Physic.

The novelty of modern Medical, Chemical and Pharmacentical Science. No use of any longer taking the large, repulsive and, nanscous pills, composed of cheap, crude, and bulky hyredients, when we can by a careful application of chemical science, extract all the catharite and other medicinal properties from the most valuable roots and herby, and concentrate them must rarel seeds, that the properties of the most valuable roots and herby, and concentrate them must rarel seeds, that can be really sweet hand by those of the most sensitive stomachs and fastidious assets. Each little Purpartive Pellet represents. mistard seed, that can be readily swallowed by those of the most rensitive stomachs and fastidious tastes. Each little Purgative Pelletrepresents, in a most concentrated form, as much cathartic power as is embodied in any of the large pills found for sale in the drug shops. From their wonderful cathartic power, in proportion to their size, people who have been supposed that they are observed in the drug shops. From their wonderful cathartic power, in proportion to their size, people who have been different active medicinal principles of which they go composed being so harmonized and modified, one by the others, as to produce a most search hing and theorem, in, yet genity and kindly operating cathartic.
