reasonable hope, that it will ever get upon its feet again. Last week the United States Marshal in Philadelphia issued a warrant for the arrest of the president of the company, and the company is now in a state of liquidation.

HOW TO SPEND MONEY.—First earn it, having earned it by industry and work, you will find it is not so hard to spend as you think. Do not waste it in buying for others who do not care a whit for the life of a chicken. We have gathered their coal in dangerous localities and earn their bread by severe toil. That there are such miserable wretches about town, every careful observer of men and things will well aware.—Easton Express.

FATAL RAILROAD ACCIDENT.—Thursday evening, when the 8 o'clock North Penn Railroad train arrived at the Union Depot, a man named Daniel Ehret, who was in the baggage car, fell from the platform (going at the rate of less than 3 miles an hour) and slipped backward, falling onto the track, and getting one of his legs and foot on the track, one track of the car passing over them, mashing the leg and foot, and he was killed. The heart of the railroad company, where the injuries were found to be as above stated. He was taken to his home in Redbank in the 8:40 Lehigh Valley Railroad train, but he died at 10 o'clock last night.

WINTER IS COMING.—Frosty, cheerful, and stormy water makes his approach easy. Winds and storms are in his train, the piping whistles of a welcome blast his herald. Ever unbidden and unbidden, yet a steady visitor he is, forgetting all his misdeeds, and coming to us with his gifts. He is coming—indeed, he is almost at our door. While the sun alone, the brooks murmur, and the flowers bloom in beauty, and the birds sing their sweetest notes, he is coming to us with his gifts. He is coming—indeed, he is almost at our door. While the sun alone, the brooks murmur, and the flowers bloom in beauty, and the birds sing their sweetest notes, he is coming to us with his gifts.

HAIRD COALON PASSENGER LOCOMOTIVES.—The new coal on passenger engines is the best of the kind, and is being used by the Pennsylvania Railroad Company. It is a matter of great interest to the public, and we are sure that the people will be glad to have it here, and we are sure that the people will be glad to have it here.

WOMEN MILLERS.—If we are correctly informed, Ed. Easton has thrown away another opportunity of developing himself as a manufacturer in his midst. Mr. James Shiner, of this city, had agreed to take his whole mill from Freemasburg to Easton, and would have done so if the parties with whom he had arranged to sell the mill had not failed to do so. He is now in a state of confusion, and we are sure that the people will be glad to have it here, and we are sure that the people will be glad to have it here.

CEMENT PAYMENT.—Whoever passes by the two new residences on Union between 4th and the Jordan, will do well to notice the extensive excavation that is being made in front of them, with cement pavements and steps. If the cement is of the most desirable character, but if the frogs get to working under it and the pavement will be worthless. We await with interest the operation of the frog in this matter, as it is a matter of great public interest in our city. The cement comes from Limestone found in large quantities in this county, and we already have a good market for it. It is in addition to its other various uses, it is destined to be an article of trade in large demand throughout the country.

ABOUT LOCAL PAPERS.—The New York Times says you might nearly as well forget your churches, your academies and school books as to forget your local paper. It speaks to ten times the audience that your local minister does. It is read eagerly each week from beginning to end. It reaches you all, and it has a lower price, and has within it a sermon, a drama, a poem, a letter better chance at you. Layling as it does on you every table, in almost every house, you owe it to yourself to rely liberally to its support, and to exert your own able, big-toned character as an editor from an editor in your midst. It is in your own hands and care—unless you yourself are beneath notice and care—for it is your representative. Indeed, in its character, it is the communication of the important news of the day for you all. It is the aggregate of your own consequence, and you cannot ignore it without miserably neglecting yourselves.

ALMOST A FATAL ACCIDENT AT OUR COUNTY PRISON.—On Thursday morning last, almost a fatal accident occurred in the yard of our county prison. The inspectors are having an immense race excited in the yard, which was the subject of about ten feet deep. A horse attached to one of the carts balked as the driver was attempting to start him and commenced backing towards the pile. The venerable warden, Mr. Moore, was standing near and attempted to prevent the cart from going over the bank by pulling at the wheel, when the horse gave a sudden jerk backward and Moore, horse and cart went into the hole. It was first thought that Mr. Moore was killed, but he was only bruised, and it was found that he was only bruised, and after expressing his opinion of bulky horses in pretty vigorous language, he was taken to his room and medical aid summoned. His escape from death was almost miraculous.—Easton Sentinel.

JAMES McMANUS has been appointed postmaster of South Bethlehem, vice Stinger, resigned.

MR. RANDALL, of the Cataqua Dispatch, was formerly employed on Freyer's Press.

No pastor has yet been chosen for the Fifth Street Lutheran Church.

We understand that Corporal William D. Luckenbach, formerly of the Lehigh, has been sent to Salt River tickets sent from Bethlehem.

The Saturday evening, and Monday morning and down trails on the U. V. R. R. are especially crowded with passengers.

The Republican Jollification and turn-out in Bethlehem on Saturday night was a grand affair.

The total vote of Allentown indicates a population of 17,740. This on an average of five to each voter, which our last census showed to be correct.

PERSONAL.—Rev. James A. Vitte, of Hookendenburg, has returned from his lecture and resumed his duties again.

THE HEAVY TOWN PAPERS.—Lower Merion leads off with a total vote of 720; North Whitehall comes next with 704, followed by Upper Merion with 701.

The Jordan Bridge is a crying and an outrageous shame, being a stranger view of the city, and a disgrace and an inconvenience to ourselves.

THE REV. Mr. Earle, of the First Presbyterian Church, Cataqua, has almost entirely recovered from his recent contracted lungs, and now attends regularly to the conduct of services in his church.

The erection of the Hookendenburg Bridge has been postponed until spring, on account of the great scarcity of workmen. Only one proposal was sent in for the work, and the contractor was not able to give a specified time as to its completion.

At a meeting of the Central Republican Campaign Club, held on Saturday evening, it was resolved, that Wm. H. Allen, Esq., be, and he is hereby authorized to deliver the address before the Club upon the report of the County Investigating Committee, at a time to be fixed by them.

We do not know whether the Liberal Republican Executive Committee met on Saturday evening, for the purpose of celebrating the great victory of Tuesday last, with a grand torch-light procession, with fireworks and a general illumination. Some of the preliminary arrangements were agreed upon. The committee will meet this evening to make the arrangements for the celebration.

CONSTITUTIONAL CONVENTION.—The following is the vote for District Delegates to the Constitutional Convention:—C. M. Runk, in Lehigh, 5,291; Carson, 2,438.

Total, 7,729. Edward Harvey, in Lehigh, 6,940; Carson, 2,400. Total, 9,340.

Zachariah H. Long, in Lehigh, 6,668; Carson, 2,438. Total, 9,106.

Amos Riegel, in Carbon, 3,471; Messrs. Runk, Harvey and Long, being the highest in this Senatorial District, are elected.

A NEW INSTITUTION.—Through the exertions of Mr. Morgan Medlar, of the Empire Bank, the citizens residing in the city of Allentown, have been induced to subscribe sufficient funds to pay for the purchase and erection of a People's Drinking Fountain on Union street, directly in front of the Court House. It is a matter of great gratification, for we are aware of the most of our six in that business providing for the wants of the human and brute creation, especially during the hot season; and we contribute our share of gratitude to Mr. Medlar, with, for the part he has taken in accomplishing the new institution in this city.

The fountain is of grey New Hampshire granite, and is to be surmounted by a large iron globe, with a water spout in the center, and a basin for the water. It is to rest on the curbstone of the pavement, inside having drinking conveniences for people, and outside towards the street are to be a basin for horses to drink from, and next to the curbstone are to be a basin for the water. The parts of the fountain are all here and will be put into position and operation this week. Supplying a constant flow of pure and unadulterated spring water, this fountain will be a great blessing to the city. The cost of the fountain will be \$350, and it is similar to the one in front of the Court House on Chestnut street, Philadelphia.

LAFAYETTE COLLEGE AFFAIRS.—Much dissatisfaction exists among the students on account of the late court rulings, by which they are prevented voting here. Last year's wholesale election of the students from Bethlehem, late, and the fact that they have taken the precaution to be assessed at home. A large number of the classical Freshmen chose the "Vulgate" for their Latin text in preference to Vulg. Prof. March has been elected to the position of Latin teacher, and he is a man of high standing in his profession. The students will be glad to have him here, and we are sure that the people will be glad to have him here.

"TOPSY" AT YORK.—AN EXCITING SCENE.—Reading's favorite "Topsy" has again come to York, this time at York. The incident connected with the race made the occasion especially interesting. The horse was taken to the grounds of the York County Agricultural Society "Topsy" was being driven in a sulky by a young man named Pickler, and on the last heat, the sulky was overturned, and the horse was thrown a second time, but the third time he jumped upon the back of the mare, and won the race in 2:40, amid tremendous applause and cheering. A correspondent of the Baltimore Sun speaks of the race as follows:—"The York county agricultural fair, which has been in progress for four days, closed today. The main feature was the race, which drew at least ten thousand people. The horse, named 'Topsy,' was the subject of the race, and he was driven in a sulky by a young man named Pickler, and on the last heat, the sulky was overturned, and the horse was thrown a second time, but the third time he jumped upon the back of the mare, and won the race in 2:40, amid tremendous applause and cheering. A correspondent of the Baltimore Sun speaks of the race as follows:—"The York county agricultural fair, which has been in progress for four days, closed today. The main feature was the race, which drew at least ten thousand people. The horse, named 'Topsy,' was the subject of the race, and he was driven in a sulky by a young man named Pickler, and on the last heat, the sulky was overturned, and the horse was thrown a second time, but the third time he jumped upon the back of the mare, and won the race in 2:40, amid tremendous applause and cheering. A correspondent of the Baltimore Sun speaks of the race as follows:—"The York county agricultural fair, which has been in progress for four days, closed today. A correspondent of the Baltimore Sun speaks of the race as follows:—"The York county agricultural fair, which has been in progress for four days, closed today. The main feature was the race, which drew at least ten thousand people. The horse, named 'Topsy,' was the subject of the race, and he was driven in a sulky by a young man named Pickler, and on the last heat, the sulky was overturned, and the horse was thrown a second time, but the third time he jumped upon the back of the mare, and won the race in 2:40, amid tremendous applause and cheering.
