

PROSPECTUS OF THE KEYSTONE.

THE democratic party of Pennsylvania has just passed through a fiery conflict, and come out not only unscathed, but completely victorious—another proof of the purity and stability of their principles. Notwithstanding their triumph they cannot for any length of time, repose in the lap of victory, for their foes are most insidious, and ever watchful, and although routed, will again rally under some new name, to oppose the principles of democracy, enemy to which, being the only bond that can even for a moment, hold them together.—We must therefore remember, that the price of freedom is unceasing vigilance.

In spite of the rank corruption, and of frauds innumerable, we have elected a democratic Governor, and a majority in the houses of representatives, sufficiently large, to give us the control in joint ballot, and secure to Pennsylvania a democratic representative in the United States Senate.

The fraudulent elections, which will probably be contested; the unheard of malpractices on the public works, which require a searching examination; the objection by the people of the amendments to our state constitution, which will require important legislative enactments, to meet the changes thus made in the fundamental law—together with the concurrent action of the senate with the Governor, in many of his important appointments, will all render the coming session of the legislature perhaps the most important ever held in Pennsylvania, and cause their proceedings to be unusually interesting to every man in the community.

The editors of the Keystone, intend to give increased attention to the proceedings of this session, and note every movement of interest to the public. They will have competent reporters in both houses of our legislature, as well as at Washington city, thus enabling them to give as full reports of all important legislative proceedings as their columns will admit.

The Keystone is the largest paper published in Harrisburg, and being printed on small type, regularly gives in its columns nearly one third more reading matter than any other political paper in the state. This we have been enabled to do from the very great encouragement we have received from a generous public. Thankful for these favors, the editors hereafter will spare no pains or expense to render their paper interesting and valuable to the public, and serviceable to the great and triumphant cause of Democracy and Freedom.

TERMS.

For the Keystone yearly, twice a week during the session of the Legislature, and once a week for the remainder of the year, \$3 00
During the session of the Legislature only, twice a week, \$2 00
For six months, not including any part of the session of the Legislature, \$1 00
TO CLUBS OR COMPANIES.—Six papers sent in one packet and to one direction, for the price of five as above; or fifteen papers sent as above for the price of 12; or 36 papers sent as above for the price of 20.
All Postmasters, and other democratic citizens, are requested to receive and forward subscriptions to us. PACKER, BARRETT & PARKER, Harrisburg, October 25, 1835.

TO THE PUBLIC.

THROUGH a lingering and irremediable disease, my health at length became so impaired, that I became unable to attend to all the requirements of my official duties.—By persuasion of my numerous friends, I consented at last to keep an apothecary, thinking it would be the most becoming, easiest for me to engage in at the present time; and since (or while) I have established a shop, I would humbly solicit the support of my friends and the public in general, on account of my great sickness. And especially, would I request the merchants of this place, to give me all possible chance of selling those articles belonging to my line of business, for which they may receive my sincere thanks. A few articles only which are to be found in my Health Emporium are advertised. There will be kept a constant supply of such articles as may be called for; but in per chance, a call should be made for such as I am not in possession of immediate preparation will be made in order to obtain them.

Further, do I earnestly invite Physicians of this place and its vicinity, to give me a call, as I intend to sell very reasonable.

There will be kept constantly on hand, all kinds of Medicines, Patent and others, warranted to be genuine. All kinds of Paints, Glass, Dye-stuff, &c. &c. Also a variety of Confectionaries, Raisins, Nuts, Herring, Sugar and Water Crackers, Oranges, Lemons, Figs, Prunes, Perfumery, &c. &c. All articles in the Health Emporium, I intend to sell cheaper than they can be bought at any other place in the county. Your Friend and well wisher,
D. S. TOBIAS,

PREMONITORY HINTS, AND IMPORTANT INFORMATION.

READER, did you ever see a confirmed Dyspeptic, and learn his sufferings! If not, suffice it to say, he is a pale, thin and ghastly looking object, his life apparently hanging by a thread; he is miserable and unhappy, his sufferings indescribable.

Are you much troubled with flatulency, costiveness, sour eructations arising from your stomach, occasional want of appetite, waterbrash, a bad taste in your mouth, or foul breath, pain or a heaviness at your stomach, sickness after eating, headache, disgust at your once favorite food, &c. If you are much troubled with any of the foregoing symptoms, bring before you the picture of the Dyspeptic, and having resolved to remedy the consequences, immediately procure

The Pennsylvania Reporter AND STATE JOURNAL.
Is published at Harrisburg twice a week during the session of the Legislature, and once a week during the recess.

THE Reporter will continue to be (as it heretofore has been) an unyielding advocate of the principles of the Democratic party—a supporter of the great and vital questions of free government identified with the success of the Administration of the General Government—and an untiring opponent of the Federal aristocracy, which seeks, in the election of one of its favorites, to inflict upon the country the curse of a National Bank, to be governed in its operations by no other views than the advancement of the interests of a favored few at the expense of the interests, the rights, and the liberties of the many. Against such a party and such an engine of political evil, the Reporter will be found acting with the body of the people.

As the ensuing session of the Legislature will be one of more than ordinary interest to the people, the Editors of the Reporter have made arrangements which will enable them to give a more full and complete history of the proceedings in both houses than they have heretofore been enabled to do. Every exertion will be used to make the Reporter a medium through which the people shall receive a full record of the doings of their representatives.

For annum \$8 00
For the session 2 00
Any agent or other person forwarding \$10, or becoming responsible therefor, shall have six copies forwarded as may be directed, during the session of the Legislature.

Persons forwarding names of subscribers are requested to be particular in stating whether the subscriptions are to continue for the year or for the session.

Notice.

The Commissioners of Columbia County, have the pleasure to acknowledge the receipt of a very neat set of Meteorological Instruments, consisting of a Barometer, two Thermometers, a Self-Registering Thermometer, and a Rain Gauge; furnished to this county by the Committee on Meteorology of the Franklin Institute of Pennsylvania, out of the sum of four thousand dollars appropriated by the legislature at their session in 1837, and placed at the disposal of the joint committee for the advancement of Meteorology of the American Philosophical Society and Franklin Institute, with a view of obtaining every information on the subject of climate that may be interesting, to the agriculturalist especially. Regular reports are requested to be made to the committee, and rolls furnished for that purpose, convenient to note all observations connected with the subject. They have been left for the present with Dr. Magill, to whose care they were directed for the use of the county.

The Victory Won.

AFTER long, tedious, and expensive experiment, Dr. Leidy has discovered a method whereby the virtue of the Sarsaparilla is extracted, so as to be formed into Pills without destroying its efficacy.

Innumerable attempts have been made to accomplish this important object, but all failed. It is important, because the Sarsaparilla, as a medicine, in all diseases to which mankind is subject is productive of more real good, than the whole catalogue of medicine in use.

Ask all respectable physicians the question,—“What is the most effectual purifier of the blood, and the most popular medicine used?” they will answer unanimously, Sarsaparilla. What better recommendation can be asked!

DR. LEIDY'S SARSAPARILLA OR BLOOD PILLS.

Price, Twenty-five Cents a Box.
They must surely command a preference, for they are not composed of Sarsaparilla alone, but contain, in a concentrated state, in the form of a pill, the virtues of the principal ingredients contained in the compound fluid, extracts, syrups, and other preparations of Sarsaparilla.

They are highly recommended by numerous physicians, and others, (see directions around each bottle) in

Rheumatic Affections, Scrofula Erysipelas, Jaundice, Heartburn, Diseases of the Liver, skin, bones and glands. Pains of the sides, along the back and spine over the region of the heart and stomach. Inward sores, bad taste in the mouth, foul breath Flatulency, Indigestion, Sour eructations and acidity of the stomach. Want of appetite. Ulcerations of the nose, throat and body. Scaly Eruptions and Itches of the skin. Dry and watery pimples and pustules of the face and body. Tetter and ringworms. Swellings and hardening of the glands of the neck, in the glands, breast, &c. Stomach Coughs, Liver complaint, Waterbrash.

and all the whole train of diseases resulting from impurity of the blood, constitutional diseases produced by Mercury, or other minerals, or the consequences of Syphilis, Lues Venerea, &c.

For convenience of taking, as well as making but small pills, being in flat square boxes, convenient for carrying in the pocket or for travelling purposes, they must be preferable to all other preparations of Sarsaparilla.

For sale, Wholesale and Retail at Dr. Leidy's Health Emporium, 2nd near Vine street, Philadelphia, For sale by **D. S. TOBIAS.**

DR. LEIDY'S MEDICATED EXTRACT OF SARSAPARILLA, having become so deservedly popular, on account of its superior strength to any other preparation of Sarsaparilla in existence, it is thought unnecessary to make much comment upon its virtues. Suffice it to say, one bottle of the above contains twice as much of the active principles of Sarsaparilla and other ingredients, as any extract in existence, in the same quantity, and is equal to one gallon of Syrup of Sarsaparilla, for making which druggists and others purchase the above preparation. Price one dollar per bottle.

It is recommended in all diseases of the skin and Bones; affections of the Liver, Stomach, Spleen and Kidneys; Eruptions, breaking out of Dry and Watery Pimples on the face, neck and body; ulcerations of the nose, mouth and throat; running at the Ears and Eyes; Erysipelas, Scrofula, rheumatic pains, swelling or hardening of the Glands, constitutional diseases produced by the use of mercury or other minerals. In short, Sarsaparilla is known to the world, as being the most powerful agent ever discovered for purifying the blood and Animal Fluids, consequently the most valuable specific for all diseases, resulting from impurities of the Blood, and other fluids of the body.

Caution.—Persons should be particularly careful in getting a preparation that may be relied upon; there being many in existence, not properly prepared, unfit for use, and almost inert; possessed of no medicinal qualities whatever.

Dr. N. B. Leidy candidly declares his preparation to be what it is represented to be, and is prepared by himself, a regular Druggist and Apothecary, and is besides a regular Physician, attended by Drs. Physic, Chapman, Hare, Cox, Dewees, Jackson, James, Horner, Gibson, &c. (See directions and recommendations around each bottle.)

Upwards of 3000 bottles of the above have been sold, during the past six months, a strong proof of its good qualities, &c. For sale in this city at
