

the people by force of military power, with that of old John Adams.

Resolved—That the just dignified, and statesmanlike reply of President Van Buren, to the call of Governor Ritner upon him for a portion of the "standing army" of the nation, to overawe the democratic members of the legislature and compel them to submit to the will of his dictators, is such a paper as we might expect from a democratic President, acting upon democratic principles, and will endear him still more to his countrymen, and insure him a triumphant majority in this state at the next presidential election.

Resolved—That the conduct of the democratic members of both branches of the legislature in firmly maintaining the rights of the majority until they were fairly and fully recognised by the minority, has proven them worthy of the trust reposed in them, and the representative from this county, in particular, deserves and receives our unequalled approbation for his firm, fearless patriotic course, during the whole of this fearful struggle against the mounted and military power combined.

Resolved—That the three whig members of the house, Messrs. Butler, Sturdevant and Montelius, and the six whig members of the Senate, Messrs. Fullerton, Strohm, Miller, McConkey, Michler and Case, well deserve the thanks of the citizens of the state for the highminded and patriotic stand which they took in arresting the course of their whig brethren, in their wicked machinations against the rights of the people, and boldly rescuing the laws and the constitution, from their destructive grasp—the highest reward that an honest man can covet awaits them—an approving conscience and an enduring abiding place in the hearts of their countrymen.

Resolved—That we owe our thanks to the Hon. David Petrikin, our representative in Congress, for his honorable and triumphant defence, on the floor of the house, of his democratic brethren of this state, against the violent and abusive attacks made upon them by that particular favorite of the whigs, the Hon. Mr. Naylor, of Philadelphia county.

Resolved—That the last act of Governor Ritner, and his faction, by their attempt to arrest and pervert the undoubted meaning of the new constitution, and against the expressed wishes of a large majority of the people, in continuing in office, with new commissions, his minority minions, is another evidence of the recklessness of his intentions, and that of his party, to set at defiance the voice of the majority, and to retain office and power, even at the expense of law, justice or right.

Resolved—That it is with pain that we have seen the chief justice of our state, the Hon. John B. Gibson, prostitute the dignity of his station, and set at defiance, the expressed will of the people, by conniving with the imbecile Governor Ritner, to prolong his term of service the pitiful time of six years, when in all human probability, he will not live out the term given him by the new constitution, much less the additional term added by this mean and degrading transaction.

Resolved—That viewing this act of his as any thing but worthy of the Chief Justice of a free people, we request, in the language of our democratic brethren of Lycoming county, "our Senator from this county, and our Representatives from this county, forthwith to offer a resolution calling upon their respective houses to have the said John B. Gibson removed by address from the exalted station which he now holds on the bench of the Supreme Court."

Resolved—That our democratic members of the Senate and House of Representatives, be requested annually to offer the foregoing resolution until we have a democratic Legislature that will fulfill and carry it into effect.

Resolved—That as different portions of the State have brought forward the names of some of their most distinguished citizens as candidates for the office of United States Senator, we would mention the name of our Representative in Congress, the Hon. David Petrikin, as a gentleman every way qualified to do honor to himself and to the State, should the legislature bestow upon him that high and important station.

Resolved—That we cannot but look upon it as unjust in the extreme for a small portion of the southern part of the county of Columbia, to arrogate to themselves the right of claiming all the offices, within the control of the executive of the State, especially inasmuch as they now have all the principal offices within the gift of the peo-

ple of the county—and that if due regard be paid to the interest of the party, the offices will be distributed in different sections of the county by those who have the power of dispensing such favors.

Resolved—That the proceedings of the meeting be signed by the officers, and published in all the Democratic papers of the county, and the Keystone and Reporter at Harrisburg.

A PROPOSED NEW COUNTY.

A meeting of a number of the citizens of the South-Western part of the county of Luzerne and others of adjacent Counties, was held at the house of John Koons, Esq. in the village of Columbus, on Saturday the 29th of Dec. 1837, to consider the propriety of partitioning the Legislature for the erection of a new County, to be taken from a part of the Counties of Luzerne, Columbia and Lycoming.

On motion, Nathaniel Goss, was called to the Chair and A. M. Fellows, and Rufus Bacon, appointed Secretaries.

The meeting being organized, the President in a very able and lucid manner stated the objects for which it was called.

When on motion James N. Parks, John Koons, Solomon Taylor, John Brittain and Titus Sewart, were appointed a committee to report what order this meeting shall take upon the subject.

The above Committee, Report: That they recommend this meeting to appoint a committee of Twenty to meet on Friday evening next at the house of John Koons, Esq. and report in relation to the boundaries of the proposed new county.

Also. That a committee of eight be appointed to draft an address to the people upon the subject of a new county.—And—Also. That a committee of five be appointed to draft and circulate a petition for the proposed new county.

The foregoing report having been certified the following Committees were appointed in pursuance of the same.

NATHANIEL GOSS.—Pres't

PHILADELPHIA COUNTY SENATORS.

We publish below the report of the committee appointed to try the contested election of James Hanna, one of the spurious Senators from the county of Philadelphia.

The Committee to whom was referred the petition of citizens of the county of Philadelphia, contesting the validity of the return and election of James Hanna to a seat in the Senate of Pennsylvania, Report:—That they have had the subject under consideration, from day to day, since the day of appointment and have given the fullest opportunity to all parties for a fair and full investigation, and after examining the necessary papers and ballot boxes, and after having heard all the evidence of the parties, are fully satisfied that the return under which Jas. Hanna took his seat is valid, inasmuch as it contains but seven out of the seventeen Election Districts of the county of Philadelphia, and was signed but by six of the seventeen return Judges of said county; and they are furthermore satisfied that Charles Brown received at the last General Election the highest number of legal votes for Senator for said county, viz: six hundred and seventy-seven votes more than the said James Hanna. The Committee therefore report that the return on which James Hanna took his seat was invalid, and that the said Charles Brown having received the highest number of legal votes given at the late General Election for Senator for the said county of Philadelphia, is entitled to his seat.

CHARLES FRAILEY,
SAMUEL HAYS,
JOHN MILLER,
E. KINGSBURY,
DAVID FULLERTON,

Mr. Brown was sworn in on Friday morning, and it will be seen the committee have declared him elected by 6 77 majority.—Mr. Wagner, who occupied the seat which rightfully belonged to Mr. Samuel Stevenson, resigned on Wednesday last. Mr. Stevenson, we have no doubt, will be in his seat in the course of a few days after the meeting of the Legislature.

A whale was taken off East Hampton, L. I. on Thursday, and will yield 30 bbls. oil.

Gen. Scott has fixed on Buffalo for his head quarters.

Joseph Cardinal and Joseph Duquette, were executed as ringleaders at Montreal, on the 21st inst.

Col. Geo. W. Case has been acquitted, at Detroit, of a charge of conspiracy against Upper Canada.

Iowa Territory in Confusion.—Strife has arisen between Gov. Lucas and the Iowa Territorial legislature on a question of power. The Governor insists that all laws and resolutions must be approved by him before they are of any force. The legislative body contests this disposition. Both parties spin up—and all public business is delayed in consequence.

Removal.—The collector of the port of Philadelphia, ex-Governor Wolf, has removed from office, James H. Hutchinson, one of the Inspectors at the Custom house, in that city, for participation in the doings at Harrisburg.

DR. LEIDY'S MEDICATED EXTRACT

OF SARSAPARILLA, having become so deservedly popular, on account of its superior strength to any other preparation of Sarsaparilla in existence, it is thought unnecessary to make much comment upon its virtues. Suffice it to say, one bottle of the above contains twice as much of the active principles of Sarsaparilla and other ingredients, as any extract in existence, in the same quantity, and is equal to one gallon of Syrup of Sarsaparilla, for making which druggists and others purchase the above preparation. Price one dollar per bottle.

It is recommended in all diseases of the skin and Bones; affections of the Liver, Stomach, Spleen and Kidneys; Eruptions, breaking out of Dry and Watery Pimples on the face, neck and body; ulcerations of the nose, mouth and throat; running at the Ears and Eyes; Erysipelas, Scrofula, rheumatic pains, swelling or hardening of the Glands, constitutional diseases produced by the use of mercury or other minerals. In short, Sarsaparilla is known to the world, as being the most powerful agent ever discovered for purifying the blood and Animals Fluids, consequently the most valuable specific for all diseases, resulting from impurities of the Blood, and other fluids of the body.

Caution.—Persons should be particularly careful in getting a preparation that may be relied upon; there being many in existence, not properly prepared, unfit for use, and almost inert; possessed of no medicinal qualities whatever.

Dr. N. B. Leidy candidly declares his preparation to be what it is represented to be, and is prepared by himself, a regular Druggist and Apothecary, and is besides a regular Physician, attested by Drs. Physic, Chapman, Hare, Cox, Dewees, Jackson, James, Horner, Gibson, &c. (See directions and recommendations around each bottle.)

Upwards of 3000 bottles of the above have been sold, during the past six months, a strong proof of its good qualities, &c. For sale in this city at:
Dr. Leidy's Health Emporium, 2d street, below Vine, No. 191.
