

BLOOMSBURG:

SATURDAY, JUNE 2, 1838.

DEMOCRATIC NOMINATION FOR GOVERNOR: GEN. DAVID R. PORTER. (OF HUNTINGDON COUNTY.)

The late Riots in Philadelphia.

The commotion in this once peaceful city, caused by the late disgraceful riots, appears to have almost entirely subsided; not, however, without having produced on the public mind, a deep and lasting impression of the folly and madness of a few individuals attempting to brave the current of public opinion by enforcing their own peculiar doctrines and policy, in opposition to the prejudices and often repeated sentiments of the great mass of society. That every man has a free and undoubted right, under our government and laws, to discuss any measure of policy, or express any opinion he may entertain, at all times and in all places, if, by so doing, he does not interfere with sound morals, and the peace and happiness of his neighbor, no one will deny. But, whenever he touches these rights, he oversteps the bounds of reason and justice, and true freedom of speech and action, and falls into licentiousness. It is not maintaining an "inalienable right" of his own, but infringing upon the rights of others. This is not liberty.

On the other hand, in no case have we a right to take the law into our own hands. It should always be left to the administration of the proper authorities. To their decision we should submit. But by saying this, we do not admit the right to arouse the passions and prejudices of the people by either publicly discussing sentiments which they abhor, or enforcing customs upon them, by precept or example, which they consider as detrimental to the well being of their domestic firesides. This it was with the Abolitionists of the city. They knew they were braving public opinion. They knew that the doctrines of Abolitionism and Amalgamationism, as taught by them, was universally detested by the community in which they were; and they must have been aware that they were enkindling a flame that neither law nor justice could control, if they persisted in promulgating their doctrines. But notwithstanding they did persist, and the consequences that followed, are, in fact, of their own seeking. We do not justify the people in the city in the course they pursued to put down these fanatics; they ought and should be punished; but at the same time, we do think that the principal leaders of the Abolition gang, who were the first aggressors; should receive their reward from an equal hand of justice.

Federalists of '98 and Whigs of '38 the same.—The Whig Legislature of Connecticut has elected General Kimberly, of New Haven U. S. Senator, in the place of the Hon. John M. Niles, whose term of service expires on the 4th of March next. Gen. Kimberly is endorsed by the whigs throughout the country as being "sound and unchanging in his whig principles." This is true. Gen. Kimberly was a Federalist of the John Adams' school, and still glories in the principles of that party; he must of course be a "sound and unchanging" whig, one in whom that party can have the utmost confidence. He will be a good acquisition to the Federal corps in the Senate; for a man, who, for forty years has steadily maintained the principles of that party, will not be likely to abandon them now.

The Governor has issued his proclamation offering a reward of \$500, and the Mayor of the city of Philadelphia, \$2000, each, for the apprehension and conviction of the participators in the burning of the Pennsylvania Hall.

The West Branch Bank, at Williamsport, has commenced operations. Many of the notes are already in circulation. John Cowett, Esq. President, T. Coryell, Cashier.

A barn in Kingston, Luzerne county, belonging to Capt. A. P. Winchell, was destroyed by fire a few days since. Fire supposed to have originated from a lighted cigar being carried into the barn.—Loss estimated at \$200 besides the building.

We once knew a loafer who was guilty of all manner of tricks to obtain a living without work, accuse an honest neighbor of being the cause of his degradation. Why not says the neighbor. You have exposed my character. Thus it is with the Federal party. The Democratic party, by exposing the selfishness of their political career, have thrown them out of power, and the course they have pursued to regain it, has rendered them still more obnoxious. And like the loafer, they would like to cast the odium of their guilt upon the shoulders of those who have heretofore exposed their conduct, and now prevent them from usurping the rights of the people.

An Irishman by the name of John O'Neal, of Kingston, was committed to jail in Wilkesbarre, Luzerne county, a few days since, for attempting to kill his wife in a drunken frolic.

ITEMS.

Melancholy.—A little daughter of Mr. Barnes, of Norfolk, was bitten by a favorite spaniel about five weeks since, and the wound healing over no further notice was taken of it; but at the beginning of last week the child was seized with hydrophobia in its most horrid form, which terminated in its death in a few hours.

The New York Gazette says—"Frank Johnson, the celebrated colored musician, arrived with his band from London in the Philadelphia. The visitors of Saratoga, to whom Frank is favorably known, will be glad to hear that he takes his old station at the springs this summer, prepared to greet them with London's latest, and in improved style."

Imposing Spectacle.—The Lowell Advertiser states that a concourse of people, probably four thousand in number, assembled upon the banks of the Concord river on Sunday afternoon, to witness the administration of baptism by the Methodists to about sixty persons.

Murder.—A mulatto, named Miller, was murdered on Saturday, at Duncan's Island, in the Susquehanna, it is believed, by the keeper of a public house there, named Silhammer, who had accused him of robbing his bar of some change. Silhammer was seen near him, and Miller was observed to fall, having been stabbed in the breast. The supposed murderer is in Perry county jail.

The Jails in Texas are said to be secured by doors of linden plank, with a hasp and staple, fastened with a boiled carrot.

The Liverpool merchants have formed a company with a capital of £500,000, of 20,000 shares of £25 each. Four steam ships are to be built, of 1000 tons each, which are to keep up the communication between the two countries every fortnight.

Upwards of thirty thousand pounds of maple sugar have been manufactured in Sandwich, New Hampshire, the present year, besides large quantities in Lisbon, Franconia and the neighboring towns. The manufacture is far beyond the consumption in those towns.

A man in New Jersey ate a shad raw on a wager of five dollars. He must have a scaly stomach.

A Mr. Lusk, of Columbus, Ohio, has invented a self propelling machine, which, when placed in the water, will go up stream or down as fast as a steamboat.

The battle of Bunker Hill lasted four hours, steady popping. It began between two and three P. M. and continued till after six in the evening—a long time for one to stand up and be shot at.

Tremendous Hail Storm.—One of the New Orleans papers states, on the authority of a gentleman from Alexandria, on the Red River, that a shower of hail stones recently fell there, which on an average were as big as hen's eggs. Woe be to those who were walking in straw hats.

The Girard Bank has subscribed for one hundred thousand dollars of the temporary loan of the state, authorized by the Act of Assembly of the 14th April last, at an interest of 4 per cent per annum.

Prompt.—Mr. Frederick Sanders has just been tried at Cleveland, for grand larceny, and sent to the penitentiary for six years. Sanders committed the offence on Friday night—on Saturday was arrested and an indictment found against him by the grand jury—on Monday he was tried and convicted, and on Tuesday sentenced.

The Prince de Joinville, son of Louis Philippe, King of the French, attended by several French officers, arrived in this city yesterday. We regret to learn that the Prince's stay will be very short, his time being limited on account of the necessity of his early return to Europe. He has taken lodgings at Brown's Hotel.—Globe.

Gen. Hunt, the Texan Minister, left this city for Texas on Wednesday last. This gentleman made a very favorable impression on all who formed his acquaintance during his residence here. It is not expected that he will immediately return to resume his functions near this Government. Fairfax Cutler, esq. has been left Charge'd Affaires ad interim.—Ibid.

Negro Suffrage.—The House of Representatives of Connecticut, by a vote of 165 to 33, have refused to recommend the expunging of the word "white" in that clause of the constitution which specifies who shall be entitled to vote.

Quite Unparalleled.—A man recently died in the neighborhood of Cornwall, U. C., by the name of John Tio, being one hundred years of age; leaving seventeen children, one hundred and eight grand children, and seventy-seven great grand children. He and was engaged against General Wolf at the battle of Quebec.

Distressing Accident.—on Saturday last, while a number of persons were engaged in raising the steeple of a new Church in Madison on nearing the completion, some of the timbers or supports gave way, and the structure fell to the ground, by which a Mr. Pierce and a Mr. Smith were instantly killed. we could not learn their baptismal names, but one of them belonged to Waterbury, the other to Madison.

Haven Herald.

From the N. Y. Journal of Commerce.

The following extract of a letter from Florida would make it appear probable that the war is again about to be ended.

TAMPA BAY, April 24. "Every thing is in commotion here. The Cherokee order arrived last night. Col. Smith has some 107 Indians. Col. Taylor 49 or 50, and captain Monroe has Alligator and most of his people at Pease Creek. The Indians appear to be inclined to emigrate; it is manifested by their coming in. There are about 260 Indians here, and it is thought about 400 more will shortly be in. This will diminish their force consequently in the field, so you perceive there is a prospect of the termination of the war."

P. S. A young Naval officer has just arrived here (Washington,) from Tampa Bay, which he left on the 4th inst. just previous to leaving, an express arrived from Gen. Taylor at Fort Gardner, stating that 400 Seminoles, men, women, and children had come in and surrendered to him. They belonged to the bands of Alligator and Cochochoe. My informant thinks there are not more than 250 warriors out;—but they are of the most determined character.

Some three or four express riders have been recently killed,—one at Fort Armstrong, one at Fort King, and one near Fort Gardner.

A few days since, some 12 or 14 Indians attacked about the same number of soldiers belonging to the garrison at Micanomy, while bathing in a pond and killed three, and severely wounded one.

A horrible affair occurred in New York a few days since. A woman named Sarah Kerrin, perished under the following circumstances:

"It appeared that Kerrin and his family, consisting of a wife and two children, a few days since moved into town from Harleam, and located in apartments in a house on 3d avenue, a couple of doors above 7th street. The testimony of several who knew them is somewhat at variance, some attributing to the husband, and some to the wife, habitual drunkenness; but they agree in one thing, to wit, that the husband was grossly drunk on Saturday evening, and the wife was not sober. Between 9 and 10 o'clock on that evening a woman reading in the house passed through the entry, where she found Kerrin seated with his two children; and when she passed the door of their room, which was ajar, she perceived that the room was unusually light, and filled with smoke. She asked Kerrin what was the cause to which he answered, "oh nothing, only my wife is burning!" The woman entered the room and found the wretched wife lying on the floor, her clothes nearly burned off of her, and her body in a dreadful condition from the effects of the fire. She instantly alarmed the neighborhood, and the miserable woman was soon relieved of her smouldering garments; and the fire, which had communicated to the door and a trunk, was put out. During all this time her unnatural husband did not move a finger to assist, but appeared wholly indifferent to what was transpiring.

"The deceased, though most horribly burned about the chest, breast, shoulders and arms, was not wholly insensible after being relieved from the horrible situation in which she was found, and she at that time stated that her husband had set her clothing on fire by throwing a lighted candle in her lap."

Life on Wheels.—The Messrs Lyons, Coach Makers of this city, are building a small moveable village for the Utica and Syracuse Railroad. This company have now on their road two steam engines which drive the piles upon which the road is built and saw them off at the proper level, the rails are then laid, and the road completed as they go along.

The 'village,' consisting of a number of neat looking cottages, is to be placed on the road in the rear of the pile-drivers, for dwelling houses for the mechanics and laborers on the road. Improvements will never stop; and we shall yet see the time when one may take a tea-kettle in his hand, put a few chips in his pocket, get astride of a broomstick, and go where he pleases.

Utica Democrat.

Severe Sentence.—The Wilmington (Del) Gazette says—"The trial of John Kennedy, who was arrested a few weeks ago in this city on a charge of robbing Mr. Thomas Vandever, while on his way to market, was closed on Wednesday last when the jury returned a verdict of guilty. He was yesterday sentenced to pay the state a fine of five hundred dollars, to stand on the pillory for the space of one hour, shall be publicly whipped with thirty-nine lashes on the bare back well laid on, imprisoned for a term of two years, and upon expiration of such imprisonment, to be disposed of as a servant to the highest and best bidder or bidders for the term of ten years."

The soldiers are sent to watch the Canadians, but who are to watch the soldiers? They are uncertain people it seems from the following:

Desertion of a whole company.—The "Queen's Own," a company stationed at New Market, Upper Canada, safely arrived in our harbor last night, heartily sick of the Queen's service. They had to travel a good many miles through the woods before they could get an opportunity to cross the Lake, during which time they sold their guns to good Radicals to obtain provisions.—Rochester Democrat.

Harrisburg and Lancaster Rail-road. The tunnel on this road is now nearly finished and they will in a few days be able to pass through, thus completing the communication from this place to Philadelphia. This will lessen the time of traveling and especially, in stormy weather render it more pleasant, as the passengers have for some time been obliged to walk over the tunnel. Great credit is due to the managers of this road and to the enterprising contractor Mr. William Cameron for the manner in which this tunnel has been executed.—It is one of the finest specimens of workmanship of the kind we believe in the union.—Keystone.

A Hard Place.—Mr. James Black, being interrogated upon his oath, before Allegany county court how long a man could live in Old-town, in that county, without fighting? answered—"The Angel Gabriel himself could not help fighting if he were to live there."

A Decided Move.—It is stated in the Cincinnati Gazette, that near two hundred voters Harden county, Ky., have published a pledge that they will vote for no candidate who treats at elections, or suffers others to do it for him, directly or indirectly. A little more of such nerve would make election treats unfashionable. Good.

HYMENIAL.

MARRIED—On Tuesday evening the 29th ult. by the Rev. J. B. Patterson, Mr. ENOCH WOLVERTON, of Rush, Northumberland County, to Miss NANCY, daughter of Mr. James M'Ninch, of Derry, Columbia county.

On last Sunday, by the Rev. D. S. Tobias, Mr. JEREMIAH MERTZ, to Miss MARY BETZ, all of Seidletown, this County.

"Aye—this is love, the steadfast and the true!" On Thursday, 19th ult. by the Rev. Joel Anderson, Mr. ROBERT PARKS, of Indiana, to Miss CELIA DILL, of Williams county.

Twenty five years ago, Mr. P. courted the lady whom he has now married and was accepted by her. Parental interference broke off the match, and prevented their union at that time. Twelve years afterwards he saw her and renewed the engagement. Circumstances prevented their meeting until very recently, but true to their engagement neither party ever married—until last night, when was consummated in happiness, the early pledge of their youthful hearts. We give them our best wishes for a pleasant prosperous pilgrimage through life.—Franklin Repository.

OBITUARY.

DIED—In Liberty township, in this county, on the 28th of April last, MICHAEL DEARMOND, a Soldier of the Revolutionary war, aged one hundred and five years.

BRICK! BRICK! OF a good quality, by 10-100-1000- or 1000—fresh burnt, and laying near the Canal—For sale by HENRY WELLS.

WONDERFUL CURES

Have been performed in this city, and throughout the country.

DR. LEIDY'S MEDICATED SARSAPARILLA.

BEING a concentrated fluid extract of Sarsaparilla, combined with other vegetable extracts, which renders it as a medicine of great utility in the cure of all diseases arising from the impurities of the blood from indiscretions and imprudences in life, and constitutional diseases formed or produced by the injudicious use of mercury, arsenic, bark, or quinine. In short, it is an invaluable remedy for all Rheumatic Affections, General Debility, Ulcerous Sores, White Swellings, Diseases of the Liver and Skin, Ulcerated sore throat, Ulcers of the Nose, Caries of the diseases of the Bones, Scrofula or King's Evil, Erysipelas or St. Anthony's Fire, and all unpleasant and dangerous affections consequent to Syphilis, Lucas Venereal, &c.

So effectual has this medicine been in the cure of various diseases for which it is recommended, that it is far surpassing all other preparations of Sarsaparilla, Panama &c.

It is now employed by numerous physicians and has been introduced by them into many hospitals, infirmaries, &c. throughout the United States.

It is a preparation of greater strength (consequently of greater efficacy) than any other extract now made, is also much cheaper, being but one dollar per bottle; which is sufficient to make one Gallon of Syrup of Sarsaparilla, and is bought by different druggists for that purpose.

Numerous certificates have been received and published from time to time, but in consequence of the great expense attending newspaper publication of them, the most incredulous can be convinced of the superior efficacy of Dr. Leidy's medicated Sarsaparilla, by calling at "Leidy's Health Emporium," No. 101, North second street, below Vine, sign of the Golden Eagle and Serpents, where certificates and references can be given to hundreds of instances of the most remarkable cures ever performed by any medicine.

Prepared only and sold Wholesale and Retail at Dr. Leidy's Health Emporium, 2d street, below Vine, No. 101.

ALSO SOLD BY D. S. TOBIAS. Bloomsburg, June 2, 1838.

The Victory Won.

AFTER long, tedious, and expensive experiment, Dr. Leidy has discovered a method whereby the virtue of the Sarsaparilla is extracted, so as to be formed into Pills without destroying its efficacy. Innumerable attempts have been made to accomplish this important object, but all failed. It is important, because the Sarsaparilla, as a medicine, in all diseases to which mankind is subject is productive of more real good, than the whole catalogue of medicine in use.

Ask all respectable physicians the question—"What is the most effectual purifier of the blood, and the most popular medicine used?" they will answer unanimously, Sarsaparilla. What better recommendation can be asked!

DR. LEIDY'S SARSAPARILLA OR BLOOD PILLS, Price, Twenty-five Cents a Box.

They must surely command a preference, for they are not composed of Sarsaparilla alone, but contain, in a concentrated state, in the form of a pill, the virtues of the principal ingredients contained in the compound fluid, extracts, syrups, and other preparations of Sarsaparilla.

They are highly recommended by numerous physicians, and others, (see directions around each bottle) in

- Rheumatic Affections,
- Schrofula Erysipelas,
- Jaundice, Heartburn
- Diseases of the Liver, skin bones and glands,
- Pain of the sides, along the back and spine over the region of the heart and stomach.
- Inward fevers, bad taste in the mouth, foul breath
- Flatulency, Indigestion.
- Sour eructations and acidities of the stomach.
- Want of appetite.
- Ulcerous sores of the nose throat and body.
- Scaly Eruptions and blotches of the skin.
- Dry and watery pimples and pustules of the face and body.
- Tetter and ringworms.
- Swellings and hardening of the glands of the neck, in the groins, breast, &c.
- Stomach Coughs, Liver complaint.
- Waterbrash.

and all the whole train of diseases resulting from impurity of the blood, constitutional diseases produced by Mercury, or other minerals, or the consequence of Syphilis, Lucas Venereal, &c.

For convenience of taking, as well as making but small bulk, being in flat square boxes, convenient for carrying in the pocket or for travelling purposes, they must be preferable to all other preparations of Sarsaparilla.

For sale, Wholesale and Retail at Dr. Leidy's Health Emporium, 2nd near Vine street, Philadelphia, For sale by D. S. TOBIAS.

TO DELINQUENTS.

THE Books and Accounts of John S. Ingram have been placed in my hands for collection. All persons indebted to him for subscriptions to the "Columbia Democrat," or for Advertising and Jobs, are requested to make payment to the undersigned before the first of July next, as after that date, I am instructed to institute legal proceedings for the collection of the same.

CHARLES KAHLER. Bloomsburg, May 26, 1838.
