

A NEW SERIES.
A Desirable Opportunity for New Subscribers.
THE FOURTH VOLUME OF THE
GENTLEMEN'S MAGAZINE,
AND
AMERICAN MONTHLY REVIEW.
Commenced on the first of Jan. 1830.
TERMS—\$2 per annum, payable in advance. Two large volumes of nearly one thousand pages are published every year.

THIS popular work is now printed with a new type cast expressly for the purpose, on fine thick paper, well stitched in a neat cover. Valuable Engravings are given in every other number. The Gentlemen's Magazine and American Monthly Review has attained a standing that ensures its continuance; and the commendatory notices of the most respectable portion of the press attest its merits and popularity. Each monthly number contains twenty-two extra sized Octavo pages, and presents more reading matter than a volume of a novel. It is published at little more than half the price of any other Magazine in the United States, yet contains as many ORIGINAL PAPERS as any other monthly publication.

WM. E. BURTON, Editor & Proprietor, Phila.
The Review Department of the Gentlemen's Magazine, which has elicited notices from all points of the literary circle, will continue to present a complete account of the popular literature of the day, with liberal extracts from rare and popular works. Translations from the lighter portions of the French, German, Spanish and Italian authors, occur in every number. Copious and Anecdotal Biographies of eminent men of the day, with engraved likenesses, will frequently ornament the pages of the Gentlemen's Magazine.

FIELD SPORTS AND MANLY PASTIMES.

Arrangements have been made with a writer of acknowledged ability to produce in the pages of *The Gentleman's Magazine*, a monthly series of articles, descriptive of all subjects connected with the various Manly Sports and Pastimes, embracing a fund of information not elsewhere attainable, and illustrated, in its course, by several hundred engravings on wood. Among others, the following subjects will be particularly exemplified.

The Horse and the Dog, in all their varieties, with every requisite information respecting Purchase, Breeding, Breaking, and Keeping.

The Art of Gunning, in all its branches, including Rifle and Pistol Shooting, with ample directions and valuable hints to young gunners.

The Natural History of American Game Birds.

Angling, with an account of American Fishes.

Boating and Sailing, with a full description of the various fancy crafts, and an interesting account of the principle Clubs.

Archery, with its Customs, &c. and a History of its Rise and Progress.

Swimming, Skating, Quoits, Cricket, Racket, Fives, and other Ball Games.

Forming, in the whole, a valuable Encyclopedia of useful and agreeable knowledge.

SALARATUS, Glauber Salts, Epsom salts, for sale at the
Cheap Health Emporium.

The Victory Won.

AFTER long, tedious, and expensive experiment, Dr. Leidy has discovered a method whereby the virtue of the Sarsaparilla is extracted, so as to be formed into Pills without destroying its efficacy.
Innumerable attempts have been made to accomplish this important object, but all failed. It is important, because the Sarsaparilla, as a medicine, in all diseases to which mankind is subject is productive of more real good, than the whole catalogue of medicine in use.
Ask all respectable physicians the question—'What is the most effectual purifier of the blood, and the most popular medicine used?' they will answer unanimously, Sarsaparilla. What better recommendation can be asked?

DR. LEIDY'S
SARSAPARILLA OR BLOOD PILLS.
Price, Twenty-five Cents a Box.

They must surely command a preference, for they are not composed of Sarsaparilla alone, but contain, in a concentrated state, in the form of a pill, the virtues of the principal ingredients contained in the compound fluid, extracts, syrups, and other preparations of Sarsaparilla.

They are highly recommended by numerous physicians, and others, (see directions around each bottle) in

Rheumatic Affections, Scrofula Erysipelas, Jaundice, Heartburn, Diseases of the Liver, skin bones and glands. Pain of the sides, along the back and spine over the region of the heart and stomach. Inward fevers, bad taste in the mouth, foul breath, Flatulency, Indigestion. Sour eructations and acidities of the stomach. Want of appetite. Clearness of the nose throat and body. Scaly Eruptions and blotches of the skin. Dry and watery pimples and pustules of the face and body. Tetters and ringworms. Swellings and hardening of the glands of the neck, in the groins, breast, &c. Stomach Coughs, Liver complaint. Waterbrash.

and all the whole train of diseases resulting from impurity of the blood, constitutional diseases produced by Mercury, or other minerals, or the consequence of Syphilis, Lues Venereal, &c.

For convenience of taking, as well as making but small bulk, being in flat square boxes, convenient for carrying in the pocket or for travelling purposes, they must be preferable to all other preparations of Sarsaparilla.

PREMONITORY HINTS, AND IMPORTANT INFORMATION.

READER, did you ever see a confirmed Dyspeptic, and learn his sufferings? If not, suffice it to say, he is a pale, thin and ghastly looking object, his life apparently hanging by a thread; he is miserable and unhappy, his sufferings indescribable.

Are you much troubled with flatulency, costiveness, sour eructations arising from your stomach, occasional want of appetite, waterbrash, a bad taste in your mouth, or foul breath, pain or a heaviness at your stomach, sickness after eating, headache, disgust at your once favorite food, &c. If you are much troubled with any of the foregoing symptoms, bring before you the picture of the Dyspeptic, and having resolved to remedy the consequences, immediately procure

Dr. Leidy's Tonic & Anti-Dyspeptic Cordial

A never failing and efficacious remedy for
DYSPEPSIA OR INDIGESTION,
And the whole train of affections resulting from diseases of the Liver, Stomach and Intestines.

The above medicine is warranted free from mercury or other mineral preparations; it is composed entirely of vegetables, safe and easy to take, being very pleasant to the taste. It may be safely administered to young and old, requiring but moderate restrictions in diet only.

Numerous testimonials have been from time to time published; its reputation is so well known, further comment upon its virtues is unnecessary, suffice it to say, IT HAS NEVER FAILED IN A SINGLE INSTANCE. Further recommendations accompany the directions around each bottle.

Price One Dollar per bottle.

TO THE PUBLIC.

THROUGH a lingering and irremediable disease, my health at length became so impaired, that I became unable to attend to all the requirements of my official duties. By persuasion of my numerous friends, I consented at last to keep an apothecary, thinking it would be the most becoming, easiest for me to engage in at the present time; and since (or while) I have established a shop, I would humbly solicit the support of my friends and the public in general, on account of my great sickness. And especially, would I request the merchants of this place, to give me all possible chance of selling those articles belonging to my line of business, for which they may receive my sincere thanks. A few articles only which are to be found in my Health Emporium are advertised. There will be kept a constant supply of such articles as may be called for; but in per chance, a call should be made for such as I am not in possession of immediate preparation will be made in order to obtain them.

Further, do I earnestly invite Physicians of this place and its vicinity, to give me a call, as I intend to sell very reasonable.

There will be kept constantly on hand, all kinds of Medicines, Patent and others, warranted to be genuine. All kinds of Paints, Glass, Dye-stuff, &c. &c. Also a variety of Confectionaries, Raisins, Nuts, Herring, Sugar and Water Crackers, Oranges, Lemons, Figs, Prunes, Perfumeries, &c. &c. All articles in the Health Emporium, I intend to sell cheaper than they can be bought at any other place in the county. Your Friend and well wisher,
D. S. TOBIAS.

J. HAWLEY'S Vegetable Anti-Bilious Pills.

These pills are found to be a most certain and effectual preventive of fever, jaundice bilious, and other choleric, and indeed, of all diseases caused by obstruction or affections of the stomach, liver spleen, or intestines. For liver and stomach complaints and all diseases connected therewith, such as hypochondria, hysteria, dyspepsia or indigestion, loss of appetite, headache, giddiness, and for fever and ague, these pills are a sure preventive. Also, for salt rheum. They cleanse the stomach, remove therefrom all vitiated bile, purify and refine the blood. Does a person feel a loss of appetite and a bad taste in the mouth, with a flatulency of the stomach, a few doses of these pills are sure to remove all such difficulties, speedily set matters to right. Heaviness, dull, sleepy and sluggish inaction, with or without a yellowness of complexion, these pills will surely and speedily remove all such ailments, and timely use of these pills may prevent the occurrence of any such formidable disease.

Also—Hawley's Vegetable Salve, known throughout the Union. This salve when used has a peculiar quality in reviving an action of the affected parts, by softening and opening the pores and creating perspiration, reducing fever &c. It dissolves, expels, and entirely prevents the blood from settling in the flesh of bruises, or wounds, of any description, and is a sure preventive of mortification, and may be made use of for cuts, sores, burns, rheumatism, pain in the back, throat, or side.

Regular reports are requested to be made to the committee, and rolls furnished for that purpose, convenient to note all observations connected with the subject. DR. LEIDY'S MEDICATED EXTRACT OF SARSAPARILLA, having become so deservedly popular, on account of its superior strength to any other preparation of Sarsaparilla in existence, it is thought unnecessary to make much comment upon its virtues. Suffice it to say, one bottle of the above contains twice as much of the active principles of Sarsaparilla and other ingredients, as any extract in existence, in the same quantity, and is equal to one gallon of Syrup of Sarsaparilla, for making which druggists and others purchase the above preparation. Price one dollar per bottle.

It is recommended in all diseases of the skin and Bones; affections of the Liver, Stomach, Spleen and Kidneys; Eruptions, breaking out of Dry and Watery Pimples on the face, neck and body; ulcerations of the nose, mouth and throat; running at the Ears and Eyes; Erysipelas Scrofula rheumatic pains, swellings or hardening of the Glands, constitutional diseases produced by the use of mercury or other minerals. In short, Sarsaparilla is known to the world, as being the most powerful agent ever discovered for purifying the blood and Animals Fluids, consequently the most valuable specific for all diseases, resulting from impurities of the blood, and other fluids of the body.

Caution.—Persons should be particularly careful in getting a preparation that may be relied upon, there being many in existence, not properly prepared, unfit for use, and almost inert; possessed of no medicinal qualities whatever.

Dr. N. B. Leidy candidly declares his preparation to be what it is represented to be, and is prepared by himself, a regular Druggist and Apothecary, and is besides a regular Physician, attested by Drs. Physic, Chapman, Hare, Cox, Dewees, Jackson, James, Homer, Gibson, &c. (See directions and recommendations around each bottle.)

Upwards of 3000 bottles of the above have been sold, during the past six months, a strong proof of its good qualities, &c. For sale in this city at Dr. Leidy's Health Emporium, 2d street, below Vine No. 191.

PROSPECTUS OF THE KEYSTONE

THE democratic party of Pennsylvania has passed through a fiery conflict, and come out not only unscathed, but completely victorious—a further proof of the purity and stability of its principles. Notwithstanding their triumph, they cannot for any length of time, repose in the lap of victory, for their foes are most insidious, and ever watchful, and although routed, will again rally under some new name, to oppose the principles of democracy, enmity to which, being the only bond that can even for a moment, hold them together. We must therefore remember, that the price of freedom is unceasing vigilance.

In spite of the rampant corruption, and of frauds innumerable, we have elected a democratic Governor, and a majority in the House of Representatives, sufficiently large, to give us the control of the ballot, and secure to Pennsylvania a democratic representative in the United States Senate.

The fraudulent elections, which will probably be contested; the unheard of malpractices on the public works, which require a searching examination; the adoption by the people of the amendments to our state constitution, which will require important legislative enactments, to meet the changes thus made in the fundamental law—together with the emergency of the session with the Governor, in many of his important appointments, will all render the coming session of the legislature perhaps the most important ever held in Pennsylvania, and cause their proceedings to be unusually interesting to every man in the community.

The editors of the Keystone, intend to give increased attention to the proceedings of this session, and note every movement of interest to the public. They will have competent reporters in both houses of our legislature, as well as at Washington city, thus enabling them to give as full reports of all important legislative proceedings as their columns will admit.

The Keystone is the largest paper published in Harrisburg, and being printed on small type, regularly gives in its columns nearly one thousand reading matter than any other political paper in the state. This we have been enabled to do from the very great encouragement we have received from a generous public. Thankful for these favors, the editors hereafter will spare no pains or expense to render their paper interesting and valuable to the public, and serviceable to the great and triumphant cause of Democracy and Freedom.

TERMS
For the Keystone yearly, twice a week during the session of the Legislature, and once a week for the remainder of the year, \$3 00
During the session of the Legislature only, twice a week, \$2 00
For six months, not including any part of the session of the Legislature, \$1 00
TO CLUBS OR COMPANIES.—Six papers sent in one packet and to one direction. In the price of five is above; or fifteen papers sent as above for the price of 12; or 40 papers sent as above for the price of 20.
