

BLOOMSBURG:

WEDNESDAY, MAY 19, 1838.

DEMOCRATIC NOMINATION FOR GOVERNOR: GEN. DAVID R. PORTER. (OF HUNTINGDON COUNTY.)

We are under obligations to the Hon. James Buchanan, of the U. S. Senate, and the Hon. David Petrikin, of the House, for various public documents, for which we tender them our thanks.

A whig county meeting was held in this village on Saturday last. It was a small affair. From the great exertions previously made to drum up the party, we were prepared to see a large meeting for them, but it was as slim as their proceedings were simple.

The whig meeting lately held in this place, adopted a resolution lauding General Harrison, & professing to go for him as their first choice, while they denounce the antimasonic central committee for sustaining him, and call upon the anti-masons to submit to a decision of a national convention which they know is to be convened for the express purpose of nominating Henry Clay. The antimasons must feel highly delighted with the encomiums bestowed upon their candidate, by their whig allies, when it is so apparent, that their only object is to drive Harrison from the field, and substitute their masonic friend in his stead. Will the antimasons submit is the question.

We learn by a slip from the Wilkesbäre Advocate, that at a special Court, held in that borough on the 10th instant, a new trial was granted to the two Gilligans, who were convicted of Murder in the first degree in January last. The principal ground for the decision was the inadmissibility of the deposition of Fagan, taken before Esquire Perry.

Bradley, who was convicted of murder in the second degree, and who did not apply for a new trial, was sentenced to ten years imprisonment in the Eastern Penitentiary.

We have received the first number of the "Pottsville Emporium," published by our old friend John S. Ingram, Esq. It is a well printed sheet, and from the appearance of its Advertising columns it will be well supported. We wish him success.

The Election Law.

The following amendment to the election law of this state passed the Legislature at the late session. It is important that publicity should be given to it.

"That no inspector, judge, or other officer of any election shall be eligible to any office at such election, nor shall any person holding an office under the general or state government be an inspector, judge, or other officer of any such election, nor shall any person holding an office under the government of the United States, be allowed to serve as a member of City Council, Commissioner of a District or Burgess."

WASHINGTON CORRESPONDENCE, OF THE 'COLUMBIA DEMOCRAT.'

WASHINGTON, May 10, 1838.

To the Editor,

Sir—The President sent into the House of Representatives this morning, a message stating that the Treasury had not available funds to meet the demands on it, and asking the immediate action of Congress on the subject. The report of the Duelling Committee, as it is called, came up in order, and Mr. Underwood, of Kentucky, having the floor, spoke for more than an hour—Mr. Thomas then took the floor, and after a very lucid and strong statement of his reasons for the motion, moved to lay the whole matter on the table, and to print the reports of the majority and minorities of the committee, their journal, evidence, and all documents relating to it. The vote for laying on the table was, yeas 102—nays 79. For printing the reports, yeas 124—nays 73. For printing documents, yeas 180—nays 4. So this business is laid aside for the present, as there was no prospect of ever getting a direct vote on the resolutions.

ITEMS.

No less than three suicides from intemperance occurred at Vernon, near Rome, New York, within one week in the month of April.

The Sirius steam ship is said to have carried out 17000 letters. More than 20,000 are said to have been mailed in the "Great Western."

An unknown gentleman, soon after arriving in the stage at Lancaster, N. Hampshire, a few days since, retired to a room, and destroyed himself, by cutting his throat. About \$60 were found on his person, and a note payable to a firm in Boston.

A person being asked what was meant by "realities of life," answered real estate, real money, and a real good dinner.

The annual dividends paid by the banks very opportunely to stockholders in New York, amount to \$864,000.

Intermarrying with a Vengeance.—It is said that a Mr. Williams, of Doncaster, York county, England, had two daughters by his first wife, who was deceased. The elder daughter married Mr. John Wiley, the son, and the younger married Mr. John Wiley, the father, a widower. The elder Wiley had a daughter by his first wife, whom old Mr. Williams married, and by her had a son; therefore the elder Wiley's wife could say, my father is my son, and I am my mother's mother; my sister is my daughter, and I am grandmother to my brother. This beats all.

"Served him right."—The New York Star says—A man by the name of Johnson, yesterday, between two and three o'clock, P. M. came home to his residence in Division street, intoxicated, and after sitting down to dinner, in a few minutes rose from the table and turned too and beat his wife in a shocking manner. She, after a short time submitting to his violence, seized an axe in the corner in self defence, and nearly severed his arm from the body. Her passions, which were justly aroused at the time, having now subsided, she is doing all in her power, in conjunction with the physician, to alleviate the distress consequent upon the severe wound she inflicted.

On Thursday, the 10th inst. a prisoner, by the name of Judson, made his escape from Mount Pleasant State Prison, N. Y. but was caught and returned to prison the same day. On the Monday morning following, when the prisoners were brought from their cells, Judson jumped off the dock into the river and succeeding in drowning himself.

At a public meeting of the citizens of Brandon, Tennessee, it was resolved, to give twelve hours notice to all gamblers in that place to decamp, and a committee of ten persons were appointed to look after such as were dilatory in obeying the mandate.

One hundred and thirty vessels arrived at Liverpool from America during the month of March.

The militia of the state of New York numbers 184,000 men.

The Pittsburg papers state that some of the iron manufacturers of that city have determined to build an iron steamboat.

In Wheeling Va. the daughter of Mr. Sciarra, a French juggler, making an ascension on a rope to the top of a house, fell and was killed; she was only nine years old.—The father deserved a summary punishment.

The Pittsburg banks have been paying specie, for some time past, for all sums under five dollars.

By a law of Michigan, the Banks of that state are required to resume specie payments on or before the 16th of June.

The Firemen of Lancaster had a grand parade on the 10th inst. It is said to have been one of the most splendid pageants ever got up in that city.

A Mysterious Death.—An inquest was held on the 2d inst. on the body of a white man found dead in the woods about a mile from Port Deposit. He appeared to have been dead some days, and was much disfigured in the face, though not much swollen; his head lay on a rock, and one side of the face appeared to have been bruised & cut, which had caused it to bleed freely, but whether from a blow or falling on a rock, could not be ascertained. A number of persons went to see him, but he was not recognised, nor was any thing found on him by which a clue to his name or residence could be had. He appeared to be from 30 to 35 years of age, about 5 feet 7 or 8 inches high, sandy hair and red whiskers; he had on a striped pair of pantaloons, black beaver-tan waistcoat, blue cloth coat with concave metal buttons, and a short mixed blue cloth box coat and white hat. No money or papers of any kind were found about him. He was decently interred.

HYMENIAL.

MARRIED.—On the 12th inst, by the Rev. William J. Eyer, Mr. SOLOMAN LEIDIG, to Miss SUSAN ZIMMERMAN, both of Cattawissa Valley, Schuylkill county, Pa.
